If extenuating circumstances or unusual project conditions exist, a time extension may be requested through the Recipient.

IV. Responsibilities of the Subrecipient

Federal funds cannot be used to replace a reduction in non-federal funds or solve budget shortfalls in general fund programs.

The goal of these compliance requirements is to protect the nation's environmental, historic, and cultural resources. VI. Reporting Procedures

The Subrecipient must submit quarterly progress reports to the Recipient on the status of all large, open projects. Quarterly progress reports are required whether expenditures are incurred or not. Current forms and instructions are located at <https://www.michigan.gov/msp/divisions/emhspd/public-assistance-grants-program/public-assistance-forms> or can be requested by sending an email to **MSP-EMHSD-DisasterPA@michigan.gov**.

Failure by the Subrecipient to fulfill quarterly reporting requirements may result in the suspension of grant activities until reports are received.

Quarterly progress reports are to be submitted on the EMHSD-014, Public Assistance Grant Program Project Quarterly Progress Report form, by the 15th of the month following the end of each quarter and should be emailed to **MSP-EMHSD-DisasterPA@michigan.gov**.

The reporting periods and due dates for each year are as follows:

1st Quarter:	October 1st through December 31st	Due January 15th
2nd Quarter:	January 1st through March 31st	Due April 15th
3rd Quarter:	April 1st through June 30th	Due July 15th
4th Quarter:	July 1st through September 30th	Due October 15th

VII. Payment Procedures

Reimbursement amounts are based on the federal share obligated of approved FEMA Project Worksheets (PW) as indicated in Section III, Award Amount and Restrictions.

A. Small Projects (<= small project threshold):

The Stafford Act provides for a small project designation, which is a simplified procedure designed to speed payment of disaster assistance funds to applicants when the cost is below the small project threshold. When the PW estimate of eligible costs for a project is below this threshold, payment of the federal share is based on the PW estimate instead of actual costs of the work. In most cases, **Recipient will make payment of the full federal share of small projects as soon as practicable after review and receipt of approved PWs from FEMA.** The federal share payment for a small project will not be reduced if all the approved funds are not spent to complete a project. However, failure to complete a small project will require the federal share be refunded. Subrecipients are also required to maintain supporting documentation and proof of payment and provide them at any time upon request of Recipient or FEMA.

B. Large Projects (> small project threshold):

1. **For large projects that are 100% complete at project formulation,** the federal share payment will be processed after the Recipient has received the following items from the Subrecipient:
 - a. All required Grant Agreement package forms and documentation listed above.
 - b. Request for Reimbursement of Public Assistance Project Expenses (EMHSD-015a) form certifying project expenditures and completion within the grant period.
 - c. Proof of payment for project costs.
2. **For large projects that are estimated or partially complete,** Subrecipient **may request** federal share reimbursement for actual expenditures, up to 90% of the Federal share. Approved funding will be processed for payment after Recipient has received the following items from the Subrecipient:
 - a. All required Grant Agreement package forms and documentation listed above.
 - b. Request for Reimbursement of Public Assistance Project Expenses (EMHSD-015a) form certifying project expenditures and completion within the grant period.
 - c. Supporting documentation, including but not limited to, detailed invoices, contracts, etc.
 - d. Proof of payment for project costs.

The Recipient will reimburse up to 90% of the federal share until FEMA final review and project closeout approval (see VIII. Project Closeout). Remaining funds will be reimbursed after FEMA final approval.

C. Large, Expedited Projects:

The Federal Emergency Management Agency (FEMA) may provide expedited funding for Emergency Work projects that exceed the small project threshold. For expedited projects, FEMA will base the funding amount on information provided by the Subrecipient. If cost information is not available, FEMA estimates the project cost based on limited information about the work activities the Subrecipient will perform. Expedited projects are limited to defined operational periods (30, 60, 90-days); awarded at 50% of the estimated cost to complete the work; and federally funded at the disasters' cost share for the defined operational period. This process enables funding to be readily available, but it is not a blanket authorization to advance funds to subrecipients without documentation to support the drawdown of funds. Recipient may draw funding in advance of receiving actual cost documentation in accordance with federal regulations. [44 CFR § 206.205 (a), Payment of Claims, Small Projects, and 2 CFR § 200.305 (b), Payment.]

