Resolution Approving Lease for 4813 Clio Road

The City of Flint wishes to enter into an agreement to lease 4813 Clio Road, a property located in Hallwood Plaza, as part of a pilot project that will establish a customer service center on the north side of the City of Flint. This customer service center will allow residents of Flint's north side to have greater access to city services, including but not limited to payment of water bills and other City fees, as well as access to the City's public health office.

The proposed lease runs through December 31, 2024, and will cost the City \$4,500.00/month plus associated operational costs. Total costs, including associated costs, utilities, insurance, and other operational/facilities expenses, are projected to be less than \$108,000 per annum. Funding for this lease and the associated costs will be provided from the National Opioid Settlements Award in account 296-266.210-940.000.

IT IS RESOLVED that the appropriate City officials are authorized to do all things necessary to execute a lease for 4813 Clio Road, with an amount not to exceed \$78,000 per annum, and expiring on December 31, 2024, and to allocate available opioid settlement funds to appropriate the funding for revenue and expenditure in future fiscal years' budgets, in the amount of \$108,000, grant code ONOS-OPDST22, with the ability to roll over any funds remaining to subsequent fiscal years through Dec. 31, 2024.

**RESOLUTION APPROVING AMENDMENT OF WASTE COLLECTION SERVICES
CONTRACT WITH PRIORITY WASTE LLC**

On September 7, 2021, City Council adopted Resolution #210367, authorizing a contract with Priority Waste LLC for waste collection services covering FY2022, FY2023, FY2024, and part of FY2025.

The City of Flint has recently received two grants to purchase trash and recycling carts totaling \$3,492,000.00. To implement those grants and avoid the need to return those grant funds, the City must amend the contract with Priority Waste LLC to facilitate the use of those trash and recycling carts, which are outside the scope of the original contract.

Priority Waste, LLC has agreed to amend the current contract to extend the term of the contract through June 30, 2028, remove the current contract provisions establishing rate increases for those years, extend the third-year (FY2024) rates through FY2028, and provide for an optional five (5) one-year contract extensions to cover FY2029, FY2030, FY2031, FY2032, and FY2033 at agreed-upon rates.

IT IS RESOLVED that the proper City officials are authorized to execute a change order to the contract with Priority Waste, LLC, extending the term of the contract to June 30, 2028, with the third-year rates to be extended through that period, in an amount not to exceed \$26,889,631.20 (aggregate amount \$46,616,378.40).

- \$6,722,407.80 pending adoption of the FY25 budget
- \$6,722,407.80 pending adoption of the FY26 budget
- \$6,722,407.80 pending adoption of the FY27 budget
- \$6,722,407.80 pending adoption of the FY28 budget

IT IS FURTHER RESOLVED that the proper City officials are requested to update City Council on a quarterly basis regarding the distribution of grant-funded carts to City residents.

<p>The City of Flint has been preliminarily awarded two grants for City of Flint residents for the procurement and distribution of recycling and trash carts, educational materials, and outreach efforts. To support the implementation of a cart program, the contract with Priority Waste must be amended to support this program. Priority Waste has agreed to extend the current contract until June 30, 2028, with five one-year options to extend, and will lock in pricing at the current third-year rate through June 30, 2028. After that date, the one-year options include guaranteed pricing at a 3% increase per year.</p> <p>In comparison, the current contract provides for price increases beginning in FY2025. The total costs for FY2025-FY2028 will save the City of Flint over \$2.2 million dollars. In addition, if the contract with Priority Waste is not amended, the City will have to return the approximately \$2.5 million in grant funding that it has received to fund this cart program.</p>

Agenda Item Title:

RESOLUTION TO ALLOCATE OPIOID SETTLEMENT FUNDS FROM THE STATE OF MICHIGAN, IN THE AMOUNT OF \$50,000

Prepared by:

Shelly Spark-Green, Chief Resilience Officer

Background/Summary of Proposed Action:

Name and type of organization: Donations with Love Foundation - a 501(c)3 Organization

Expected timeline for expansion activities: December 1, 2023 – November 30, 2024

Amount of funds requested: \$50,000.

History- The Donations with Love Foundation (DWLF) was established in 2015 to serve young people between 7 and 19 years of age, disability adults as well as at-risk veterans across the Flint, Beecher, Grand Blanc, Swartz Creek, and Mount-Morris Michigan communities.

