Mayor Sheldon Neeley, Flint City Council, and Historic District Commission
City of Flint
Historic Preservation Office

Dear Mayor Neeley, Flint City Council, and members of the Historic District Commission,

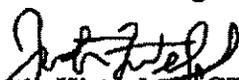

I am writing to formally express my interest in serving on the Historic District Commission of Flint. As a dedicated preservationist and current Executive Director of the Whaley Historic House Museum, I am deeply committed to protecting and promoting the rich architectural and cultural history of our city.

In my current role at the Whaley Historic House Museum, I have led numerous efforts to preserve, interpret, and share one of Flint's most important historic assets. Through public programming, partnerships, and hands-on preservation work, I have developed a strong understanding of the city's historic fabric and the importance of thoughtful stewardship. This experience has not only strengthened my appreciation for Flint's past but also underscored the importance of active participation in shaping its future.

I believe my background in historical interpretation and nonprofit leadership positions me well to contribute meaningfully to the Commission's work. I have found my calling here in Flint, Michigan; and serving on this commission would allow me to give back to the community in a very impactful way. While still learning the intricacies of exact and correct historic preservation on a broader scale, I bring with me a working knowledge of the city's history, of a collaborative mindset, and a strong sense of responsibility to the residents of Flint who value the stories their neighborhoods and buildings tell.

It would be an honor to serve alongside others who share a commitment to preserving Flint's historical integrity. Thank you for your consideration. I would welcome the opportunity to further discuss how my experience and enthusiasm can support the goals of the Historic District Commission.

Warm regards,

Justin Wetenhall, CTA

POSSIBLE BENEFIT TO THE CITY OF FLINT (RESIDENTS AND/OR CITY OPERATIONS) INCLUDE PARTNERSHIPS AND COLLABORATIONS:

Retrofitting these vehicles will allow the water department to have like new vehicles and will save the City of Flint a considerable amount of money, as opposed to buying new ones. The vehicles getting new dump bodies are E14-7053, E14-7054, E14-7055 and E14-7056. They are all 2015 GMC 1 ton dump trucks and are in good shape. This will allow the water department to utilize these vehicles for many more years, due to their low mileage. The PO for this purchase has already been issued; this request is to update the FY so the purchase can be processed.

The dump bodies will be purchased under the State of Michigan DTMB Contract #240000000167

Section III.

POSSIBLE BENEFIT TO THE CITY OF FLINT (RESIDENTS AND/OR CITY OPERATIONS) INCLUDE PARTNERSHIPS AND COLLABORATIONS:

The current vehicle needs replacement due to its age. This vehicle is used almost daily to hydro excavate various water service work such water turn on/turn offs, off set curb boxes, and cut & plugs. Using this vehicle is safer for digging near underground utilities (as opposed to using a backhoe), is faster and more efficient, is more accurate, is safer for employees and is much more versatile than a backhoe. This benefits residents as it results in less damage to their yards and requires less backfill when the job is completed.

Section IV: FINANCIAL IMPLICATIONS:

\$1,000,000.00 has been allocated in the vehicle account and has been all allotted. To process this request, I will be transferring \$700,000.00 from the vehicle and equipment account for this and future intended vehicle purchases. Once the transfer has been processed, that will bring the new total allotted to \$1,700,000.00. This purchase is 60.59% of the \$700,000.00 (the one million having already been spent). The purchase price includes the trade in value of \$225,000.00 for the current 2019 model.

The vehicles purchased or allocated to date are:

Lafontaine Ford – 5 cargo vans - \$259,018.60

AIS – backhoe - \$182,808.00

Lafontaine Highland – 3 tool trucks – 168,384.00 (purchase currently pending).