Upon receipt of the "expedited" payment, the subrecipient will be required to reconcile all costs with necessary documentation, including proof of payment as soon as administratively possible, but not later than 90-days following issuance of the expedited payment, unless an extension is granted by the state. Any costs not reconciled by actual cost documentation and proof of payment will be returned to the Recipient within 30 days of notification.

D. Management Costs (Category Z):

A management cost is any indirect cost, any direct administrative cost, or any other administrative expense associated with a specific project under a major disaster or emergency. Management costs can be claimed for administering and managing PA awards for up to 5% of the Subrecipient's total award amount based on actual costs, including federal and non-federal cost shares, after insurance and any other reductions. Management costs are funded at a 100% federal cost share and are obligated on one Category Z project. Eligible activities may include, but are not limited to, meetings regarding the PA Program or overall PA damage claim, preparing correspondence, preparing projects, reviewing PWs, collecting, copying, filing, or submitting documents to support a claim, requesting disbursement of PA funds, and training. All Category Z PWs will be reconciled and reimbursed based on actual costs not to exceed the maximum 5% allowed, including those Category Z PWs that are below the large project threshold.

VIII. Project Close-Out

- A. The Subrecipient is to notify the Recipient immediately as it completes each large project and when it has completed its last small project.
- B. Upon large project completion, the Subrecipient is to submit to Recipient a Request for Reimbursement of Public Assistance Project Expenses (EMHSD-015a), supporting documentation and proof of payment for costs claimed. Recipient will perform a subsequent review and will forward its recommendation for closeout along with all documents to FEMA for final review and approval for closeout. Recipient will notify Subrecipient when its large project is officially closed by FEMA and any remaining reimbursements will be processed for payment.
- C. Upon completion of its last small project, Subrecipient is to notify the Recipient immediately. If Subrecipient has multiple small projects, Recipient will send a list of small projects to Subrecipient and request Subrecipient reply to certify all small projects are completed within the approved scope. At that time Recipient and Subrecipient will determine if a Net Small Project Overrun Appeal is an option for FEMA approval for possible overrun reimbursement(s) within 60 days of work completion of its last small project. If requesting a Net Small Project Overrun Appeal, Subrecipient will submit to Recipient a written request and actual cost documentation for all small projects that FEMA originally funded based on estimated amounts.
- D. The Recipient will schedule further field review and final inspections, as necessary. When final inspections are completed, the balance of eligible funds will be reimbursed.
- E. The Subrecipient will perform the required financial and compliance audits in accordance with 2 CFR 200, Subpart F. All documentation must be retained for at least three years after the grant is closed by the awarding federal agency for purposes of federal and/or state examination and audit. If an audit is required, submit a copy of the annual audit report to:

Michigan Department of State Police
Grants and Community Services Division
P.O. Box 30634
Lansing, Michigan 48909
- F. For federal audit purposes, the Assistance Listings number (previously CFDA number) of the grant is 97.036 and is titled Public Assistance Grants. The award is passed through the Recipient from FEMA. The disaster award number is included in the title on the first page of this Grant Agreement.

- G. If the Subrecipient will be reimbursed for management costs pursuant to the Public Assistance Management Costs Policy, Subrecipient must provide actual cost documentation and proof of payment with the request for reimbursement.

