**RESOLUTION OBJECTING TO THE TRANSFER OF TAX REVERTED PROPERTY FROM
GENESEE COUNTY TO THE CITY OF FLINT**

BY THE MAYOR:

Public Act 123 of 1999 requires that any tax reverted parcels not sold at the mandatory yearly auctions automatically revert back to the local unit of government in which the property is located unless written objection is received by the Foreclosing Governmental Unit (Genesee County); and

Public Act 123 requires the Treasurer of Genesee County to give a list to the Clerk of the City of Flint which shall contain all the property in the City on which the Treasurer has foreclosed that has not been sold prior to December 1 of the year in which it is foreclosed upon; and

The City of Flint does not wish to obtain from the Treasurer of Genesee County any property upon which the Treasurer may foreclose because the cost of maintaining such property will exceed any benefit that will be obtained.

IT IS RESOLVED, that the City of Flint wishes to exercise its option under Public Act 123 to object to the transfer of any property foreclosed upon by the Treasurer of Genesee County but not sold.

RESOLUTION STAFF REVIEW

DATE: 11/07/18

Agenda Item Title: Resolution objecting to the transfer of tax reverted property from Genesee County to the City of Flint.

Prepared By: Mary Jarvis

Background/Summary of Proposed Action: The City Treasurer has received the annual list of tax reverted properties from the County Treasurer. If action is not taken to reject these properties, they will automatically revert back to the City.

The City has traditionally reviewed the property list and objected to the transfer back to the City, in which case the County as the Foreclosing Governmental Unit retains ownership.

Financial Implications: Significant, if resolution is not approved.

Dear Members of City Council,

As you will hopefully recall, last year, the Council voted to retain seven (7) properties as opposed to objecting to allow the transfer of all tax reverted properties to the City of Flint.

This year, the Administration is again recommending to object the transfer of all houses to the City of Flint. In fairness, I know that the Council will want to review the addresses to confirm their desire to support the recommendation.

I would like for Council members to review the addresses in advance of the meeting. I would like for us to avoid the issues seen last year and make sure we have ample time to reach some consensus during deliberations in committee meetings and on the floor.

Let me know if you have any questions.

Janell/Davina, please a) print this email and the resolution and deliver to the boxes of each council member and b) call Councilman Mays and alert him the resolution with addresses is in his box.

(Note: the attached is not the version fully signed by administration, but you will have that version in your packets. I wanted to get this to you in advance).

Genesee County Treasurer
SUBJECT: Tax Reverted Property Disposition

MCL 211.78 m(6) provides that a list of properties in your unit not previously sold by the foreclosing governmental unit (Genesee County) at the mandatory yearly auctions shall be provided to the clerk of the city, village or township in which the property is located. This list is attached. The law also allows that your unit (city, village or township) may object in writing to the transfer of one or more of the properties set forth on this list. **On or before December 30, all property on this list shall be transferred (revert back) to your unit (city, village or township) unless written objection is made by your unit (city, village or township).**

If your unit wishes to obtain these properties, then you do not have to do anything as the reversion is automatic. However, as a courtesy, we are requesting an email be sent to Carla Vandefifer at cvandefifer@co.genesee.mi.us stating your unit will be accepting the properties.

If you wish to object to the transfer of one or more properties, please obtain board authority in the form of 1) a specific resolution rejecting the listed property, or 2) a resolution directing an individual to write the objection with the same authority as the board. The written objection should be sent to the attention of Carla Vandefifer and received by the Genesee County Treasurer's Office by **December 17, 2018. If it will be difficult for you to meet this deadline, please contact Carla to discuss your options. Your cooperation in this matter is appreciated.**

If you have questions, please feel free to contact Carla at the email address noted above or at (810)257-2243.

Thank You

City of Flint

Policy: Anti-Bullying Policy	Original Date:
Issued by the City of Flint Legal Department and the Human Resources & Labor Relations Department	Revision Date:

Disclaimer: No statements in this policy are intended or set forth as contractual commitments or obligations of the City to any individual employee or group of employees or to establish an exception to the employment-at-will doctrine beyond that specified in contracts or pertinent collective bargaining agreements. If there are differences between the various collective bargaining agreements and this policy, the pertinent collective bargaining agreement takes precedence.

