Access to Services

Anyone seeking services for a substance use disorder should contact the GHS Access Center for a screening and referral. Screenings are completed, and if eligible, followed by referral to the appropriate provider. Individuals experiencing a co-occurring mental health disorder are welcome. Contact the GHS Access Center at:

- **810-257-3740**
- **TTY 810-232-6310**
- **Toll-Free 877-346-3648**

Substance Use Disorder Treatment Services

Those seeking treatment for substance use disorders can access a number of providers and services with and near Genesee County. Funding is provided for a continuum of consumer-centered substance use disorder treatment services for people who are uninsured, under-insured, Healthy Michigan, Medicaid, or MICHild recipients

Odyssey House

Residential

Flint Odyssey House is a residential treatment facility that provides client-centered substance abuse and mental health treatment for men, women, couples, parenting women and men, and families. This therapeutic community uses treatment methods that are based on social learning theory blended with behavioral modification, cognitive restructuring, insight-orientated therapy, and collective recovery.

Adolescent Outpatient

Our adolescent substance abuse program is designed to address the drug use of Genesee County area teens between the ages of thirteen and seventeen. Components of the program include intensive outpatient, individual counseling, case management, peer recovery support services, and family support resources.

718 Oak St

Flint, MI 48503

810-233-8815

Outpatient

Flint Odyssey House's outpatient services are for people with substance use disorders (SUD) or dual diagnoses who do not require medical detoxification or 24-hour supervision. We offer day treatment, intensive outpatient and outpatient services. The program is designed to help establish supports, facilitate relapse management, and instill coping strategies. Our programs are alternatives to inpatient and residential treatment.

Recovery Housing

Transitioning back into everyday life after facing addiction and SUDs can be overwhelming. Odyssey Village provides a number of safe, structured therapeutic recovery housing options that support a lifestyle of lasting recovery. Our governing principle is "self-help and mutual self-help," where each resident assumes primary responsibility for their own recovery, as well as the recovery of their peers. Residents are offered up to twelve months of residential assistance.

Detox

For those with substance abuse disorder, the fear and the effects of withdrawal following an abrupt discontinuance of alcohol, opioids, or other addictive substances is often the barrier to learning how to live a clean and sober life. At Flint Odyssey House, we offer a comprehensive, compassionate approach to detox that addresses all aspects of physical, mental, and emotional health. We provide both clinically and medically monitored 24/7 care, utilizing over-the counter medications and short-term use of prescriptions to help alleviate potentially dangerous side effects, as well as reduce cravings. As withdrawal symptoms begin, our staff provides guidance and support to keep clients comfortable. We also counsel and recommend the next-steps for sustained recovery. The length of stay will vary from two to five days based on medical necessity.

New Path

<https://newpaths.org/>
810-233-5340

New Paths, Inc. provides comprehensive substance use disorder treatment for drug and alcohol addictions. Offering multiple levels of rehabilitation, NPI provides an effective level of treatment programming to meet specific clinical needs. Individuals are screened and referred through Region 10/GHS Access Center, have current Medicaid insurance or are eligible through Block Grant funding. Individuals also have the ability to self-pay for treatment services.

Sacred Heart

<http://www.sacredheartcenter.com/outpatient.html>

Sacred Heart provides outpatient behavioral health services for mental health and substance use disorders for adults, family, children, adolescents, older adults, veterans, and court treatment services at several locations throughout Michigan. The services offer a course of treatment as an alternative to residential care or continuing treatment for individuals who have completed residential care. These services are specifically tailored to promote the recovery of each individual client.

Life Challenge

<https://lcministries.org/program/>

Residents progress through four 3-month phases during the course of one year. They are awarded certificates as they advance through each level of recovery classes. Upon successful completion of the program, they are recognized as graduates.

In addition, ATC|LCM provides wrap-around services to meet the needs of every person in recovery. Our multi-phased approach is holistic, serving the mind, the body and the spirit.

Our programming and services include:

- One-on-one, group, and family counseling
- Daily classes
- Daily chapel services
- Outreach and community service
- Mentoring program
- Celebrate Recovery (12-step recovery support group)
- Telehealth services for mental health and medical issues
- Work duties
- Instruction in personal finances, resume writing, and interview skills
- Recreational activities and events
