  - b) Within fourteen (14) days from the date that demand for arbitration is received by the City, each party shall submit to the other the name of one person to serve as an arbitrator. The two arbitrators together shall then select a third person, the three together shall then serve as a panel in all proceedings. Any decision concurred in by a majority of the three shall be a final binding decision.
  - c) The final decision rendered by said arbitrators shall be binding and conclusive and shall be subject to specific enforcement by a court of competent jurisdiction.
  - d) The costs of the arbitration shall be split and borne equally between the parties and such costs are not subject to shifting by the arbitrator.
  - e) This provision shall survive the expiration or termination of this Agreement in perpetuity.

- 14) **BID HOLD:** The City of Flint may hold bids for a period of one hundred twenty (120) days from opening, for the purpose of reviewing the results and investigating the qualifications of bidders prior to making an award.

- 17) **ERRORS AND OMISSIONS:** Bidder is not permitted to take advantage of any obvious errors or omissions in specifications.
- 18) **INTERPRETATION:** In the event that any provision contained herein shall be determined by a court of competent jurisdiction or an appropriate administrative tribunal to be contrary to the provision of law or to be unenforceable for any reason, then, to the extent necessary and possible to render the remainder of this Agreement enforceable, such provision may be modified or severed by such court or administrative tribunal having jurisdiction over this Agreement and the interpretation thereof, or the parties hereto, so as to, as nearly as possible, carry out the intention of the parties hereto, considering the purpose of the entire Agreement in relation to such provision.

## **REQUEST FOR PROPOSALS WEED/GRASS ABATEMENT WITHIN THE CITY OF FLINT'S RIGHT-OF-WAY**

### **PURPOSE OF RFP**

The City of Flint, Michigan, is requesting qualified contractors submit their qualifications and pricing for the purpose of identifying contractors who will be capable of performing weed/grass abatement within the City of Flint's right-of-way for a two year period – 7/1/24 through 6/30/26.

### **SCOPE OF SERVICES**

The City of Flint is seeking proposals from qualified landscape contractors to perform grass abatement services as designated by City of Flint staff. The services will be primarily for cutting tall grass and weeds more than eight (8) inches within the public right-of-way and may also include removal of miscellaneous debris. It is the City's desire to select enough Contractors to provide abatement services throughout the City concurrently. Therefore, the City will retain the right to select up to six qualified contractors to perform tall grass and weed abatement services. It is anticipated the City will contract with the selected qualified contractors to provide grass abatement services for a one-year period with the option of annual renewals for two additional years upon mutual agreement between the City and selected Contractors. No minimum quantities of abatement services are guaranteed.

### **Cutting Grass and/or Weeds**

During the course of the spring/summer/fall months (June-October), the Contractor will be responsible for weed/grass abatement in the City of Flint's right-of-way. The City of Flint will be divided into four - six designated areas and there will be one Contractor selected per area. Contractors will be responsible for weed/grass abatement approximately two (2) times per season. Weather and growing conditions shall determine the frequency of the work. **The primary focus will be on the right-of-way at intersections, around stop/yield signs, bus stops, bus shelters, and the parkway in front of vacant properties/lots.** If weed/grass abatement is required on a major street, then a temporary traffic control plan must be provided to the City of Flint Department of Public Works, Traffic Engineering Division, at least three (3) working days prior to conducting the abatement. Contractors shall also be required to cut a mow strip along the opposite edge of the sidewalk areas adjacent to the right-of-way to allow pedestrians to travel without interference from tall grass and weeds and to allow clear vision sight distance at intersections.

All Contractors shall take before and after pictures of each property mowed. A white board shall be used, listing the date and location. Property addresses are to be used, when possible, instead of parcel numbers. In the future, you may be required to post pictures online on an approved website. Please email [rowenforcement@cityofflint.com](mailto:rowenforcement@cityofflint.com) for an inspection within three days of the cut.

No Land Bank properties are to be mowed. It is the Contractor's responsibility to identify city owned properties. You can refer to [flintpropertyportal.com](http://flintpropertyportal.com) to identify said properties.

The Right-of-Way (ROW) is defined as 10 – 12'. The City is also requiring one mowing pass behind the sidewalk.

Intersections that need to be cut must be cut at an angle (triangular) so that cars can see oncoming traffic.

For this contract, a parcel is an average of 45'.

False mowing information relayed to the City of Flint may result in the termination of the contract.

