Re: Business License Renewal Application Approvals

Attached you will find the Business License renewal applications for the 2012-2013 license year. All of the renewal applications have gone through the proper city departments for clearance and approval according to the city ordinance.

Please be advised that these business licenses applications are renewed every year and must be approved in order for the business to be in compliance with the city ordinance.

In any event, I would appreciate if you would kindly approve these Business License renewal applications. I ask that once these applications are approved, that you would please return them to the City Clerk's Office so that the business licenses can be issued.

If you need additional information in the meantime, feel free to contact me.
