

Consolidated Annual Performance
Evaluation Report (CAPER)
Program Year 2019-20
CITY OF FLINT, MICHIGAN

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

For the program year ending June 30, 2020, the City of Flint received entitlement funds of \$3,889,542.00 in CDBG, \$840,005.00 in HOME and \$328,616.00 in ESG. In order to meet the goals and objectives of the 5-year Consolidated Plan, these funds were awarded to eligible subrecipient organization including non-profit organizations and City of Flint departments. Eligible non-profit organizations were awarded contracts to implement public service and housing activities designed to benefit the entire community. In the public service funding, priority was given to programs that focused on youth initiatives, fair housing, senior programs and small business counseling. Rehabilitation and acquisition projects focused on city-wide emergency, owner occupied rehabilitation and the acquisition of multi-unit apartment developments. Additional resources were allocated to the Genesee County Land Bank and the City Blight Division to address blighted properties in accordance with the City's Blight Elimination Framework and Master Plan. The Continuum of Care, subrecipients and the City continue to address at risk youth, homelessness prevention, rapid rehousing and shelter operations and essential services.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

The City of Flint continued to prioritize the needs of low- and moderate-income people and low- and moderate-income areas of the City by focusing its Federal allocations on several of the highest priority activities as outlined in the Consolidated Plan. Progress was made on the majority of the five-year goals established in the Five-Year Consolidated Plan as is outlined in the tables above. Delays were encountered by activities directly impacting the ability to spend and the accomplishments reported. Any activities that were not completed by June 30, 2020 are still underway and accomplishments will be reported in the 2020-2021 CAPER. As for the City of Flint’s ESG Program, the department continued to provide funding for essential services and operations, homelessness prevention, and rapid rehousing. The HOME Program continued to prioritize multi-unit affordable housing.

CR-10 - Racial and Ethnic composition of families assisted

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

During program year 2019, the City of Flint directly assisted a total of 1,645 individuals with CDBG funding, 49 with HOME funding, and 851 with ESG funding. In ESG there are 56 people who were classified as multiple races. Of the total individuals served (2,505), 92.0% (2,055 individuals) were racial minorities located within the City of Flint.

ESG	public - federal	328,616	231,543
Other	public - federal	0	0

Table 3 - Resources Made Available

Narrative

During Program Year 2019, the City missed the CDBG timeliness deadline. Staff continues to work with recipients of funds for timely and eligible spending. Any funds not spent, or recaptured, will continue to be reprogrammed and committed to eligible activities or projects.

Identify the geographic distribution and location of investments

Pierson Road Corridor Sub-Area	0	1	Percent of allocation is based on total CDBG allocation of the activities in that area.

Table 4 – Identify the geographic distribution and location of investments

Narrative

A discussion with the Detroit Field Office was pending to allow the Field Office to fully explain the requirements of reporting data related to the NRSA Designation. The major hurdle to implementation of NRSA is the lack of qualified CBDO's in the City of Flint.

The above Target Areas are sub-areas that were created as a complementary component to the Imagine Flint Master Plan and were selected through research, data collection and analysis, as well as through community participation. Through the implementation of the Choice Neighborhoods plan, and a recognition of the need for investment in the Pierson Road Corridor, the noted areas remain target areas of investment, without the formal NRSA designation. The majority of the activities and projects that were funded in the 2019 Program Year have more of an area or individual low/moderate income

impact on a city-wide basis.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

Publicly owned land was used as a part of the Clark Commons/Choice project to address the need of developing affordable housing in the City of Flint. This is a part of the Choice Neighborhoods Implementation grant.

The City was awarded a Choice Neighborhoods Implementation grant for \$30 million in 2017. The City continues to leverage these funds with strategic projects in the targeted area. Additional CDBG leveraging will include funding from Local, State, and Federal grant sources, City Departments (e.g. Public Works, Parks and Recreation), public or social service providers, and other sources as they are identified.

The HOME Match is not a requirement for the City as the city meets one or more of the distress criteria and has been determined to be in financial distress, thus receiving a 100 percent reduction of match as confirmed by the annual HUD published match reductions.

The ESG match is passed along to subrecipients through the application process and then reviewed in each request submitted for reimbursement.

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual

Number of households supported through Acquisition of Existing Units	0	1
Total	43	7

Table 12 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The main reason for the large difference between the one-year goals and actual households supported is the late receipt of funds in 2019 by the subrecipients combined with the advent of the Coronavirus National Emergency that shut down and impacted the construction industry in late Program Year 2019. Additionally, one of the projects awarded funding in Program Year 2019, Brinshore Development, LLC. Did not move forward.

