(Bid #12-108)

EFM SUBMISSION NO.: 2012EFM068

PRESENTED: 9/21/12

ADOPTED: 9/25/12

BY THE EMERGENCY FINANCIAL MANAGER:

RESOLUTION TO JWC ENVIRONMENTAL, LLC FOR TWO (2) BARSCREENS FOR THE
3RD AVENUE PUMPING STATION

BY THE EMERGENCY MANAGER

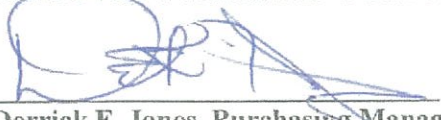

RESOLUTION

The Department of Purchases & Supplies has solicited bids for two (2) Barscreens for the 3rd Avenue Pumping Station as requested by the Utilities Department/Water Pollution Control Facilities; and

JWC Environmental, LLC, 290 Paularion Avenue, Costa Mesa, California was the lowest responsive bidder from eight solicitations for said requirements. The funding for this purchase will come from the following account number: 590-550.300-977.000; and

IT IS RESOLVED, that the Department of Purchases & Supplies, upon the Emergency Financial Manager's approval, is hereby authorized to issue a purchase order to JWC Environmental, LLC. for two (2) Barscreens for the 3rd Avenue Pumping Station in the amount not to exceed \$345,405.00. (Sewer Fund)

RESOLUTION STAFF REVIEW

September 17, 2012

Agenda Item Title: Barscreen equipment for Third Avenue Pumping Station

Prepared By: John Florshinger, SCADA Supervisor

Background/Summary of Proposed Action:

On August 12, 2012 at 10:00 a.m. the Department of Purchases and Supplies held a pre-bid meeting in regard to the Third Avenue Pumping Station modifications. All potential bidders were invited to the pre-bid meeting, which included a detailed review of the scope of services, question and answer session, as well as a walk through of the affected work area. Three bids were received, but only two meet the specifications.

The Enviro-Care bid did not meet the specifications for the following reasons. Their compactor did not have a grinder and could not meet the required solids volume reduction. Their barscreen has no removable teeth on the buckets as required and they did not provide detailed information on how to tension the chains as requested. This equipment would not perform adequately for the intended purpose.

The Barscreen and compactor equipment is needed at the Third Ave pumping station to allow WPC to automate the station. The equipment is necessary to enable WPC to reliably monitor and control the barscreen from its Beecher Road location. Current equipment is old, obsolete, and does not perform adequately without manned operation. Cost savings will result by not having personnel on second and third shift.

Financial Implications:

Please issue a purchase order for the FY 2013 approved budget amount of \$345,405.00. Use account 590-550.300-977.000 when issuing this purchase order.

Budgeted Expenditure? Yes ☒ No ☐ Please explain if no:

Account No.: 590-550.300-977.000

Pre-encumbered? Yes ☒ No ☐ Requisition: 1201012

Other Implications (i.e., collective bargaining): None