INTRODUCTION

The following is the City of Flint's policy prohibiting bullying of City public servants¹, employees or job applicants. The Complaint/Report Procedure described in this policy should be utilized to report bullying. The City will take appropriate action to prevent bullying and will protect the rights of public servants and employees who file complaints.

PURPOSE

The City of Flint ("City") considers workplace bullying unacceptable and will not tolerate it under any circumstances. This policy shall apply to all public servants, employees, contractors, interns, externs, and volunteers. Any employee found in violation of this policy will be disciplined, up to and including discharge.

A. Work Place Bullying Defined

The City defines bullying as persistent, malicious, unwelcome, severe and pervasive mistreatment that harms, intimidates, offends, degrades or humiliates an employee, whether verbal, physical or otherwise, at the place of work and/or in the course of employment.

The City promotes a healthy workplace culture where all employees are able to work in an environment free of bullying behavior.

The City encourages all public servants and employees to report any instance of bullying behavior. Any reports of this type will be treated seriously, investigated promptly and impartially. The complaint and procedure policy will be followed as found in this policy.

B. Work Place Bullying Behavior

The City considers the following types of behavior as workplace bullying. Please note, this list is not meant to be exhaustive and is only offered by way of example:

1. Exclusion or social isolation;
2. Excessive monitoring or micro-managing;
3. Personal attacks (angry outbursts, excessive profanity, or name-calling);
4. Encouragement of others to turn against the targeted employee;
5. Sabotage of a co-worker's work product or undermining of an employee's work performance;
6. Stalking;

¹ Public Servants: All persons employed or otherwise engaged by the Corporation of the City of Flint to conduct business on its behalf including but not limited to elected officials, appointed employees, members of boards and commissions, classified employees, contractual employees, and volunteers. Flint City Charter §1-405

7. Unwelcome touching or uncontested-to touching;
8. Invasion of another's person's personal space;
9. Unreasonable interference with an employee's ability to do his or her work (i.e., overloading of emails);
10. Repeated infliction of verbal abuse, such as the use of derogatory remarks, insults and epithets; and
11. Conduct a reasonable person would find hostile, offensive, and unrelated to the employer's legitimate business interests

C. Complaint/Report Procedure

The following procedure shall be utilized by the City public servants and employees for the processing of complaints relating to bullying in the work place. This procedure shall apply only to those complaints directed against a person who at the time of the filing of the complaint is a City of Flint employee or public servant. The procedure may be utilized with regard to complaints covering administrators, supervisory personnel and co-employees. While the procedure itself is not directly applicable to complaints involving non-employees of the City of Flint, any bullying from such individuals in the City of Flint work place should be brought to the attention of the employee's supervisor and/or the Human Resources Director.

1. City of Flint Fact Finding Procedure

- i. An employee, regardless of position, who feels he or she is being or has been subjected to bullying is expected to notify the Human Resources Director or his/her supervisor (or a higher level supervisor if the immediate supervisor is the offending party) immediately by issuing their complaint in writing or verbally. All complaints will be forwarded to the Human Resources Director if the offending party. If the Human Resources Director is believed to have violated the City's Anti-Bullying Policy, the employee should immediately file a written or verbal complaint with the City Attorney.
- ii. The written complaint must provide the following:
 - a. The dates and times the instances of bullying have occurred;
 - b. The identity of the perpetrators;
 - c. Any known witnesses;
 - d. The nature of the conduct amounting to bullying; and
 - e. A request for an investigation.
- iii. If a verbal complaint is made then the person who took the complaint must reduce the complaint to writing and provide the requirements listed under Section E(1)(ii)

The Human Resources/Labor Relations Director then assigns an Investigator to the complaint. Information received during the complaint process will be treated as confidentially as may be permitted under the circumstances, giving due regard to an employee's right to be apprised of and respond to allegations made against him or her.

