Agenda Item Title:

RESOLUTION TO UTILIZE ARPA FUNDS TO RESPOND TO THE IMPACTS OF THE PANDEMIC ON HEALTH DISPARITIES OF PREGNANT / NEW MOTHERS AND THEIR INFANTS IN FLINT

Prepared by:

Emily Doerr, Director of Planning and Development

Background/Summary of Proposed Action:

On October 24, 2022, the Flint City Council adopted an ARPA Allocation Plan for allocating the remaining \$60,351,968.00 of the City's remaining ARPA funding. This included \$5,000,000 in COVID response / Contingency. From this line item, the Mayor is recommending that the City of Flint join the State of Michigan, C.S. Mott Foundation, Ruth Mott Foundation, Michigan Health Endowment Foundation, and the Jacobs Family Foundation in funding a citywide program called Rx Kids, led by Dr. Mona Hanna-Attisha (Director of the MSU-Hurley Children's Hospital Pediatric Public Health Initiative), which is a public/private partnership to address child poverty and health equity. It tackles a root cause of health disparities through the provision of cash allowances to pregnant / new mothers in Flint. The full program budget is \$55M and the effort has raised \$35M so far. It is slated to start in early 2024.

The program funds are running through Michigan State University and being coordinated by GiveDirectly, a nonprofit that is running similar programs like this around the world. The data collection and research evaluation will be a partnership between Michigan State University, University of Michigan (led by Dr. Luke Shaefer, Director of University of Michigan's Poverty Solutions initiative), and Give Directly. On average the program will serve 1200 pregnant / new mothers a year for a total of 6000 over the five (5) year program period. To be eligible for these grants, women who are pregnant must have the pregnancy "verified" through a prenatal health provider at a 20-week check-in. At that point, enrollment begins with the first cash transfer of \$1500. Once the baby is born, monthly allowances of \$500 repeat for the first 12 months and new mothers engage with a network of resources to help increase their health and that of their baby. Programs like this around the world have shown to decrease maternal and infant mortality rates. This program seeks to do that in Flint as well as rebuild trust between Flint residents and their local government.

Financial Implications: ARPA funds must be obligated by 12/31/24 and fully expended by 12/31/26.

RESOLUTION SUSPENDING COUNCILWOMAN LADEL LEWIS FOR MULTIPLE VIOLATIONS OF THE FLINT CITY CHARTER

Section 3-103 of the Flint City Charter provides that the City Council “may punish its own members for misconduct” and Section 1-602(C)(8) of the Flint City Charter provides, in pertinent part, that “A public servant shall not accept gifts, gratuities, honoraria, or other things of value from any person or company seeking to do business with the City of Flint, seeking official action from the City of Flint, having interests that could be substantially affected by the performance of the public servant’s official duties, or who is known to the Public Servant as a registered lobbyist.”

Further, Section 1-602(D) of the Flint City Charter requires public servants to prepare written statements disclosing potential financial conflicts of interest, and if the public servant is a City Councilmember, the Councilmember is excused from taking part in the action or decision giving rise to the conflict.

Further, Section 3-104 of the Flint City Charter provides that City Councilmembers are “expected to conduct themselves with appropriate decorum [and] act respectfully with constituents, each other, and other public servants;”

At the Special Affairs Committee Meeting of Monday, August 14, 2023, the Councilwoman from the 2nd Ward, Ladel Lewis, and the Councilman from the 3rd Ward, Quincy Murphy, participated in a vote to approve Resolution 230225.1 regarding approval of the Brownfield Redevelopment Authority’s Redevelopment Plan for a Flint Commerce Center Project. Said Project is funded and managed by Ashley Capital. Critically, Councilmembers Lewis & Murphy voted to approve the Project after accepting money from the Ashley Capital Political Action Committee (PAC), believed to be \$1,500.00 and \$11,000.00, respectively. Councilmembers Lewis & Murphy have publicly admitted on record at numerous Flint City Council Meetings to having accepted these funds. This is a clear violation of Section 1-602(C)(8) of the Flint City Charter, as aforesaid.

Further, Councilmembers Lewis & Murphy failed to properly disclose these financial conflicts of interest, in violation of Section 1-602(D) of the Flint City Charter as referenced above.

In light of the financial conflict of interest for Councilmembers Lewis & Murphy, and despite the protestations of numerous other Councilmembers, including Councilwoman Jerri Winfrey-Carter of the 5th Ward, Councilwoman Tonya Burns of the 6th Ward, and Dennis Pfeiffer of the 8th Ward, insisting that Councilmembers Lewis & Murphy abstain from the vote, Lewis & Murphy refused to do so, proceeding to vote to approve the Project, along with Councilmembers Judy Priestly of the 4th Ward, Candice Mushatt of the 7th Ward, and Eva Worthing of the 9th Ward, despite the clear conflict of interest, and despite Section 1-602(D) of the Flint City Charter which excuses Councilmembers from participating in such actions or decisions where a conflict exists.

