Sheldon A. Neeley

TO: All Proposers
FROM: Lauren Rowley, Purchasing Manager
DATE: **JUNE 18, 2026**
SUBJECT: **Addendum #01 – P26000550: GRAND TRAVERSE STREET BRIDGE
SUPERSTRUCTURE REPLACEMENT**

This addendum has been issued to address the following Q&A:

Q1.) Is an engineer's estimate available for this project that can be shared with contractors?

A1.) *No, we will not be sharing the engineer's estimate. The table of quantities can be found with the bid documents.*

Q2.) Are there any river restrictions we would have to take into consideration?

A2.) *See EGLE permit in the bid documents.*

Q3.) Would alternative beam types be considered for this project?

A3.) *Yes. Any alternative beam design would have to be designed by, and signed and sealed by a Michigan PE, including providing a the load rating using AASHTOWare Bridge Rating software. Any alternative design would need to hold the road grades as shown on the plans. The alternative superstructure design would be required to equal the total weight of the superstructure as designed, or weigh less than currently designed.*

Q4.) There are overhead utility lines that are crossing over the length of the bridge that are called out to be relocated by others. Please confirm that they will be relocated by others and please provide the completion date of the relocation because the relocation of these lines as this information will be critical in the development of our schedule to be submitted with our bids.

A4.) *The overhead communication lines over the bridge will be removed by others prior to the start of construction. Date I will be giving them is August 31.*

Q5.) There are existing overhead signals / span wires on the south end of the bridge, will these be temporarily removed in order for the contractor to set a crane on this end of the bridge?

A5.) *The existing signal span wires will remain in place during construction.*

Q6.) There May be issues with materials lead times as well as internal process facors. Can the vendors submit an alternative timeline schedule?

A6.) *If necessary for your firm, please attach an alternative Tentative Timeline document immediately following your "EXHIBIT A- SUBMITTAL WITH DETAILED SUMMARY OF PRICING" bid document.*