2. Investigation Process

- i. During the investigation a statement of public servants and/or employees or others with any possible knowledge of the situation are obtained through interviews. The statement may be reduced to writing for signature by the maker of the statement recorded or transcribed at the discretion of the investigator.
- ii. The complainant and the accused employee may be accompanied at the time of the statement by his or her union steward. Other persons may not be allowed at the time the statement is made.
- iii. Any physical and/or documentary evidence is collected or secured.
- iv. Upon completion of the investigation, a summary report of the findings and the investigator's recommendation is prepared and submitted to the Human Resources Director.
- v. The Human Resources Director in consultation with the City Administrator will issue the final determination as to whether the City's Anti-Bullying Policy has been violated.
- vi. If it is found the Policy has been violated, the Human Resources and Labor Relations Director in consultation with the City Administrator will determine what amount of disciplinary action is appropriate, and initiate implementation of discipline.

Although confidentiality will be maintained to the extent practicable throughout the investigation process, notification to the accused may occur at any step of this investigation process.

At any stage in the process an investigation may be discontinued or held in abeyance due to conflicting or insufficient evidence, improper motivation or lack of jurisdiction as determined by the investigator. The Human Resources Director, in consultation with the City Administrator, shall have final authority to determine whether an investigation proceeds or is discontinued. If the Human Resources Director is the subject of such investigation, final authority shall rest with the City Attorney.

3. Unsubstantiated Complaints

- i. If, as a result of the investigation, it is determined no violation of the policy has occurred, or there is insufficient information from which to make a determination whether a violation has occurred: The complaint and alleged bully shall be notified of the finding and the reason(s) therefore.

D. False Allegations

- i. If after an investigation the City of Flint finds clear and convincing evidence a complainant knowingly made false complaints, the complainant may be subject to disciplinary action up to and including termination.

City of Flint

Policy: Harassment and Discrimination in the Work Place Policy and Complaint Procedure	Original Date:
Issued by the City of Flint Legal Department and the Human Resources & Labor Relations Department	Revision Date:

Disclaimer: No statements in this policy are intended or set forth as contractual commitments or obligations of the City to any individual employee or group of employees or to establish an exception to the employment-at-will doctrine beyond that specified in contracts or pertinent collective bargaining agreements. If there are differences between the various collective bargaining agreements and this policy, the pertinent collective bargaining agreement takes precedence.

INTRODUCTION

The following is the City of Flint's policy prohibiting discrimination and harassment of City public servants¹, employees or job applicants on any basis protected by federal, state or local law. The Complaint/Report Procedure described in this policy should be utilized to report discrimination and harassment. The City will take appropriate action to prevent discrimination and harassment and will protect the rights of public servants and employees who file complaints.

PURPOSE

Because the City of Flint ("the City") is an equal opportunity employer, it is the policy of the City that public servants, officials, employees and applicants shall receive consideration and treatment consistent with all equal employment opportunity laws in all terms and conditions of work. This includes a workplace free of discriminatory and harassing conduct as those terms are defined. The City does not discriminate against anyone on the basis of race, color, religion, ancestry, national origin, place of birth, sex, sexual orientation, gender identity, gender expression, familial status, age, or non-disqualifying physical or mental disability, or any basis protected by federal, state, or local law.

The City strives to provide a work environment which promotes respect and in which each employee has the opportunity to develop to his or her full potential. Discrimination and harassment are strictly prohibited, not only because they violate the law, but also because they are contrary to the City's interest in attracting, retaining and promoting the most talented, effective and dedicated employees.

The City has an internal Complaint/Report Procedure to address and resolve complaints of discrimination and harassment. The City will take appropriate action to prevent discrimination and harassment, and to protect the rights of public servants who file complaints.

A. Discrimination is Prohibited

¹ Public Servants: All persons employed or otherwise engaged by the Corporation of the City of Flint to conduct business on its behalf including but not limited to elected officials, appointed employees, members of boards and commissions, classified employees, contractual employees, and volunteers. Flint City Charter §1-405

The City requires all applicants, public servants, and employees be treated as individuals, on the basis of their own qualifications, skills, abilities, conduct and performance.

Discrimination on account of any status protected by law, including but not limited to those identified in the first paragraph above, is prohibited. This Policy applies to all employment practices, including recruitment, hiring, evaluation, promotion, transfer, discipline and termination, as well as to all forms of compensation and benefits.

