RESOLUTION NO.: \_\_\_\_\_

PRESENTED: June 7, 2021

ADOPTED: \_\_\_\_\_

**RESOLUTION TO ASSESS STREET LIGHTING COSTS FOR FY2022**

**BY THE MAYOR AND CITY COUNCIL:**

Whereas, the City's General Fund cannot support the cost of operating, maintaining, and improving City street lighting. The provision of street lighting provides essential benefits with respect to the public safety and welfare of the City, its residents, and property owners. If the City stopped providing street lighting, it follows that crime would increase; the fear of crime would increase; there would be more accidents; and the quality of life and value of property would suffer; and

Whereas, the City has authority to specially assess for the cost of operating, maintaining, and improving street lighting under the Home Rule City Act, Act 279, Michigan Public Acts of 1909, as amended, MCL 117.1 *et seq.*; and

Whereas, pursuant to Emergency Manager Order No. 32, adopted June 27, 2012, a special assessment district was established for street lighting.

Whereas, the Chief Financial Officer has caused to be prepared plans and cost estimates for the continued provision of street lighting.

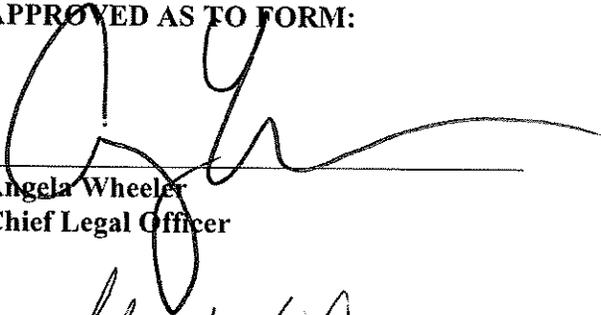

Whereas, the FY2021/22 budget contains an expenditure appropriation of \$3,037,158 for street lighting. There are estimated to be 38,640 parcels in the City subject to this assessment. The collection rate is estimated to be 70%. The cost of operating, maintaining, and improving street lighting will be spread equally to all parcels in the City, since all property owners benefit from a well-lit city. The fee charged per parcel will be \$101.00. This is an increase of \$0.78 from FY 2020/2021.

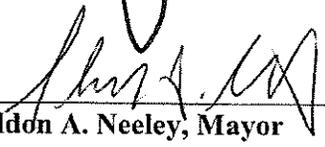

**THEREFORE, BE IT IS RESOLVED** that effective July 1, 2021, the cost of operating, maintaining, and improving street lighting, as contemplated under MCL 117.4d, shall be assessed against the special lighting district to provide for the operational costs of the current system, and to enable upgrades and improvements to street lighting throughout the City. The assessment will be collected through the property tax bill for all property owners. The amount to be assessed will be adjusted annually to reflect the projected cost for the operational, maintenance and improvement costs, and the number of property owners.

**BE IT FURTHER RESOLVED** that the cost per parcel for the July 2021 tax bill will be set at \$101.00 per parcel.

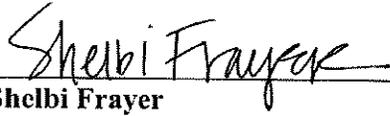

**BE IT FURTHER RESOLVED** that all funds shall be used exclusively for the purpose intended – for the payment of costs permitted under MCL 117.4d(2)(b), including engineering, financial, legal, administrative services, and operation and maintenance of the City street lighting system.

**RESOLUTION TO ASSESS STREET LIGHTING COSTS FOR FY2021**

**BY THE MAYOR AND CITY COUNCIL:**

Whereas, the City's General Fund cannot support the cost of operating, maintaining, and improving City street lighting. The provision of street lighting provides essential benefits with respect to the public safety and welfare of the City, its residents, and property owners. If the City stopped providing street lighting, it follows that crime would increase; the fear of crime would increase; there would be more accidents; and the quality of life and value of property would suffer; and

Whereas, the City has authority to specially assess for the cost of operating, maintaining, and improving street lighting under the Home Rule City Act, Act 279, Michigan Public Acts of 1909, as amended, MCL 117.1 *et seq*; and

Whereas, pursuant to Emergency Manager Order No. 32, adopted June 27, 2012, a special assessment district was established for street lighting.

