City of Flint NEIGHBORHOOD ACTION SESSIONS
Hosted By Mayor Dayne Walling

Ward Assets & Opportunities

Assets are people, places, programs or things that improve our quality of life and that make us proud. Our community is better off because they (assets) exist.
Example: XYZ Church provides after-school tutoring and activities for neighborhood youth.

An Opportunity is something that has the potential to *become* an asset if given a little TLC.
Example: The lot at the corner of ABC Blvd. and the Highway to Heaven is overgrown with weeds and littered with trash but it is a great location for a park.

Be Creative!!! We want to hear your fresh ideas.

Item (include location if applicable)	Asset or Opportunity?	Please Describe. Identify what makes it an asset or opportunity.
