Agenda Item Title: Control Support Services

Prepared By: Robert J. Case, WPC Supervisor

Background/Summary of Proposed Action:

WPC relies on a digital control system to monitor and control its four (4) sewage sludge incinerators. Without adequate specialized software support and maintenance services, these plant processes could not be kept in service, and the plant would be unable to dispose of the solids. WPC would also not be able to maintain the continuous emissions monitoring and reporting as required by law.

Financial Implications:

Please issue a PO for the approved FY2013 budgeted amount of \$15,000.00. Use account number 590-550.202-930.000 (\$15,000.00) when issuing this PO.
