

City of Flint

Department of Purchases & Supplies

Sheldon A. Neeley

TO: All Proposers
FROM: Lauren Rowley, Purchasing Manager
DATE: **July 17, 2026**
SUBJECT: **Addendum #01 – P27000509: ROOT CONTROL SERVICES**

This addendum has been issued to address the following Q&A:

Q1.) One of the technical specifications for the root control product used in this work is that it cannot foam on contact with water. Is there a way to get that specification changed or have an addendum added to allow such a root control product to be used in the work outlined in this proposal?

A1.) The City's Water Service Center does not see a problem with the product foaming. Our current degreaser foams as well, and we haven't had any issues with it. If you intend on submitting a substitute/alternative product, please provide any specifications/technical information on the product that may be useful for the city to review in your submitted proposal.

In the submission of their proposal, Proposer must acknowledge receipt of this addendum. Proposer shall acknowledge this addendum by signing and returning one copy of this notice with their submission.

Company Name: _____

Address: _____