Additional rental units will be completed utilizing HOME funds in the coming program year, as well as additional owner occupied and emergency repaired units with CDBG funds.

Discuss how these outcomes will impact future annual action plans.

These outcomes and issues as outlined above will be used to create more realistic projections for the number of families that are expected to be assisted in future annual action plans. For HOME projects, underwriting and subsidy layering will assist in guiding the identification of shovel ready projects and in ensuring that the investment is no more than what is needed to fill gaps in financing to allow for properties to be affordable housing.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual	HOME Actual
Extremely Low-income	16	16
Low-income	13	3
Moderate-income	16	4
Total	45	23

Table 13 – Number of Households Served

Narrative Information

A total of sixty-eight (68) households were assisted during program year 2019 that meet the CDBG or HOME requirements as outlined in the respective regulations. Low- to moderate- income homebuyers undergo housing counseling through the CDBG funded Housing Counseling program. For rental properties, income documentation is collected as a part of the move-in process by either the owner or property management company. This information is shared with program staff and reviewed for accuracy and compliance with any applicable regulations. CDBG funds used for owner occupied rehab and city-wide emergency home repairs also have eligibility confirmed prior to the provision of any services.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

In August of 2018, The Flint/Genesee Continuum of Care (CoC) updated its 10-Year Plan to End Homelessness. Though the CoC is a county-wide collaborative, Metro Community Development is the lead agency. The Genesee Homeless Awareness Task Force is responsible for collecting homeless data, conducting homeless needs assessments, Point in Time Counts, and developing community supported homeless strategies to end homelessness in the Flint/Genesee County area.

The Continuum of Care has several committees that work together on projects designed to end homelessness in Flint/Genesee County. In addition to the Genesee County Homeless Awareness Task Force, there is the Committee Concerned with Housing as well as the Project Homeless Connect Planning Committee. These committees are more fully described in the Strategic Plan section of the 5-year Consolidated Plan. The City used funds to support and expand the supply of affordable housing options to assist low-income households retain their homes and provide emergency, transitional and permanent supportive housing units for homeless and/or at-risk individuals, families, veterans, children and youth.

Addressing the emergency shelter and transitional housing needs of homeless persons

The Flint/Genesee Continuum of Care (CoC) is the primary method for addressing emergency shelter and transitional needs of homeless individuals and families in the City of Flint. The CoC is a collaborative effort designed to identify existing resources in the community, eliminate duplication, develop seamless housing/homeless related services, insure leveraging of mainstream and private sector resources, and maximize community partnerships.

The 10-year plan referenced above defines the scope of the problem using national and local data and research based upon how people are impacted, systemic contributions to homelessness, infrastructure issues, historical response, and lack of coordination and resources. The approach is three fold: to promote community change related to the consciousness and perception of homelessness; to provide safe, secure, accessible and affordable housing to all persons in Genesee County regardless of age, race, gender, sexual preference, disability, or familial status; and to organize a comprehensive and interconnected network of advocacy, no wrong door, and wrap around services aimed at eliminating the cycle of homelessness. During past year the CoC has also adopted a coordinated entry process to further eliminate duplication of services.

Helping low-income individuals and families avoid becoming homeless, especially extremely

low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

According to the 2013-2017 American Community Survey there are approximately 40,298 (41.2%) Flint residents with incomes below the poverty level. Earning a living wage is instrumental in preventing homelessness. This coupled with a lack of affordable permanent housing and discrimination in rent and lending practices puts the minority population in a particularly precarious situation with regard to the threat of becoming homeless.

For extremely low-income renters with children, supportive services such as quality affordable housing, funds for rent/utility arrearages, life skills, employment training and placement services, childcare, and transportation are critical to their ability to stay in permanent housing and to avoid becoming homeless. The City of Flint will support the CoC in homeless prevention through Asset Building. The CoC aims to empower and encourage families to acquire and preserve assets, including a safe, decent, and affordable home, and achieve long-term financial success. This will be done through three specific goals:

- Educate families about housing choices.
- Empower families to access their housing choices.
- Preserve and expand quality, affordable housing opportunities.

