Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The City of Flint in Genesee County, Michigan, has completed the five-year planning process for the Program Years 2017/2018 - 2021/2022 Consolidated Plan. The purpose of the Five-Year Consolidated Plan is to identify strategies for affordable housing, prevent homelessness, ensure fair housing, expand economic opportunities, improve neighborhoods, and more. The Consolidated Plan provides the vision that guides policies and the use of City resources to address these important issues over a five-year period.

Of the priority needs identified in the Consolidated Plan, the City will focus on the following in its 2020-21 Annual Action Plan:

- Affordable Housing: Multi-Family Rehabilitation, Multi-Family New Construction, Homeowner Housing Rehabilitation, Housing Counseling
- Economic Development: Façade Improvements, Micro-enterprise Assistance, Commercial Rehabilitation
- Elimination of Slum and Blight: Code Enforcement, Demolition and Clearance, Neighborhood Cleanups
- Fair Housing: Discrimination Testing
- Homelessness Prevention and Services: Veteran Housing, Homeowner Assistance
- Job Training/Workforce Development: Financial Opportunity Center, Adult Learning
- Public Safety: Facility Improvements
- Rapid Rehousing
- Recreational Opportunities: Park Facility Improvements
- Senior Services: Senior Center Operations, Home Delivered Meals
- Special Needs Services: Special Services Advocacy, Sexual Assault Center, Adult Education and Training
- Transitional and Emergency Shelters
- Youth Programs and Services: Afterschool Programs, Youth Recreation, Youth Counseling

The City receives an annual allocation of approximately \$3.9 million in Community Development Block Grant (CDBG) funds, \$800,000 in HOME Investment Partnerships Program (HOME) funds, approximately \$500,000 in Emergency Shelter Grant (ESG) funds. The City anticipates receiving about \$24 million in total funding over a period of five years from the U.S. Department of Housing and Urban Development (HUD).

2. Summarize the objectives and outcomes identified in the Plan

Annual Action Plan

2

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The City of Flint's Housing goals include creating desirable, stable, and inclusive neighborhood, with a range of affordable and attractive housing options available to a diverse population. There are six objectives the city is addressing by funding activities that support and improve partnerships, as well as programs that reduce vacancies: to promote equity and social justice; to diversify housing stock; to ensure responsible and sustainable housing development; to expand affordable homeownership opportunities for all households; and to support owner occupied repairs.

The city is supporting its goal to prevent and reduce homelessness by funding activities that increase affordable housing stock and housing options, by expanding affordable homeownership opportunities to low income and at-risk persons, by developing an inventory of interim housing units for those which a "Housing First" strategy is inappropriate, by increasing permanent supportive housing with appropriate and available services and supports and by linking interim housing consumers to placement in permanent housing. To support its non-homeless special needs goal, the City continues to fund activities providing decent, affordable rental housing choices for low-income persons with special needs with or without supportive services.

The city continues to fund activities to support its eight Non-Housing Community Development objectives including eliminating blight and urban decay, strengthening the educational attainment of youth, promoting neighborhood revitalization through grants to neighborhood associations, providing services to residents to improve skills and increase access to employment opportunities, ensuring viable business ventures have access to capital and coaching, improving quality of life by providing parks, open space and recreation infrastructure that both meets the needs of the community and are sustainably maintained, providing parks, open space and recreational infrastructure to meet the needs of the community and leveraging green technology to reduce energy costs, improve air quality and increase long-term sustainability.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

In the past, the City had an informal review committee to assist in assessing and determining allocations. In 2018 the City of Flint re-introduced an ordinance reinstating the Citywide Advisory Committee (CWAC). In this way, the City is held more accountable, transparent, and responsive to the public. The CWAC utilizes an evaluation and risk assessment process to make recommendations on funding. The risk assessment is meant to help address such items as slow spending, agency capacity, and issues with eligibility. The Division also continues to take a proactive approach in connecting residents with existing

programs elsewhere in the community when needs are not able to be met by the limited resources it has available.

Flint continues to update its internal controls and procedures by mirroring best practices from other jurisdictions to deliver housing and community development services in an efficient manner.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The City took several steps to make the community aware of upcoming opportunities through the Action Plan process. In addition to posting on the City website and Facebook pages, staff attended and made announcements at a variety of neighborhood meetings to inform the community about specific deadlines and processes. Applications were released November 25, 2019. The required public needs hearing was held December 3, 2019. On December 5, 2019, the City hosted a mandatory ESG pre-proposal meeting as well as an agency workshop meeting. The required public needs hearing was held December 3, 2019. Applications were due to the City on December 19, 2019. Staff reviewed and conducted the required risk assessments from December 23 through January 14, 2020.

The CWAC met several times to deliberate and rank applications to formulate recommendations in February of 2020. On March 6, 2020 these recommendations were forwarded to the City Administration to review, make changes if desired, and then approve them to be input into a draft. In the same month, the impact of COVID-19 created uncertainty in communities across the nation, leading to waivers to be issued by HUD impacting deadlines for submissions. As a result, the City delayed its submission of the 2020 Annual Action Plan due to HUD waivers enabling grantees time to prevent, prepare for, and respond to coronavirus. This allowed the option of pivoting to address COVID-19 and the immediate needs of the community should they arise. Looking forward to December of 2020, the realization was made that with a large influx of CARES funds, the 2020-21 Annual Action plan could move forward as recommended by the CWAC and Administration.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

Public comments were made regarding the need for youth services and recreation, promoting home ownership, modernized, and maintained public infrastructure, homeowner education, and blight elimination. Notes from meetings and hearings are included in the attachment in the section "Public Participation".