Whereas, the Chief Financial Officer has caused to be prepared plans and cost estimates for the continued provision of street lighting.

Whereas, the FY2020/21 budget contains an expenditure appropriation of \$2,834,452 for street lighting. There are estimated to be 40,402 parcels in the City subject to this assessment. The collection rate is estimated to be 70%. The cost of operating, maintaining, and improving street lighting will be spread equally to all parcels in the City, since all property owners benefit from a well-lit city. The fee charged per parcel will be \$100.22. This is a decrease of \$9.45 from FY 2019/2020.

**THEREFORE, BE IT IS RESOLVED** that effective July 1, 2020, the cost of operating, maintaining, and improving street lighting, as contemplated under MCL 117.4d, shall be assessed against the special lighting district to provide for the operational costs of the current system, and to enable upgrades and improvements to street lighting throughout the City. The assessment will be collected through the property tax bill for all property owners. The amount to be assessed will be adjusted annually to reflect the projected cost for the operational, maintenance and improvement costs, and the number of property owners.

**BE IT FURTHER RESOLVED** that the cost per parcel for the July 2020 tax bill will be set at \$100.22 per parcel.

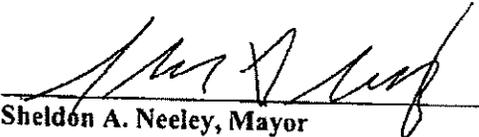

**BE IT FURTHER RESOLVED** that all funds shall be used exclusively for the purpose intended – for the payment of costs permitted under MCL 117.4d(2)(b), including engineering, financial, legal, administrative services, and operation and maintenance of the City street lighting system.

**BY THE MAYOR AND CITY COUNCIL:**

Whereas, the City's General Fund cannot support and subsidize the cost of solid waste collection and disposal. The provision of solid waste collection and disposal provides essential benefits with respect to the health, welfare, and public safety of the City, its residents, and property owners. If the City stopped providing solid waste collection and disposal services health issues would arise and there a loss of quality of life and the value of property would suffer; and

Whereas, the City has authority to collect a user fee for the cost of waste collection, disposal and related activities under the Home Rule City Act, Michigan Public Acts of 1909 as amended, MCL 117.1 et seq. and the Revenue Bond Act of 1933, Act 94, Public Acts of Michigan 1933, as amended, MCL 141.101 et seq.; and

Whereas, pursuant to Emergency Manager Order No. 28 – Brown and Emergency Manager Order No. 21 – Earley, the special 3 mill levy for waste collection was discontinued effective July 1, 2012 and a user fee structure was established based solely on costs associated with the City's waste management plan, to include waste collection, disposal and related activities and shall be proportionate to the underlying cost of the service; and

Whereas, the user fee shall be charged to residential and multi-family dwellings up to four units, and the charge shall be based on the number of units and the charge shall be placed on the tax bill; and

Whereas, commercial and industrial properties will not be charged, as they do not receive waste collection service from the City; and

Whereas, the Chief Financial Officer has caused to be prepared plans and cost estimates for the continued provision of solid waste collection and disposal along with associated costs; and

Whereas, the FY2021/22 budget contains an expenditure appropriation of \$6,213,856 for solid waste collection, disposal and associated costs. There are estimated to be 32,002 parcels in the City subject to this user charge. The City is anticipating a net 30% reduction in gross collections. The cost of the City's solid waste collection and disposal program along with all supporting costs shall be spread equally to all residential and multi-family dwellings. The charge established shall be \$250.84. This is an increase of \$83.37.

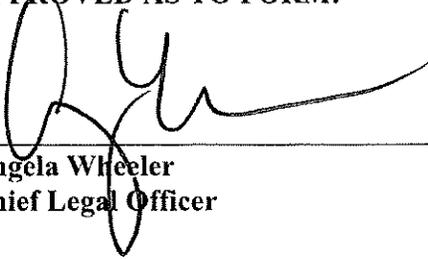

**THEREFORE, BE IT IS RESOLVED** that effective July 1, 2021, the cost of collecting, disposing and City related operating, maintenance and collection activities as contemplated under MCL 117.1 et seq and MCL 141.101 et seq., shall be charged to each residential and multi-family dwellings up to four units; and

**BE IT FURTHER RESOLVED** that commercial and industrial properties will not be charged as they do not receive waste collection services from the City; and