The City of Flint is working cooperatively with area homeless services providers to address needs and take necessary actions to assist homeless persons and families. The CoC provide both transitional and permanent supportive housing services to homeless and at risk persons and families as they work towards independent living. Three sources of Homelessness Prevention and Rapid Re-Housing funds granted to the City of Flint, Genesee County, and MSHDA assist individuals and families who are at-risk of becoming homeless. In addition, several agencies in the City of Flint, working through the Continuum of Care were awarded Shelter Plus Care funds and Supportive Housing Program funds for activities to assist the homeless population in Flint and Genesee County.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The goal of ending chronic homelessness has been approached through the dual strategy of affordable housing and supportive services. The Flint/Genesee County Continuum of Care has a number of sources

of permanent housing placement for the homeless in the Flint/Genesee County area. Permanent Housing for homeless persons or families is long-term and safe, decent, and affordable. It is generally community based, private market housing designed to enable the homeless person or family to live as independently as possible in a permanent setting.

However, it may include projects specifically developed for homeless individuals and families. This includes housing units available to the broader community and may or may not be subsidized. Such housing may be combined with the provision of supportive services provided by the organization managing the housing or coordinated by the applicant and provided by other public or private service agencies.

When services are combined with housing, the project is referred to as permanent supportive housing, which is generally provided to homeless persons with disabilities, primarily serving individuals and members of their household who have serious mental illnesses, chronic substance abuse problems, physical disabilities, or AIDS and related diseases. Supportive services are provided on site or coordinated through partnering agencies. Rental subsidies are encouraged but not always available. Rent is generally based on a percentage of the household income. Permanent supportive housing enables special needs populations to live as independently as possible in a permanent setting and can be provided in multi-family structures or scattered site apartments.

When possible, the City of Flint continued to support organizations that provide permanent housing to homeless persons and families.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

The mission of the FHC is to provide the Flint community with quality, affordable housing that is decent, well maintained, and free from drugs and violent crime. The mission is supported by key objectives that include: building livable communities composed of a diverse range of incomes; creating an environment that will nurture and support strong parental roles that demonstrate increased self-sufficiency and lead to economic gains for families.

Through the Choice Neighborhoods (CN) Implementation program, the City has been partnering with the Flint Housing Commission (FHC) in developing and implementing phase I of the CN program. This action supports the residents of the Flint Housing Commission Atherton East development in meeting the objectives identified above.

As the process continues to move forward, the City will work in partnership with Atherton East staff, residents, and the developer (Norstar Development, USA) on Phase I of this project. Construction began in August of 2019, and Phase II of the project is slated to break ground in late summer 2021, delayed from early 2020 due to the Coronavirus National Emergency.

CDBG funding was slated to support a Community Police Officer that will work within the Choice Neighborhood boundaries (where several public housing developments are located). This did not move forward due to changes in staffing and capacity in the Police Department.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

As a part of the Choice Neighborhoods Implementation process, an informed draft relocation plan was established with the direct involvement of the 100 residents and families residing in Atherton East. As the project moves forward, community outreach and consultations with residents continues to be a core component of this effort.

Actions taken to provide assistance to troubled PHAs

The most recent assessment of the Flint Housing Commission (2016) resulted in an upgraded status through the HUD Public Housing Assessment System. FHC's status changed from "troubled" to "substandard management", which means it received a failing score in its management assessment but, overall, a passing score. The City continues its support of the Flint Housing Commission, particularly through the Choice Neighborhoods Program. When opportunities become available to coordinate resources, enhance neighborhood safety, and provide technical assistance to the FHC, the City is willing to partner with this community resource.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

In 2016 the City of Flint's Community and Economic Development division created and adopted a housing investment strategy meant to guide the investment of the City of Flint's limited funds for housing (from HOME and CDBG) to incentivize projects that would leverage other similar investments both by nonprofit and for profit developers. This housing investment strategy encompasses many of the goals listed in the Housing and Neighborhoods Implementation Matrix located within the City of Flint Master Plan, and within priorities outlined in the Consolidated Plan. It primarily focuses on allocating federal resources for affordable housing development, but also incorporates strategies and programs that support residents remaining in their homes, as well as assisting low-and-moderate income households achieve homeownership through the establishment of an affordable housing revolving loan fund that can be used for acquisition and renovation financing. These strategies, along with other City initiatives, will help to eliminate barriers to affordable housing.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

Priorities for funding in the Consolidated Plan were determined by many sources of public input. One of the primary sources was the Imagine Flint Master Plan which convened over 5000 people over a period of two years and culminated in the development of a comprehensive place-based plan addressing far more than land use.