In addition to the clear violations of Sections 1-602(C)(8) & 1-602(D), as aforesaid, Councilmembers Lewis & Murphy, in so refusing to abstain, have also created a strong appearance of impropriety, and have advanced notions of political corruption and pay-to-play politicking on the Flint City Council. In so doing, Lewis & Murphy have failed to conduct themselves with appropriate decorum in violation of

Section 3-104 of the Flint City Charter, in dereliction of their duty, and in a manner unbecoming Flint City Councilmembers.

Every elective officer in the City of Flint, including members of the Flint City Council, swear an Oath of Office pursuant to Section 1-601 of the Flint City Charter to, among other things, “faithfully discharge the duties of the office” for which the individual was elected. This responsibility includes fidelity and adherence to the provisions of the Flint City Charter.

The conduct of Flint City Councilwoman Ladel Lewis, as recounted herein, violated numerous provisions of the Flint City Charter, as aforecited.

Members of the Flint City Council, pursuant to their sworn Oath of Office, have an obligation to support, uphold, and preserve the provisions of the Flint City Charter, and must therefore punish their fellow Councilmembers whose conduct violates same.

IT IS RESOLVED, that the Flint City Council, pursuant to its authority under Section 3-103 of the Flint City Charter, hereby suspends Councilwoman Ladel Lewis for a period of 90 (ninety) days, effective immediately, and through and including December 24, 2023.

IT IS FURTHER RESOLVED, that while suspended, Councilwoman Ladel Lewis is prohibited from taking her seat or participating in any meeting of the City Council or its committees, in her official capacity as City Councilwoman.

About the Plan

- ▶ After extensive community engagement, discussions with the City Council and key partners, and internal review, Mayor Neeley presents this plan for investment of Flint's \$94.7 million State and Local Fiscal Relief Fund (SLFRF) allocation.
- ▶ The plan is designed to direct funds to projects and initiatives that address community priorities, meet eligibility requirements, are backed by evidence of effectiveness, promote equitable outcomes, leverage other dollars, and are financially sustainable.
- ▶ The plan is organized around five community priorities and provides details about proposed projects and initiatives, including desired outcomes, measures of success, implementation strategy, and estimated costs.
- ▶ With the City Council's approval, this plan will serve as a framework for the appropriation of SLFRF funds to specific projects and initiatives.
- ▶ As a framework, the plan is flexible. It can be adjusted as we learn more about how the state will program its SLFRF funding and be responsive to new challenges and opportunities.

Overview of the American Rescue Plan Act (ARPA)

- ▶ On March 11, 2021, President Biden signed the American Rescue Plan Act of 2021 ("ARPA") into law, providing \$1.9 trillion in aid to facilitate the nation's recovery from the Coronavirus pandemic
- ▶ In response to the significant negative impacts of COVID-19 at the local level, Congress appropriated \$350 billion to the **State and Local Fiscal Recovery Fund ("SLFRF")**, in what was the largest single investment in state, local, territorial, and tribal government in the last century.

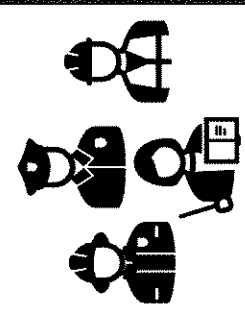

Overview of ARPA State and Local Fiscal Recovery Funds (SLFRF)

- ▶ The City of Flint was allocated \$94.7 million from the State and Local Fiscal Recovery Fund ("SLFRF")
- ▶ SLFRF funds must be obligated by December 31, 2024 and expended by December 31, 2026
- ▶ The U.S. Treasury Department's final rule for the SLFRF program, which took effect April 1, 2022, encourages state, local, territorial, and tribal governments to invest in projects that promote equitable outcomes. SLFRF compliance and reporting guidance requires recipients to measure project outputs and outcomes and emphasizes the use of evidence in selecting projects.
- ▶ Flint is required to report quarterly to the U.S. Treasury Department on its funded projects and expenditures.
- ▶ Four eligible use categories were established by the U.S. Treasury Department:
 1. Respond to COVID-19 Public Health Emergency or Negative Economic Impacts
 2. Premium Pay for Essential Workers
 3. Water, Sewer and Broadband Infrastructure
 4. Government Services to the Extent the Pandemic Reduced Revenue