The City of Flint will provide the locations within the mapped areas that are required to be abated. If for some reason other events dictate that the abatement occurs more often, the Contractor will be notified and will have 72 hours to respond to the City's request.

Contractors shall be required to respond to and return any calls received from the City within a 24-hour period of a call or message being placed or left on the Contractor's cell phone of record.

Mowing equipment shall be set to cut the grass and weed growth at a height of two (2") inches or less and the equipment shall be adjusted so that the finished top surface will be even. Contractor shall weed whack around fire hydrants, trees, curb lines, stop/yield signs, signpost, bus stops, bus shelters, or any other structure or obstacles within the right-of-way. No grass shall be blown into the streets or left on sidewalks. Contractor will move large debris from out of the right-of-way areas before cutting the right of way area. Thereafter, the Contractor is to notify the City of the large debris that is required to be removed from an abated right-of-way area.

The Contractor shall be responsible for cleaning up the abatement areas by blowing grass off the sidewalks and removing any debris within the street. Contractor will not be responsible for raking abated properties.

The removal and off-site disposal of landscape waste, small debris and refuse shall be included in the contract price unless an extra fee is pre-approved in writing by City staff before removal work is performed.

### **Solid Waste Removal**

The City requires the Contractor to remove small debris and other solid waste materials from a property before abating tall grass. If the Contractor discovers unanticipated large amounts of debris or solid waste on a right-of-way property, the Contractor shall notify the City to determine if an extra fee will be paid for its removal. If the City determines the Contractor will not be paid for the removal, the City shall be responsible for abating the debris. In the event the Contractor is authorized to remove a large amount of debris, the Contractor shall take a photograph of the solid waste on the property prior to removing it. The photograph shall have an identifier in the background to differentiate the property from any other. Two photographs, one close up and one from further back, may be necessary to accomplish this requirement. The Contractor will not be paid for work completed if a date stamped photograph and invoice are not provided and if the required pre-approval is not obtained to verify the existence of the solid waste. The solid waste must be removed and be disposed of at an approved landfill.

### **Work Rules and Procedures**

The Contractor shall be given weekly grass abatement assignments that shall consist of a list of specific streets, segmented from intersection "A" to intersection "B" to allow for more efficient abatement of grass in the designated areas. The assignment list will be compiled by City staff who will perform site visits of assignment area to determine the number of right-of-way properties in need of grass abatement. It will be the Contractor's responsibility to abate the list of assigned street segments within seven (7) days of receiving the assignment list. In the event of inclement weather, the Contractor shall notify the City of his/her failure to provide the authorized services on the properties in question prior to the weekly assignment completion date.

Contractor will submit invoice(s) and before and after pictures to [rowenforcement@cityofflint.com](mailto:rowenforcement@cityofflint.com) within three days of mowing. The City will inspect the abated right-of-way areas to confirm completion of the grass abatement assignment before payment will be made.

Unassigned Work Authorization -- The Contractor will not be paid for work completed if unassigned street segments are abated before obtaining prior authorization from the City to abate unassigned properties.

Grass Abatements Completed upon Arrival to Assigned Right-of-way Areas -- The Contractor shall inform the City if assigned grass and/or weed abatement areas were cut by others at any assignment location when the Contractor arrived on site to perform abatement services. Contractor shall not invoice the City for properties that are abated by others at any right-of-way area listed on the weekly assignment list.

Submission of invoice on a Weekly Basis -- Contractor shall submit an invoice via email to the City of Flint's Accounts Payable Department on a weekly basis to verify the work performed the previous week and a copy to the City of Flint Street Maintenance Division (rowenforcement@cityofflint.com). The Contractor's payment for services rendered shall be processed after the City confirms acceptance of the grass abatement services. Invoices shall be paid within 14 business days after the invoice is submitted and approved. Invoices shall be prepared and submitted in a format as listed below:

1. Street name, from intersection A to intersection B, as identified by the City.
2. The date work was performed.
3. Estimate of solid waste removed in cubic yards.
4. Per street segment cost, as described above in item #1.
5. Total cost for weekly abatement assignment as authorized by the City of Flint.

Contractor to Seek Clarification of Assignment -- Upon arrival at any assigned abatement area, if there is any doubt on the Contractor's part what work needs to be performed, the Contractor shall not service said property and shall instead contact the City within 24 hours for more information and direction.

Contractor to have Sufficient Personnel and Equipment -- The Contractor shall have sufficient personnel and equipment to ensure that all authorized mowing and/or debris removal is accomplished within the authorized time frame. Contractor is to submit to the City a list of personnel and equipment to be utilized to perform weekly assignments within the City of Flint. Number of personnel and equipment must be approved by the City prior to the execution of a contract with a qualified Contractor.