The City continues to seek additional funding to address the significant gap in available resources. In 2018, the City of Flint was awarded a \$30 million grant from HUD in order to address substandard housing at one of Flint's largest public housing complexes. The creation of these new affordable housing units, along with being better situated near community resources, will help address the needs of this underserved population.

It continues to be critical for the City of Flint to receive additional financial support to mitigate the impact of the Flint Water Crisis. Funds are still needed to not only replace damaged public and private infrastructure, but also to assist Flint youth who may experience developmental impacts due to lead exposure.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

The City of Flint ensures that all of its federally funded housing programs are in full compliance with the lead-based paint hazard regulations (24 CFR Part 35). This includes directing low- and moderate-income households to the appropriate resources for lead paint inspection, testing, and abatement of lead-based

hazards; primarily, this has been the State of Michigan HHS Lead Free Home Program. Entitlement funding continues to be used to provide lead abatement and mitigation services to help eliminate and prevent exposure to lead hazards.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

The City of Flint acknowledges the need to address poverty throughout the community. According to the 2013-2017 ACS, the percentage of individuals in poverty within the City of Flint is 41.2%.

The City strives to reduce the number of families that are below the poverty line, and continues to utilize the following strategies to reduce the number of poverty level families:

- Provide financial support to organizations offering necessary services, such as food, senior services, and counseling programs for extremely low-income persons.
- Continue to provide assistance to extremely low-income households in the improvement of their residences through the City's CDBG-funded Housing Rehabilitation.
- Provide homeownership programs to support homeownership and the accumulation of equity.
- Lead-based paint abatement to address child lead poisoning, which can affect future employment and earning capabilities.
- Fund infrastructure improvements (street, water main, sidewalk, etc.) to enhance neighborhoods and increase property values, while raising the pride of the residents as well as encouraging the introduction of economic development into distressed and impoverished areas.
- Provide financial support to organizations, which provide referrals to special needs persons, such as the Community Action Agency.
- Continue to work with the State of Michigan in the replacement of lead water leads that have caused a higher level of lead within drinking water.
- Economic development programs aimed at developing job training and employability skills.
- Support youth and childcare programs, which provide mentoring and role models for children, and additionally helps parents secure and keep employment.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The City of Flint's institutional structure includes private firms, nonprofit agencies, and local and state agencies.

The lead agency is the City of Flint Planning and Development Department – Division of Community and Economic Development (DCED). DCED, acting as the lead agency, met with various City departments and outside agencies to gain input on the annual needs, enhance coordination of services, prevent duplication of service, and resolve issues within the interagency institutional structure. These divisions and departments carry out objectives related to housing and community development. Additionally, there are multiple nonprofit organizations that provide a range of public services including programs to reduce homelessness and for non-homeless special needs populations. The Flint/Genesee County

Continuum of Care (CoC) is a federally mandated body of homelessness service providers. The CoC works in partnership with the Michigan State Housing Development Authority (MSHDA) and the United States Department of Housing and Urban Development (HUD) towards the common goal of ending homelessness in the United States within 10 years. Each year the Flint/Genesee County CoC applies for funding to support local efforts to prevent and end homelessness.

The Flint Housing Commission, the local Public Housing Authority, will continue to provide assistance to renter households through its public housing and Section 8 programs. Additionally, the Housing Commission provides necessary support services to renters including elderly renters, when available.

The Michigan State Housing Development Agency (MSHDA) provides an important support vehicle through both funding and direct technical assistance. Genesee County government is another important partner. The County provides a number of services through the Genesee County Metropolitan Planning Commission, Genesee County Land Bank, Genesee County Department of Human Services, Genesee County Community Mental Health Department, and Genesee County Youth Corporation.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

The City of Flint works with many agencies to enhance coordination including local, state, and federal stakeholders. A primary example is the City's collaboration with the Flint Housing Commission in winning a HUD Implementation Grant for the Choice Neighborhoods program.

The City of Flint has many initiatives underway to continue the positive momentum gained with the adoption of the long overdue Imagine Flint Master Plan. Over the course of the next year, the Department will continue to work with our residents, as well as other local, state, and federal partners to maximize efforts towards inclusion, equity, justice, and transparency.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

Genesee County still holds its unfortunate distinction as one of the most segregated areas in the country, and the most segregated in Michigan. In addition, segregation based upon disability is emerging as a fairness issue as well. During program year 2019, the City awarded funding to Legal Services of Eastern Michigan to provide housing discrimination testing services to residents in the City. The City also awarded funding to LSEM for its education advocacy program, which focuses on youth with disabilities which in some cases are tied to the Flint Water Crisis.