All personnel working for the City, including public servants, contractors, students, interns, externs and volunteers are required to comply with this Policy, including the Complaint/Report procedure. All personnel must behave in a non-discriminatory and business-like manner in all dealings with co-workers and all non-employees of the City contracted in the course of employment. The Policy also prohibits discrimination and harassment by persons doing business with the City, including vendors.

B. Harassment is Prohibited

Additionally, this Policy prohibits harassment, both in the workplace and in other work-related activities, such as business trips and business-related meetings and social events. No employee should have to tolerate harassment of the type described in this Policy and the City takes allegations of harassment seriously. The City will promptly investigate all reports and complaints of prohibited harassment. If it is determined inappropriate conduct has occurred, the City will take corrective and remedial action appropriate to the situation. If any public servant or employee engages in harassment prohibited by this Policy, they will be subject to disciplinary action, up to and including discharge.

C. Sexual Harassment is Prohibited

Sexual harassment in the workplace or in other work-related settings is illegal and is prohibited by this Policy. Sexual harassment is typically defined as unwelcome sexual advances, unwelcome requests for sexual favors, or other unwelcome verbal or physical conduct of a sexual nature, when:

- Submission to that conduct is made explicitly or implicitly a term or condition of employment; or
- Submission to or rejection of that conduct is used as a basis for employment decisions; or
- The conduct has the effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive work environment.

For the purpose of this Policy "unwelcome" means "unwanted." An employee should never assume any such conduct is welcomed by others.

Under the definition given above, sexual harassment includes a direct or implied request by a supervisor for sexual favors in exchange for favorable job action (such as a favorable review, a salary increase or promotion) or in exchange for avoiding unfavorable job action (such as demotion, discipline or discharge). Any such requests are strictly prohibited and will result in disciplinary action or discharge. If any supervisor or manager makes any such direct or implied request, it must be reported as described in the policy. The City will take actions appropriate to fully investigate allegations of harassment.

The legal definition of sexual harassment also includes other types of conduct. While it is not possible to describe all circumstances which may constitute sexual harassment, the following are examples of conduct which, if unwelcome, may constitute sexual harassment depending upon the totality of the circumstances, including the severity and pervasiveness of the conduct:

- Sexual advances and propositions, with or without physical contact;
- Making or threatening reprisal for a negative response to sexual advances;
- Sexual epithets and jokes and written or oral remarks about a person's sex life, body or sexual activities, sexual deficiencies or prowess;
- Displaying or circulating obscene or sexually suggestive objects, pictures, cartoons, internet materials or screen-savers;
- Gossip or questions about someone's sexual experiences, gender identification, or orientation or talking about sexual experiences;
- Assaults, pinching, hugging, kissing or touching of an offensive or sexual nature or rubbing up against the body or impeding or blocking movement;
- Leering, wolf whistles, catcalls, sexual slurs or gestures, or sexually suggestive, insulting or degrading comments;
- Sexually suggestive or obscene letters, notes, e-mails or invitations; and
- Repeated flirtation, requests for dates and the like by anyone to someone who has indicated such attentions are not welcome.

Whether such conduct is deemed to be illegal or not, unwelcome and offensive conduct of these types by any individual toward anyone is prohibited by this Policy. Anyone found to be in violation of this policy is subject to disciplinary action up to and including termination and any other penalties recognized by Federal, State and Local law.

D. Other Types of Harassment are Prohibited

Not all harassment is sexual. This Policy also prohibits verbal or physical harassment of any person because of his or her race, color, religion, ancestry, national origin, place of birth, sex, sexual orientation, gender identity, gender expression, familial status, age, disability, height, weight, marital status, or protected status or exercise of legal rights, including the right to report violations of this Policy, where such conduct is unwelcome and has the effect

of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive work environment. Whether any such conduct is deemed to be illegal or not, conduct such as that described below is prohibited:

- Epithets, slurs, ridicule, insults, or threatening, intimidating or hostile acts, including those that purport to be "jokes" or "pranks," made to or about someone because of his or her membership in a protected class or exercise of legal rights;
- Stereotyping or offensive comments, cartoons, pictures or objects that denigrate or insult members of a protected class or those who exercise legal rights; and
- Demeaning, hostile or derogatory remarks directed at someone because of his or her protected class status or exercise of legal rights.