SLFRF Permitted Uses and Limitations

LFRF Permitted Uses & Limitations				
Permitted uses	Responding to the public health emergency or its negative economic impacts	Providing premium pay to eligible essential workers	Funding essential government services limited by reductions in recipient's general revenue	Making necessary infrastructure investments addressing (i) clean water & (ii) broadband
				
Limitation on use	 <ul style="list-style-type: none">• The interim final rule explicitly prohibits the use of funds for deposit into any pension fund• Other ineligible uses including funding debt services, legal settlements or judgments, and deposits to rainy day funds or financial reserves• Funds can only be used for costs incurred during the period beginning March 3, 2021 and ending December 31, 2024• A recipient must return any funds not obligated by December 31, 2024, or any funds not expended to cover such obligations by December 31, 2026

Impact of COVID-19 on Flint

- ▶ U.S. Treasury Department guidance for use of SLFRF funding provides the most flexibility to “disproportionately impacted communities.”
- ▶ Disproportionately impacted communities can use SLFRF funding for a wider range of projects than other communities, including lead abatement, blight elimination, community health workers, and educational programs.
- ▶ Disproportionately impacted communities are defined as Qualified Census Tracts (a federal designation of neighborhoods where household income is 60% or less than the Area Median Income or 25% or more households are in poverty) or “low income” communities based on other benchmarks.
- ▶ Communities that experienced an increase in violent crime during the pandemic can use SLFRF funds for victim assistance, violence intervention, and law enforcement efforts.
- ▶ As shown in the following slides, Flint is disproportionately impacted across multiple dimensions: income, poverty, employment, crime, and the toll of COVID-19.

Flint, MI Economic Analysis Mapping

The map on the left shows Flint's high concentration of poverty, with all but four Census tracts above 25% poverty. The map on the right shows that all but four of Flint's Census tracts are Qualified Census Tracts (QCTs, with income below 60% of AMI or poverty above 25%).

Guiding Principles

Equity

Our recovery plan should reflect the voices of all residents and seek to reduce racial and other disparities.

Responsibility

American Rescue Plan funding is temporary. Our investments should lay the foundation for lasting change but not create future financial burdens for the City.

Sustainability

Our plan should combat environmental injustice and mitigate the long-term effects of climate change.

Compliance

We must ensure that every dollar is spent on eligible activities and is accounted for properly.

Transformation

The projects we fund should produce outcomes that make a measurable difference in people's lives. We will focus the dollars on long term impact.

Transparency

We pledge to make decisions openly, inform residents how the money is spent, and deliver the results.

Leverage

Our plan should prioritize investments that collaborate with other funders, help generate new revenue or cost savings, and recycle dollars to multiply their impact.

Financial Blueprint

- ▶ An important component of Flint's ARPA Plan is a Financial Blueprint
- ▶ The Financial Blueprint includes:
 1. A calculation of Flint's revenue loss due to the pandemic. This calculation is based on U.S. Treasury Department guidance and determines the amount of Flint's SLFRF allocation that can be spent for government services.
 2. A multi-year projection of General Fund revenue vs. the cost of maintaining current services, used to determine the amount of SLFRF funds needed to stabilize the City's budget.
 3. A proposed allocation of available SLFRF dollars to eligible use categories, administration, and contingency.

Premium Pay: This allocation of **\$2,769,712** reflects funding that the City Council has appropriated for this purpose.

COVID Response/Contingency: This allocation of **\$5 million** ensures that funding is available for multiple potential contingencies, including a new COVID variant, an unforeseen cost or revenue loss impacting city services, a new SLFRF funding opportunity, additional investment in a successful and popular SLFRF project, etc.

Administration & Evaluation: This allocation of **\$4 million** covers the cost of the city's contract with EY for assistance with SLFRF planning, implementation, compliance, and reporting through calendar year 2026; the City's other costs of administering SLFRF funding, including staff time; and evaluation of SLFRF-funded projects and programs required by U.S. Treasury Department guidance.

Community Investments: This allocation of **\$70,505,323.27** is for projects and programs approved by the Mayor and City Council to advance Flint's COVID recovery priorities - Economic Development, Public Safety, Housing & Blight Elimination, Public Health, and Infrastructure.  - The plan progressively reduces reliance on SLFRF funds in order to avoid a “fiscal cliff” when the funds expire.
- ▶ Breakdown of the \$13.5M:
 - FY 2023 - \$8.15M to maintain current services without reducing fund balance below the policy level
 - FY 2024 - \$3.6M to cover 66% of projected GF deficit

ED-07/Youth Job Training Program

\$2,500,000

2.10 Assistance to Unemployed or Underemployed Workers (e.g., job training, subsidized employment, employment supports or incentives)