Vision- The vision of our organization is to use new and creative ideas to give the members of our local community a platform to discover new ways of thinking and solve problems without resorting to drugs, Harm Reduction, violence, and possibly suicide.

We explore pathways for prevention and recovery from addiction for individuals and families, as well as an excellent vehicle for addressing the stigma associated with addiction and recovery from substance use disorders and the formal treatment of substance use disorders.

Use of Funds - This funding will help us further our mission to provide empowerment and literacy programs that educate the community on the effects of opioids, e-cigarettes, CBD, addiction prevention and recovery, harm reduction, and the overall impact of trauma on adolescents and families.

Our organizational strategy uses animated videos to help inform our K-12 audience, and education workshops for adults to help assist them with strategies for drug abuse prevention, recovery, and trauma-informed care. Through our efforts, the youth we engage learn how to be in touch with their emotions and to engage in expression suppression inhibiting their emotions to create a better life for them every day. We conduct ongoing drug abuse prevention & trauma-informed care education literacy workshops in collaboration with local community-based healthcare partners that teach about the safe use of medication; how to practice safe dosages; remembering the importance of safe medication usage; understanding the concepts of over-the-counter usage and abuse.

Proposal

This proposal is for medication and concepts of drug facts, as well addiction prevention and

recovery. Our creative activities will help build and sustain relationships across the community that will allow us to respond to the diverse needs of the overall community, with an intentional concentration on the youth population. With an added program component to engage senior adults, our organization will be able to empower the family. In one sentence, the DWLF Drug Abuse Prevention & Trauma Informed Care education program provides unique solutions and partnerships to help support the delivery of critical public health, drug prevention, and recovery created by LBD Legacy Consulting LLC strategies, medical, and community-based interventions that will lead to positive health outcomes for the children and families of Flint, MI. We have been operating this type of work in the community since 2015.

DWLF services include (but are not limited to): prescription medication literacy workshops; training on the proper safe storage and usage of the medication, Over the counter- as well as informational sessions on the risks of developing addictions as well as other side effects of improper medication usage and the benefit of drug abuse prevention & trauma-informed care training. DWLF also offers programs that teach the concepts of drug abuse and the sharing of information and resources to those affected, addicted, and/or recovering.

We recognize that collaboration is essential to the continued success of services to the community. These collaborations help us reduce costs while also leveraging trained health professionals to assist in our workshops and training activities. Support from the community members, donors, and local government will remain very important for the success of the project. We have been collaborating with other organizations on other projects and we have engaged with them to support this grant proposal and beyond.

Established DWLF Partnerships:

- Michigan Department of Health and Human Services
- Genesee County Sheriff's Department
- Genesee County Prevention Coalition
- Genesee County Mental Health Services
- Genesee County Health Department
- Genesee County Human Trafficking Task Force
- City of Flint Police Department
- 2nd Ward Flint City Councilwoman, Ladel Lewis
- Employment Networking Solutions (ENS)
- Greater Flint Health Coalition's Mental Health & Substance Use Task Force
- Hasselbring Youth Coalition
- Flint Public Library
- Motherly Intercession
- Heart Worship Dance Studio

The above partnerships have been active in the work of DWLF and continue to support us as a Recovery Community Organization (RCO) within our local area. Our local hospitals and substance abuse recovery centers utilize our services for their community events as well as family engagement. This one-time funding will help us:

- Support and leverage our current activities and staffing for collaboration with our

community partners created by LBD Legacy Consulting LLC

- Expand our work with our grant research and writing consultant and efforts to secure alternative funding streams for long-term sustainability
- Expand our media reach in efforts to better engage the recovery community regarding the existence and availability of our services.

