SUBJECT: **Addendum #01** – PROPOSAL #24000524- ENGINEERING AND DESIGN OF A GREEN COMMON SPACE

This addendum has been issued to address the following Q&A.:

Q1.) Is the one-to-two-month timeline for completion of the outlined scope of work or construction of the project?

A1.) This timeline is for the completion of the goals laid out in the scope of work. This does not include construction.

Q2.) If for the outlined scope of work, will the City consider a 4–6-month timeline for completing the work for this project, from the award date of a contract?

A2.) The city wants to have construction start by the summer time. 4-6 months for completing this project will not work for us.

Q3.) Has a design and construction budget amount been identified for the project, and if so, would the City be able to share this information?

A3.) The overall budget for the construction of the project is \$300,000.

Q4.) this project funded by a local, state, or federal grant?

A4.) The funding is CHOICE which is a federal grant. Additional information on this grant can be found at hud.gov/cn

All other bidding terms, requirements, and conditions continue as indicated in the remaining original bid documents.