These are just some examples of conduct which may constitute harassment, depending upon the totality of circumstances, including the severity and pervasiveness of the conduct.

E. Complaint/Report Procedure

The following procedure shall be utilized by the City public servants and employees for the processing of complaints relating to discrimination and harassment. This procedure shall apply only to those complaints directed against a person who at the time of the filing of the complaint is a City of Flint employee or public servant. The procedure may be utilized with regard to complaints covering administrators, supervisory personnel and co-employees. While the procedure itself is not directly applicable to complaints involving non-employees of the City of Flint, any discrimination or harassment from such individuals in the City of Flint work place should be brought to the attention of the employee's supervisor and/or the Human Resources Director.

1. City of Flint Fact Finding Procedure

- i. An employee, regardless of position, who feels he or she is being or has been subjected to illegal discrimination or harassment by another person on the basis of their race, color, sex, religion, ancestry, national origin, place of birth, sex, sexual orientation, gender identity, gender expression, familial status, age, disability height, weight, marital status, is expected to notify the Human Resources Director or his/her supervisor (or a higher level supervisor if the immediate supervisor is the offending party) immediately by issuing their complaint in writing or verbally. All complaints will be forwarded to the Human Resources Director unless the Human Resources Director is the offending party. If the Human Resources Director is believed to have violated the City's No Harassment and Discrimination in the Work Place Policy, the employee should immediately file a written or verbal complaint with the City Attorney.

- ii. The written complaint must provide the following:
 - a. The dates and times the instances of discrimination or harassment have occurred;
 - b. The identity of the perpetrators;
 - c. Any known witnesses;
 - d. The nature of the conduct amounting to the discrimination or harassment; and
 - e. A request for an investigation
- iii. If a verbal complaint is made then the person who took the complaint must reduce the complaint to writing and provide the requirements listed under Section E(1)(ii).

The Human Resources/Labor Relations Director then assigns an Investigator to the complaint. Information received during the complaint process will be treated as confidentially as may be permitted under the circumstances, giving due regard to an employee's right to be apprised of and respond to allegations made against him or her.

2. Investigation Process

- i. During the investigation a statement of public servants and/or employees or others with any possible knowledge of the situation are obtained through interviews. The statement may be reduced to writing for signature by the maker of the statement recorded or transcribed at the discretion of the investigator.
- ii. The complainant and the accused employee may be accompanied at the time of the statement by his or her union steward. Other persons may not be allowed at the time the statement is made.
- iii. Any physical and/or documentary evidence is collected or secured.
- iv. Upon completion of the investigation, a summary report of the findings and the Investigator's recommendation is prepared and submitted to the Human Resources Director.
- v. The Human Resources Director in consultation with the City Administrator will issue the final determination as to whether the City's No Harassment and Discrimination in the Work Place Policy has been violated.

- vi. If it is found the Policy has been violated, the Human Resources and Labor Relations Director in consultation with the City Administrator will determine what amount of disciplinary action is appropriate, and initiate implementation of discipline.

Although confidentiality will be maintained to the extent practicable throughout the investigation process, notification to the accused may occur at any step of this investigation process.

At any stage in the process an investigation may be discontinued or held in abeyance due to conflicting or insufficient evidence, improper motivation or lack of jurisdiction as determined by the investigator. The Human Resources Director, in consultation with the City Administrator, shall have final authority to determine whether an investigation proceeds or is discontinued. If the Human Resources Director is the subject of such investigation, final authority shall rest with the City Attorney.

3. Unsubstantiated Complaints

- i. If, as a result of the investigation, it is determined no violation of the policy has occurred, or there is insufficient information from which to make a determination whether a violation has occurred: The complainant and alleged harasser shall be notified of the finding and the reason(s) therefore.

F. Federal, State and Local Laws

Federal, state and local laws prohibit illegal discrimination, harassment and retaliation. It is the policy of the City to comply with all state and federal laws which prohibit illegal harassment and discrimination in the workplace, including the Elliott-Larson Civil Rights Act and Title VII of the 1964 Civil Rights Act.

G. False allegations

If after an investigation the City of Flint finds clear and convincing evidence a complainant knowingly made false complaints, the complainant may be subject to disciplinary action up to and including termination.