RESOLUTION AWARDED ARPA FUNDS TO NEIGHBORHOOD ENGAGEMENT HUB TO SERVE AS THE FIDUCIARY FOR MOTT PARK NEIGHBORHOOD ASSOCIATION IN RESPONDING TO IMPACTS OF THE PANDEMIC ON BLIGHT

BY THE MAYOR:

WHEREAS, On March 11, 2021, the President of the United States of America signed into law the "American Rescue Plan Act of 2021", an Act approved by the Congress of the United States, and which authorized the Treasury of the United States to disburse certain funds to local governments, including the City of Flint, which could be used for specific and defined purposes;

In accordance with the American Rescue Plan Act of 2021, the City of Flint wishes to exercise its right to extend and disseminate assistance to impacted households tied to specific criteria, as authorized by the Act, to assist citizens who may have been impacted by the COVID-19 pandemic;

On October 24, 2022, the Flint City Council adopted an ARPA Allocation Plan for allocating the \$60,351,968.00 of the City's remaining ARPA funding. The category of Neighborhood Improvement (\$13,735,000 total) consisted of \$9,660,000 to be funded, including \$1,210,000 for neighborhood cleanup to provide blight removal assistance to Flint communities. The administration recommends funding \$50,000 for the Neighborhood Engagement Hub to provide blight removal assistance to serve as the fiduciary for Mott Park Neighborhood Association providing blight removal in Ward 6.

RESOLUTION AWARDING ARPA FUNDS TO NEIGHBORHOOD ENGAGEMENT HUB TO SERVE AS THE FIDUCIARY FOR MOTT PARK NEIGHBORHOOD ASSOCIATION IN RESPONDING TO IMPACTS OF THE PANDEMIC ON BLIGHT

Prepared by:

Latrese Brown, Community Liaison

Background/Summary of Proposed Action:

Mott Park Neighborhood Association: *Funding request and purpose:* **Requesting \$50,000 for Accessibility for Mott Park Project funded through Neighborhood Engagement Hub as the fiduciary;** As one of the final pieces in the park's master plan to address blight, add improvements, and ensure maintenance of the park, the neighborhood would like to add a 10-foot-wide asphalt path that would enable access to the amenities in Mott Park, including our playground, bicycle garden, tennis court, hockey rink, and (still in progress) basketball court. In doing so, those areas would be less susceptible to blight and maintenance issues due to more regular use and "eyes on the area" by those using the path. Mott Park is built in a valley with steeply sloped hills. The neighborhood's second phase of this project expands the trail to follow the park's perimeter as an added loop. This phase is not included in this proposal but should be known. The neighborhood will contract with an asphalt company to install the trail. They will do all the work, including altering slopes, filling holes, putting down gravel foundations, pouring asphalt, leveling dirt, and planting grass. The neighborhood will contract with an asphalt company to install the trail. They will do all the work, including altering slopes, filling holes, putting down gravel foundations, pouring asphalt, leveling dirt, and planting grass. When complete, all of their neighbors will have access to the beautiful amenities in our park. The neighborhood is especially mindful of wheelchair-bound neighbors, but this will benefit their youngest neighbors, who may be pushed in strollers, and their elderly neighbors, who may not be comfortable walking down steep grassy hills.

History: Since 2009, Mott Park has been the focus of blight elimination efforts to restore the park to a safe and attractive place for residents to use for leisure and recreation.

RESOLUTION TO PROCEED WITH ARPA FUNDS GRANTS FOR INCREASED FOOD ACCESS

The City of Flint is a duly created and validly existing political subdivision of the State of Michigan under the Constitution and laws of the State of Michigan, and;

On March 11, 2021, the President of the United States of America signed into law the “American Rescue Plan Act of 2021”, also known as House Resolution 1319, an Act approved by the Congress of the United States, and which authorized the Treasury of the United States to disburse certain funds to local governments, including the City of Flint, which could be used for specific and defined purposes, and;

In accordance with the American Rescue Plan Act of 2021, the City of Flint wishes to exercise its right to extend and disseminate assistance to impacted households tied to specific criteria, as authorized by the Act, to assist citizens who may have been impacted financially by the ongoing COVID-19 Pandemic.

The administration recommends funding the Increase Food Access contracts in the amount of \$100,000 from the category of Public Health # HB06 as part of City Council Resolution 220464.1, Proposed ARPA Allocation Plan, on October 24, 2022. The information can also be found under the Public Health tab on the excel spreadsheet provided by E&Y. According to the City of Flint ARPA plan, the desired outcomes for this category are:

- Make Flint families food secure
- Prioritize mental health
- Refurbish parks and community centers

Mayor Neeley and the administration were tasked with adjusting the amounts awarded and the selected organizations to make sure that the amount funded matched the council approved budget amount. The recommendations for Increased Food Access are from the ARPA Committee and are fully recommended.