In the next program year, the City will partner with both the County and the Flint Housing Commission on a regional Assessment of Fair Housing (AFH) to raise awareness of fair housing rights and illegal discrimination and increase low-income residents' access to safe decent and stable housing.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

The City of Flint has adopted policies and procedures in HOME, CDBG and ESG, through the ESG Primer, to address programmatic specifications. In addition to providing agencies with Standard Operating Procedures, Policies and Procedures, and detailed subrecipient agreements, the City of Flint will also continue to provide on-going technical assistance to agencies. CED staff monitors compliance by way of desk monitoring on a monthly basis, or with on-site monitoring, whichever is deemed necessary based on agency capacity and risk assessment.

The City requires subrecipients to solicit bids in a newspaper of general circulation. The notification itself encourages minority and women owned businesses to apply. The State of Michigan Disadvantaged Business Enterprise list is used as a reference in identifying businesses that may meet the requirements of MBE/WBE in the bid or quote solicitation process.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

Citizen Participation is a valuable and essential component of Housing and Community Development (Consolidated) programs. The knowledge and motivation of the community aids the development, implementation, and evaluation of programs that are responsive to community needs. The City is committed to full and meaningful citizen participation. This Citizen Participation Plan describes the means by which the City of Flint will provide for citizen participation for Housing and Community Development programs.

The City published an advertisement in The Flint Journal which advised that the CAPER was available for review and comments. The CAPER was made available for review in several locations, including the public library, County planning offices, the City's Clerks office, DCED's office, and on the City's website. Comments could be made during the 15-day comment period either in writing by mail or email, or verbally in DCED's office, by phone, or at a meeting of the City Council.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

The City remains committed to leveraging its grant dollars in strategic areas to continue to assist in the recovery of the City of Flint. In an effort to meet commitment, expenditure, and timeliness deadlines, the City will also prioritize shovel ready projects and activities that are in the implementation phase. This focus will continue to be on mixed income housing, economic development activities and public services that address the needs of our population as Flint continues to recover both from the water crisis and the economic crisis that preceeded it.

There is no program income for Section 108 loan activities during this program year.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

Yes

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

The BEDI, in the amount of \$780,000 is being used as a debt service reserve for the Riviera Section 108 project. The Section 108 program provided \$1,875,000 in funding to the project for the construction of a neighborhood office building, which is currently leased by the federal government. The Social Security Administration as the tenant, provides services to one of Flint's low income communities.

CR-50 - HOME 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Avon Park: 1210 Lapeer Road- Property inspected and compliant on 6/28/2019.

Coolidge Park Apartments: Property complied with inspections in 2018 and income documents are up to date.

Flint Marketplace: New construction complete, income documents are received and property is in compliance.

**Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units.
92.351(b)**

The City of Flint continuously seeks to utilize those firms, institutions, and individuals that are minority and/or women owned. It is our policy to encourage our subrecipient agencies to do the same and have established a MBE/WBE policy guidance for those receiving funds. Contract language speaking to MBE/WBE is also included in each contract.

Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics

There is currently no Program Income for the HOME program.

Describe other actions taken to foster and maintain affordable housing. 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 91.320(j)

The City of Flint continues to support Fair Housing efforts through the funding of Legal Services of Eastern Michigan for Fair Housing testing and enforcement services to low- and moderate-income residents in the City. Facilitating the application process for the award of Payment in Lieu of Taxes (PILOT) for affordable housing providers in the City of Flint to ensure more long-term sustainability for affordable housing projects is one of the many actions the department takes. Participation in focus groups on affordable housing and equitable development within the City is one of the other major actions that the department undertakes to foster and maintain the availability of affordable housing in the City of Flint.

11. Project Outcomes Data measured under the performance standards developed in consultation with the CoC(s)

Data quality is a vital component of programming. HMIS data is entered on an ongoing basis, consistent with required data elements defined by MCAH and adopted by the CoC. It is the goal of each agency to enter all client in-take information on a daily basis. Due to the constraints of non-profit staffing, exceptions to this goal may occur based on staff time off (scheduled or unscheduled) as well as changes in HMIS trained staff. HMIS data report cards reflect quality data input according to the Universal Data Elements.