IX. Employment Matters

The Subrecipient shall comply with Title VI of the *Civil Rights Act of 1964*, as amended; Title VIII of the *Civil Rights Act of 1968*; Title IX of the *Education Amendments of 1972 (Equal Opportunity in Education Act)*; the *Age Discrimination Act of 1975*; Titles I, II and III of the *Americans with Disabilities Act of 1990*; the *Elliott-Larsen Civil Rights Act, 1976 PA 453*, as amended, MCL 37.2101 *et seq.*; the *Persons with Disabilities Civil Rights Act, 1976 PA 220*, as amended, MCL 37.1101 *et seq.*, and all other federal, state and local fair employment practices and equal opportunity laws and covenants. The Subrecipient shall not discriminate against any employee or applicant for employment, to be employed in the performance of this grant agreement, with respect to his or her hire, tenure, terms, conditions, or privileges of employment; or any matter directly or indirectly related to employment because of his or her race, religion, color, national origin, age, sex, height, weight, marital status, limited English proficiency, or handicap that is unrelated to the individual's ability to perform the duties of a particular job or position. The Subrecipient agrees to include in every subcontract entered into for the performance of this grant agreement this covenant not to discriminate in employment. A breach of this covenant is a material breach of the grant agreement.

The Subrecipient shall ensure that no subcontractor, manufacturer, or supplier of the Subrecipient for approved projects related to this grant agreement appears as an excluded party on the Federal System for Award Management located at <http://www.sam.gov>.

X. Construction Requirements

The Subrecipient shall comply with all applicable state and local ordinances, laws, regulations, building codes, and standards. Prior to the start of any construction activity, the Subrecipient shall obtain all applicable federal, state, and local permits and clearances, and comply with all regulations including FEMA compliance with the National Environmental Policy Act, the National Historic Preservation Act, the Endangered Species Act and all other environmental laws and executive orders. **Any activities that have been initiated without the necessary EHP review and approval will result in a non-compliance finding and will not be eligible for federal funding.**

The Subrecipient shall ensure that any work done under this grant complies with the barrier free design requirements of 1966 PA 1, as amended, MCL 125.1351 *et seq.* (Utilization of Public Facilities by Physically Limited Act).

The *Davis-Bacon Act* requires federal agencies to pay workers under contract to them the "prevailing wage" based on the local union wage scale defined by the U.S. Department of Labor. Generally, the provisions of the Davis-Bacon Act do not apply to state or local contracts for work completed using public assistance funds under the Stafford Act. However, the provisions may apply to contracts let by other federal agencies, such as the U.S. Army Corps of Engineers. If a state or local government incorporates prevailing wage rates of the U.S. Department of Labor as part of its normal practice for all contracts, regardless of funding source, then those rates would be eligible.

XI. Insurance

In compliance with P.L. 103-325, Title V National Flood Insurance Reform Act of 1973, section 582 requires that any person who receives federal assistance for the repair, replacement, or restoration for damage to any personal, residential, or commercial property, at any time, must maintain flood insurance if the property is located in a Special Flood Hazard Area.

XII. Limitation of Liability

The Recipient and the Subrecipient to this grant agreement agree that each must seek its own legal representative and bear its own costs, including judgments, in any litigation that may arise from performance of this contract. It is specifically understood and agreed that neither party will indemnify the other party in such litigation.

This is not to be construed as a waiver of governmental immunity for either party.

XIII. Third Parties

This grant agreement is not intended to make any person or entity, not a party to this grant agreement, a third-party beneficiary hereof or to confer on a third party any rights or obligations enforceable in their favor.

XIV. Grant Agreement Period

The effective date of this grant agreement is January 20, 2020, and is in full force and effect from January 20, 2020, until the completion of approved FEMA projects per guidelines stipulated in Section III (Award Amount and Restrictions). This grant agreement may be terminated by either party by giving 30 days written notice to the other party stating reasons for termination and the effective date, or upon the failure of either party to carry out the terms of the grant agreement. Upon termination, the Subrecipient agrees to return to the Recipient any funds not authorized for use, and the Recipient shall have no further obligation to reimburse the Subrecipient.