Attached to this resolution, you will find a detailed organization description including a summary, date established, past projects, and purpose of the requested funds listed on their ARPA application.

Funding is to come from the following account:

App #	INCREASING FOOD ACCESS: \$1,000,000 available

Agenda Item Title:

RESOLUTION TO PROCEED WITH ARPA FUNDS GRANTS FOR INCREASED FOOD ACCESS

Prepared by:

Latrese Brown, Community Liaison

Background/Summary of Proposed Action:

Asbury Community Development Corporation: *Funding request and purpose:* **Requesting \$100,000 for Asbury Community Kitchen;** Asbury's Community Kitchen launched on July 1, 2023, and during the first phase it featured an outdoor venue adorned with food-bearing plants, local art, and our mobile food trailer. At the completion of Phase Two, participants will enjoy indoor events featuring chefs teaching tasty and healthy meal preparation based on local ingredients. Residents sample food selections and take home ingredients to prepare meals for themselves and their families.

The Community Kitchen's secondary farmer's market is an expansion of Asbury CDC's programs that provide youth and young adults with job readiness skills and address food insecurity in the surrounding neighborhoods while also providing local farmers with additional days to sell their produce in Flint.

The activities will include paving 33,300 square feet of parking lot, installing farmers market stalls and picnic tables, and hiring a farmers market coordinator to onboard farmers and drive traffic weekly.

The secondary farmers market will provide an additional way to distribute and engage with local residents. Residents will be invited to grow with us by volunteering on our farm and as a reward for their volunteerism, they receive a credit that allows them to pick up produce at the secondary farmers market, therefore increasing food access and especially for those who experience food insecurity and were negatively impacted by COVID 19.

This proposal increases food access for Flint residents by allowing increased access to local agricultural products on days and hours that the Flint Farmer's Market is closed. Over 90 thousand visits are anticipated in the first three years of operation. Their plan leverages funding from the City of Flint CDBG (\$150,000) and the Healthy Food Finance Initiative (\$200,000) that allows them to purchase a site for the Asbury Community Kitchen. Over three years, this project will result in \$600,000 in local produce and other food items being sold or distributed.

History:

Asbury Farms (Flint, MI) works to strengthen its neighborhood by transforming blighted and underused land into community gardens and supporting local residents interested in growing fresh food or earning a living from food production.

The idea for Asbury Farms arose out of the strategic decision of the leaders at Asbury Community Development Corporation to be a center for health and wellness in their Flint neighborhood. The community around Asbury Farms has experienced unacceptable lead levels in its public drinking

water and faces substantial food insecurity and a high incidence of youth crime. It is one of the poorest neighborhoods in Michigan. Asbury Farms helps to alleviate these neighborhood stresses by transforming empty property into thriving community gardens; increasing access to fresh, healthy food; providing employment opportunities to neighborhood youth; and offering residents a pathway toward greater financial security through its farm incubator program.

RESOLUTION TO PROCEED WITH ARPA FUNDS GRANTS FOR INCREASED FOOD ACCESS

Prepared by:

Latrese Brown, Community Liaison

Background/Summary of Proposed Action:

R.L. Jones Community Outreach Center: *Funding request and purpose:* **Requesting \$100,000 for Access and Functional Needs Program;** Since the Water Crisis, R.L. Jones Community Outreach Center has served as a Help Center/ Resource Center for seniors and families to receive water and food. R.L. Jones Community Outreach Center assists residents in 1,364 households weekly through their Access and Functional Needs (AFN) delivery service. The AFN Program Delivery Services division provides critical resources to citizens at their place of residence. The need for water delivery for seniors over the age of 85 has increased since the COVID-19 pandemic. They are continuing to provide foods high in protein and foods high in various vitamin nutrition. They also partner with GCCARD and the Food Bank of Eastern Michigan to purchase the various supplies used for our food distribution services.

The items distributed through all divisions have expanded including an increase in requests for cleaning and personal care items. They are now providing detergent, disinfectant cleaning supplies Clorox, Lysol Wipes, Hand Sanitizer, etc. Families show an increased need for baby food, toothpaste, bath soap, deodorant, milk, diapers, adult diapers, shampoo, conditioner, mouthwash, snacks, etc. While many of the residents they service are seniors through our AFN Delivery, many of them care for grandchildren and other young family members which increases the need for essentials for small children and babies.