Contractor to provide on-site supervision (Foreman) with the ability to respond, make decisions and stay in communication with the Department of Public Works by use of cell phone. Personnel must be readily identified as employees of the company, i.e. uniforms, hats, safety vests, etc. All work shall be performed in a professional manner using quality equipment, all of which must be maintained and operated with the highest standards as well as meeting all MIOSHA regulations. The Contractor shall accompany the bid with a complete up-to-date list of all equipment, machinery and related attachments that will be available to perform abatements. The Contractor at minimum must have equipment equivalent to the following: (1) Brush hog, (1) zero turn mower, weed whackers, and leaf blowers.

Guarantee -- Any property which is not mowed and/or cleaned satisfactorily, as deemed by the City, shall be re-done upon the City's request at the Contractor's expense within 24 hours or on the next working day.

Property Damage -- The Contractor shall assume complete responsibility for any claim of property damage or bodily injury, which may directly or indirectly arise from the Contractor's performance under the terms of this bid. Should any damage to property be caused by the Contractor, the Contractor shall be required to make repairs immediately, at its own expense. The City may elect to repair or replace the damaged property and bill the Contractor for all costs. The City is not responsible for any damage to the Contractor's equipment or property serviced by the Contractor. The Contractor shall not recover from the City of Flint the cost of damaged equipment, broken mower blades, punctured tires, or any other damaged equipment, as a result of assignments,

regardless of the condition of the property. The Contractor shall immediately notify the City of any property damage to the property, but in no event shall said notice be provided to the City later than when the Contractor submits the date stamped photographs and invoice for the work performed at the property.

Work Hours -- The Contractor will be allowed to schedule normal work hours between 7:00 a.m. to 9:00 p.m., Monday through Saturday. Work on Sundays and National holidays shall be prohibited. Contractor is to submit a schedule of abatement activities scheduled each day to the City of Flint Street Maintenance Division by 8 a.m. daily. The daily schedule shall be submitted by email to [rowenforcement@cityofflint.com](mailto:rowenforcement@cityofflint.com).

Quality of Work -- All work performed under this proposal must be completed in a satisfactory manner. Partial performance is not acceptable. All work shall be performed to a commercially reasonable standard that includes, but not limited to; mowing grass at a uniform height, and weed whacking around trees, fire hydrants, bus stops, bus shelters, signposts, and any other stationary objects within the right-of-way.

Inability to Perform -- In the event the Contractor is unable to perform assigned tasks in the time frame prescribed, the City reserves the right to hire another Contractor to complete the tasks on said property as well as any other future properties. Any charges over and above awarded contract prices will be deducted from the awarded Contractor's next invoice.

### **Contractors Qualifications**

Contractors shall be known to be skilled and regularly engaged in work of a similar nature. Contractors shall have at least 5 years of experience in commercial mowing.

Contractors shall also demonstrate possession of the necessary equipment to perform according to contract requirements through written proof of ownership, lease, or under conditional purchase or lease.

In addition to the above, Contractors shall be required to submit a certification statement setting forth such information as the City may require concerning prior experience and performance record, including other work now under contract.

### **Proposal Evaluations**

The City of Flint will establish a review committee to review all submitted proposals. The City of Flint reserves the right to reject all/any proposal(s) based on what is in the best interest of the City.

### **Fee Schedule for Grass Abatement Services**

The City is requesting that qualified landscape contractors submit a flat rate fee schedule to abate each parcel of right-of-way. Right-of-way parcels can be assumed to average approximately 10 ft. by 30 ft. There are right-of-way parcels that are smaller and larger. However, to simplify processing of invoices and to reduce administrative burden for the City and Contractors, Contractors and City must agree to assume that a flat rate fee will fairly compensate for the various sizes of right-of-way parcels within the City. Contractors' flat rate fee must also include cost for removal of miscellaneous small debris. Contractors will be paid

a flat rate fee for each parcel abated regardless of the differentiation in size.

**Interested Contractors' Submissions**

Interested Contractors will submit their proposed annual flat rate fee schedule to abate right-of-way parcels using the document entitled "Analysis Form." The City will have vendors submit pricing in the following manner:

Flat rate fee per right-of-way parcel (year 1, 2 and 3)

- a. Name and brief history of the company
- b. Prior experience and performance record