2012	CHANGE ORDER EXECUTED WITH MOORE AND SONS FOR REHAB OF PROPERTY LOCATED AT 1318 W MOORE. ORIGINALLY FUNDED WITH NSP1 DOLLARS, Construction is underway. Expected completion in 2014.	
2014	Operation Unification initiated the rehab project, which was then completed by Moore and Son's Construction 1318 W Moore and a final inspection was completed by the Building and Safety Inspections Dept.. Due to ongoing vandalism while property was vacant and for sale, the City of Flint contracted JCL Doors to install armor security doors to help prevent further damage and then Door and Window Guard Systems most recently. The property repairs from vandalism were completed with the City's General Fund to prevent the duplication of work and a qualified home buyer recently purchased and moved into the home.

2018	Best Practices Consulting Services, LLC supported four previous small business graduates with technical assistance. The technical assistance included marketing, accounting, and business accountability support. In the program, a business advisor was assigned to document, support and direct individual work plans outlined for each participant. The training program ran for eight weeks and allowed the participants to participate when applicable in pop-up events. When and where feasible, the individual was allowed a support budget to assist with items like business registration, potential inventory, marketing support, legal advice, accounting systems and other items.

2019	Used PR12 to update accomplishment/benefit data. LSEM opened 4 new cases this month. The advocates are continuing their work to resolve their prior cases. LSEM's staff are working on their cases, attending training and developing materials to assist in the accomplishment of the goals of the grants. With the schools closed due to the COVID crisis, when interviews are conducted, LSEM conducts them either virtually or by telephone. LSEM conducted three presentations this month. In spite of our efforts, the effects of COVID proved to adversely our work. LSEM was able to help 16 clients with Special Education issues. LSEM also conducted 12 outreach sessions.

Initial Funding Date: 12/12/2019

Description:

Many factors existed as barriers for such treatment, the biggest being the stigma that exists among many people about mental health treatment, particularly among the African American community.

Ennis Center for Children held the belief that if mental health treatment could be provided in places where this population organically congregate and feel safe, then members of this population would be more receptive to receiving mental health counseling as a means of addressing their worries and anxieties.

That theory has led to collaboration between Ennis Center for Children and presently, four area churches, offering mental health counseling by licensed therapists within the churches. Activity Closeout in progress.

CITY OF FLINT
PUBLIC NOTICE

Regarding Program Year 2019 Consolidated Annual Performance and Evaluation Report (CAPER)

In order to meet federal community planning and development requirements under the CAPER, the City of Flint is required to report on the use of federal funds and provide interested citizens the opportunity to examine the report and make comments on the use of these funds. The City of Flint Consolidated Annual Performance and Evaluation Report (CAPER) provides expenditure and programmatic information on activities undertaken with Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), and Emergency Solutions Grant (ESG) funds during the period July 1, 2019 - June 30, 2020.

The City of Flint Program Year 2019 CAPER will be available for review beginning Monday, December 12, 2022, at the following locations: City of Flint Department of Community and Economic Development, Municipal South Building, 1101 S. Saginaw St., Rm. 501, Flint, MI 48902; City of Flint Office of the City Clerk, Genesee County Metropolitan Planning Commission, Flint Housing Commission, and the main branch of the Flint Public Library. The CAPER will also be made available on the City of Flint website at www.cityofflint.com.

The comment period for the CAPER begins Monday, December 12, 2022, and ends January 6, 2023. A public hearing regarding the CAPER will be held on January 4, 2023, at 5:30 p.m. in the City of Flint Auditorium Dome.

This hearing is being held to provide for the opportunity for public comment on the City of Flint's Program Year 2019 CAPER. Upon forty-eight hours' notice, the City of Flint will furnish reasonable auxiliary aids and services to non-English speaking persons or persons with disabilities. Persons requiring auxiliary aids or services should contact the Division of Community and Economic Development (ODED), City of Flint, 1101 S. Saginaw Street, Flint, MI 48902, (810) 766-7426. Comments other than those of a public hearing must be in writing and will be accepted at comment@cityofflint.com. Comments can also be accepted in the ODED office at 1101 S. Saginaw St., South Building, Room 501. Comments regarding the City's CAPER must be submitted no later than January 6, 2023 at 5 p.m.

The Flint Housing Commission is requesting bids (RFQ 2022-26) for Forest Park Five Units Clean-up. Bid packets will be available beginning Thursday, Dec. 8, 2022. Bids are due no later than 2:00 p.m. EST on Mon. Dec. 19, 2022 at 3030 Richmond Road, Flint, MI 48906. A detailed packet may be obtained by contacting Jenny Cooper via email at JCooper@flintmi.org.
