RESOLUTION STAFF REVIEW

February 21, 2014

Agenda Item Title: Water Plant – KWA/Flint River Raw Water Valving.

Background/Summary of Proposed Action:

The Flint Water Plant has requested to amend their operating permit to treat larger quantities of water for human consumption from the Flint River until the KWA water system is completed. The existing 72" transmission main that currently supplies drinking water to the City of Flint will become the raw water transmission main from the KWA. The connection from this main to the head works of the Water Plant's Ozone building will incorporate 4 new valves and the replacement of two older valves.

Theses new valves are critical components to this project; they are needed now so we can control flow from either KWA or the Flint River.

Financial Implications:

Please approve a Purchase Order with Jett Pump and Valve LLC. in the amount of \$40,115.00. The funds are available in the FY 2014 amended budget in account 591-545.300-977.000.

Budgeted Expenditure? Yes ☒ No **Please explain if no:**

Account No.: 591-545.300-977.000

Pre-encumbered? Yes No **Requisition: 140000169**

Other Implications (i.e., collective bargaining): None