Grant

Funding to provide services directly to youth (16 to 24), youth-serving organizations and employers. Initiatives and activities should target youth who experienced disruption of education, work, or other programming due to the COVID-19 pandemic, with consideration for meeting the needs of those with disabilities, are BIPOC, live in low-income households or identify as LGBTQ+, through:

- Wrap-around support services, such as housing, childcare, etc.
- Support for human resources in developing policies and implementing training to be more inclusive of youth
- Provide incentives for hiring youth
- Subsidizing the costs of job training in certificate and other programs not traditionally covered by financial aid
- Paid internships
- Programs to support youth entrepreneurs
- Outreach to youth who have completed high school, but are otherwise unengaged
- Programs to connect high school youth to community-based employers toward meaningful employment

The COVID-19 pandemic erased much of the progress in lowering the number of Opportunity Youth, or those 16 to 24 who are not working, in school or in job training. Although all age groups experienced high rates of unemployment during COVID-19, youth lag behind others in rebounding. Youth who are caregivers, BIPOC, low-income or have disabilities have fared worse. Targeted support for these groups can help with employment, assist employers in filling positions and lead to improved economic recovery for this and future generations.

Improve healthcare access and equity and support research within organizations that serve people who have been infected with COVID-19; have been a caregiver of someone who was infected with COVID-19 or are experiencing post-COVID symptoms or syndrome. This funding takes an equity approach by looking at populations that were disproportionately impacted by COVID-19, particularly low-income and BIPOC communities, and ensuring that organizations serving them have adequate support to meet their ever-changing needs. This is especially true with Long-COVID, as we are only just beginning to understand its impact on individuals, families, the workforce and society. This funding should both support the patients and caregivers, as well as the individuals and systems that contribute to a web of care. The outcomes of the funding should be, sharable, scalable, replicable and have value beyond this opportunity.

Summary/Call to Action

- ▶ If invested strategically, Flint's \$94.7 million SLFRF allocation can have a transformative impact on our community.
- ▶ This plan focuses funding on projects that promise to generate long-term positive outcomes, such as stronger neighborhoods, economic growth and jobs, safer streets, and healthier people.
- ▶ This plan will stabilize the City's budget, but because the SLFRF is temporary, we cannot rely on this funding to fix structural financial problems or increase ongoing programs.
- ▶ The Mayor looks forward to working collaboratively with the City Council to agree on a shared SLFRF plan that serves as a framework for specific funding resolutions going forward.
- ▶ Once a plan is adopted, the administration is ready to implement approved projects and will keep the Council informed about project status and performance results.

These properties will be sold to new homeowners, adjacent homeowners, or for community use or business use through a transparent and well-communicated process.

Improved Technology and Building Access for Economic Development: \$600,000 to the City's Department of Business and Community Services for

- a customized customer resource management (CRM) subscription that will launch as part of new business concierge initiative to track entrepreneur path through city zoning, property acquisition, economic development incentives, permits/inspections, and licensing;

- repair of the pedestrian bridge from 7th Street into the South Building and adjacent South Building renovations to support the city's focus on being development-friendly.

Reactivate Oak Business Center: \$223,800 to the City's Economic Development Corporation for installation of fire suppression as part of making this city-owned business incubator more sustainable in its tenant rent being able to pay for its operating expenses as well as being able to qualify for a regular commercial insurance policy instead of only catastrophic coverage. This is the remaining amount from the original \$875,000 budget – resolution 230061 approved \$651,200 for a full roof replacement – that work has begun by Royal Roofing.

Homelessness Prevention: \$500,000 to the City's Department of Business and Community Services to grant to Salvation Army for the renovation of the Dutcher Center for their medical respite program.

Water Affordability Project: \$250,000 to the City's Office of Public Health to run a program assisting low-income homeowners with water affordability.

Violence Interrupter Program: \$1,000,000 to the City's Police Department to implement and evaluate a pilot program to mediate disputes in target neighborhoods to prevent violence – based on Baltimore Safe Streets program. I retired from Hurley Medical Center March-2015 with 36 ½ years of dedicated service. It was so rewarding to work at a place where everyone was a piece of the puzzle. “ Clinical Excellence , Service to People ” has always been the main goal. I served on many committees during my time there. The two that stand out the most are Cultural Diversity and The Children’s Miracle Network Employee Campaign where I spent 25 years. Being in such a diverse atmosphere, it allowed me to interact with people from all over the globe. My primary job was Health Information Analyst. I was responsible for making sure all health records were properly documented. I worked closely with all Physicians, Residents, Nurse Praticionors, Nurses and anyone who needed to document in a patients record. I took pride in my job and gave 100%. My expertise in problem solving and maintaing comprehensive database containing patient information enhanced my ability to help move the hospital forward in the era of technology.