XV. Entire Grant Agreement

This grant agreement is governed by the laws of the State of Michigan and supersedes all prior agreements, documents, and representations between the Recipient and the Subrecipient, whether expressed, implied, or oral. This grant agreement constitutes the entire agreement between the parties and may not be amended except by written instrument executed by both parties prior to the grant end date. No party to this grant agreement may assign this grant agreement or any of his/her/its rights, interest, or obligations hereunder without the prior consent of the other party. The Subrecipient agrees to inform the Recipient in writing immediately of any proposed changes of dates, budget, or services indicated in this grant agreement, as well as changes of address or personnel affecting this grant agreement. Changes in dates, budget, or services are subject to prior written approval of the Recipient. If any provision of this grant agreement shall be deemed void or unenforceable, the remainder of the grant agreement shall remain valid.

The Recipient may suspend or terminate grant funding to the Subrecipient, in whole or in part, or other measures may be imposed for any of the following reasons:

- A. Failure to expend funds in a timely manner consistent with the grant milestones, guidance, and assurances.
- B. Failure to comply with the requirements or statutory objectives of federal or state law.
- C. Failure to follow grant agreement requirements or special conditions.
- D. Proposal or implementation of substantial plan changes to the extent that, if originally submitted, the project would not have been approved for funding.
- E. Failure to submit required reports.
- F. Filing of a false certification in the application or other report or document.
- G. Failure to adequately manage, monitor or direct the grant funded activities of its Subrecipients.

Before acting, the Recipient will provide the Subrecipient reasonable notice of intent to impose corrective measures and will make every effort to resolve the problem informally.

XVI. Business Integrity Clause

ITEM TITLE: East Tank Cleaning - Change Order 1

PREPARED BY: Krystal Wallace, Water Pollution Control

VENDOR NAME: Industrial Applied Technologies formerly W.S.I. Industrial Services, Inc.

BACKGROUND/SUMMARY OF PROPOSED ACTION:

The East Tank is used as part of the sludge digestion process. The sludge may be mixed with food wastes prior to dewatering. Through normal processing sludge, grit, and other debris dry and stick to the interior of the tank. This buildup must be cleaned periodically. After the project began, it was discovered that the material to be removed was a solidified mixture of grease and grit. The volume of the material was significantly higher than originally estimated and much more difficult to remove. For this reason, Change Order 1 in the not to exceed amount of \$350,000.00 and a 3-month extension of the contract is required to complete the job.

It is recommended that, Industrial Applied Technologies who acquired W.S.I. Industrial Services, Inc. in whole on June 6, 2023, be awarded the contract Change Order-1 for the East Tank Cleaning in the not to exceed amount of \$350,000.00, revised contract not to exceed amount \$920,000.00.

Agenda Item Title: RESOLUTION FUNDING PUBLIC HEALTH OFFICE WITH OPIOID SETTLEMENT FUNDS

Prepared By: Faith Groesbeck, Office of Public Health, Manager

Background/Summary of Proposed Action:

This resolution is to allocate a portion of Opioid Settlement Funds to the City of Flint's Office of Public Health (OPH) to fully staff the office, conduct activities to administer remaining funds, collect and analyze data to identify gaps and inform program planning, obtain community input, establish a community grants program and evaluation process, and all things necessary to prevent the initiation and delay the onset of substances by youth, employ harm reduction strategies, center racial equity, increase access to treatment and support recovery with the primary goal of saving lives from opioid and other drug overdoses.

In a two-year timespan, from April 1, 2021, through March 31, 2023, 339 people died of suspected drug-related deaths in the City of Flint. Although the majority were white males over the age of 55, 128 of those deaths were to black people. To center equity, the spending of these funds must take into consideration and include the participation of black residents and other groups who may experience barriers to services to ensure that we meet the needs of all community members and do not inadvertently cause disparities. This will require a data-driven approach, innovation in service delivery and listening to the voices of impacted people.

Financial Implications

The FY24 budget will increase by \$330,000 for Fund 296 Department 266.210, with grant code ONOS-OPDST22, with the ability to roll over any remaining funds through subsequent fiscal years.

Budgeted Expenditure? No. The grant was awarded after the budget was created for FY24.

Account No.: Fund 296 Department 266.210 **Grant Code:** ONOS-OPDST22

Pre-encumbered? n/a Yes No ☒ Requisition #