In their area, normally senior citizens and the disabled do not get very good access to public transportation allowing them to get to a store to pick up everyday household items. In addition, their area of the city has no regular grocery stores that are within walking distance for many residents. Therefore, there was a huge need to have items brought to them which is what led to the development of the Access and Functional Needs Program. The senior population is particularly vulnerable to rising costs. Too many seniors are having to choose between purchasing prescriptions versus food, so they can step in to fill that gap and provide them with nutritious foods ensuring they no longer have to pick food or medication. There are definite health inequities that exist for these particularly vulnerable populations regarding food access. R.L. Jones Community Outreach Center works to address these inequities through the services we provide in the community.

History:

For over 50 years, Greater Holy Temple Church Of God In Christ has been a landmark in North Flint and is the home of the R.L. Jones Community Outreach Center (COC) which was established in 2016. The Center is dedicated to the promotion and maintenance of optimal health and wellness for residents affected by the Economy, Water and COVID-19 Crisis and beyond.

They have four priority service areas: The Catherine's Closet of Hope, Access and Functional Needs Home Deliveries (AFN), Youth in Action and Adult Job Training Program (Job Readiness Program) and a Resource Center that includes Health and Wellness, Social Services and Food Distribution and Nutrition.

They are dedicated to the promotion and maintenance of optimal health and wellness for patients dealing with short-term illnesses, rehabilitation and recovery during the food insecurity crisis in Flint and the surrounding areas. The COC-Nutrition Center is located on the Northside of Flint, Michigan; and is a convenient and trusted resource hub for individuals seeking a holistic approach to address the effects of food insecurity and lead poisoning on their health and well-being.

The Resource Help Center provides weekly food distribution on Thursdays. Through our HELP Center we assist an average of 300 vehicles which equates to approximately 900 residents per week.

Families who receive SNAP benefits recently saw reductions in the COVID-19 emergency food assistance payments which they had been receiving. These families have been turning to the HELP Center to get food which was previously covered by their increased SNAP benefits. In addition, many of the families we service are not eligible for these benefits. They come from working class homes whose incomes are higher than the allowable amounts. As costs for goods have increased there has been a dramatic rise in health disparities regarding families being eligible to purchase healthy foods, so the HELP Center has helped fill this gap.

RESOLUTION TO ALLOCATE OPIOID SETTLEMENT FUNDS FROM THE STATE OF MICHIGAN, IN THE AMOUNT OF \$200,000

Prepared by:

Shelly Spark-Green, Chief Resilience Officer

Background/Summary of Proposed Action:

Organization - Insight Med-Psych Healthcare Services and Hospital

Use of Funds - The Medical Psychiatric Specialty Hospital and Healthcare plan currently has a funding gap to begin operations once construction for phase 1 with 24 beds is completed in 2024. Approximately 70 new positions will need to be filled including nurses and medical assistants.

In August of 2021, the State of Michigan granted Insight the certificate of need (CON) to proceed with a 70-bed inpatient med-psych unit in Flint, MI. The facility is a dual-diagnosis facility, being able to provide care to patients who need in-patient medical diagnoses as well as psychiatric diagnoses. Patients will be admitted to the facility from referring public safety agencies, area hospitals, and community clinics. The hours of operation will be 24/7 allowing for patients to receive care at any time. Patients will be discharged once all criteria have been met including outpatient treatment plan, family/return to home plan, and a social worker connection.

The Insight Medical Psychiatric Specialty Hospital and Healthcare Services is a partnership between Insight Management (IMACS) and the nonprofit 501(c)(3) Insight Research Institute (IRI). The construction will be done in a multi-stage approach, and the first 24 beds are expected to be completed by the fall 2024.

History -The new specialty hospital is the latest addition to the Insight Flint Medical Campus located at 4800 S. Saginaw St. in Flint at the former General Motors office. A \$2.5 million grant from the Michigan Department of Health and Human Services is funding the construction of the space for the first 16 beds. The former GM building was part of the Fisher Body No. 1 plant until it was retrofitted into an engineering and design center as part of the Great Lakes Technology Center before becoming Insight Flint's Medical Campus in 2009.