6. Summary of comments or views not accepted and the reasons for not accepting them

All comments were accepted.

7. Summary

The City of Flint continues to experience transitions in its administration and in its program staff as it implements its entitlement programs. In the 2020 year, the COVID-19 pandemic reinforced the need to adapt processes and procedures that are in place to meet the requirements of funding, allow for remote accesses, and to respond to the needs of the community. The City's Master Plan, and neighborhood planning initiatives related to the Master Plan remain important to the funding priorities for CDBG funds, as well as ongoing attempts to respond to the changing environment post water crisis, as well as in preparing for, preventing, and responding to COVID-19 both direct and indirectly.

Narrative (optional)

The City of Flint Department of Planning and Development – Division of Community and Economic Development (CED) is the lead agency responsible for overseeing the development of the Consolidated Plan and Annual Action Plan. This Division is responsible for the day-to-day administration of CDBG, HOME, and ESG funding. However, CED worked with a number of entities, including neighborhood associations, an Advisory Committee, the Flint-Genesee Continuum of Care (CoC), residents, sub-recipients and other divisions within the City of Flint municipal structure in order to develop a meaningful document.

To maximize citizen participation, staff conducted outreach through a series of public notices, surveys, meetings, and hearings. As part of these efforts, low- and moderate-income residents, as well as service providers, were encouraged to provide input on the Consolidated Plan and Annual Action Plan. These survey responses, as well as the input provided during public hearings and community meetings were incorporated into this document. In addition, through its Planning Division, neighborhood meetings have been held throughout the year to collect information on the City's needs in specific areas. Below is the list of meetings attended by Planning staff:

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

The City uses a collaborative process to shape various programs into effective, coordinated strategies. This process also facilitates the opportunity for planning and citizen participation to take place in a comprehensive context, attempting to reduce duplication of effort at the local level.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

The City will implement this Action Plan in coordination with public, private, and nonprofit agencies. Nonprofit agencies may include, but are not limited to, service providers and Community Housing Development Organizations (CHDOs). Additionally, the local County Health Department is a partner, and the City has a Chief Recovery Officer on staff to increase coordination and response to community needs. Private sector partners may include, but are not limited to, local financial institutions, developers, and local businesses. The City works closely with its many partners to design programs that address identified needs.

The below table outlines the types of agencies and organizations consulted throughout the program year and during the development of the City of Flint Consolidated Plan and Annual Action Plan. Organizations consulted included various service providers, CHDOs, Flint Housing Commission (FHC), the Flint/Genesee Continuum of Care, and the Genesee County Health Department, among others.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The City coordinated with the Flint/Genesee Continuum of Care through its most recent PIT and Homeless Assessment reports and with residents through community meetings. This consultation was pivotal in preparing the Needs Assessment and Strategic Plan components of the Consolidated Plan. In addition, through consultation and review of the most recent Flint Housing Commission Strategic Plan and the South Flint Community Plan, many FHC residents provided pivotal input for the Consolidated Plan. The City attends monthly Continuum of Care meetings and provides input and technical assistance on programs and policies.

Through the public participation process the City conducted several meetings to gain input from the public. Invitations were sent to the CoC in addition to several agencies that provide services to the homeless population.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The City of Flint receives an Emergency Solutions Grant (ESG) which it subgrants to CoC agencies to provide services to individuals and families facing homelessness. Metro Community Development is the lead agency for the Flint/Genesee Continuum of Care (CoC). The CoC works in partnership with the Michigan State Housing Development Authority (MSHDA) and the United States Department of Housing and Urban Development (HUD) towards the common goal to end homelessness in the United States within 10 years. Each year the Flint/Genesee County CoC applies for funding to support local efforts to prevent and end homelessness.

Metro Community Development is the coordinating agency, and the other CoC agencies include: the Genesee County Metropolitan Planning Commission, City of Flint, Catholic Charities of Shiawassee and Genesee Counties, Flint Odyssey House, Genesee County Community Action Resource Department (GCCARD), Genesee County Youth Corporation, Genesee Health Systems (formally Genesee County Community Mental Health), My Brothers' Keeper, Shelter of Flint and the One Stop Housing Resource Center, YWCA Safehouse, Communities First, and many others.

The City of Flint consulted with the lead agency for the Flint/Genesee CoC, the Flint Housing Commission, affordable housing providers, various social service providers, County departments, and civic leaders. Additionally, the public, including but not limited to low- and moderate-income residents and other entities impacted by housing and community development activities, were noticed of community meetings by email, website, and posters, and public hearings by newspaper advertisements.

Identify any Agency Types not consulted and provide rationale for not consulting

Elected officials representing the City of Flint at the state level were not consulted during Plan development due to the political nature of the Flint Water Crisis and the crucial need for input from those directly impacted. Other agencies and organizations not directly consulted were consulted indirectly by research of published plans and reports.

The City provided multiple opportunities for agencies, stakeholders and citizens to provide input on the application process and the types of programs desired to support the community and its residents. Through neighborhood meetings, agency workshops, the required public hearing and the application process, Flint recognized that the comments were consistent in supporting the goals determined in the Consolidated Plan process.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The Five-Year Consolidated Plan must identify the federal, state, local and private resources expected to be available to the City to address priority needs and specific objectives identified in the Strategic Plan. These resources are summarized in **Table 52**.

The City of Flint anticipates a total allocation of \$3,984,368

in CDBG funding, \$875,970 in HOME funding, and \$341,765 in ESG funding for the 2020/2021 program year. Program income may be realized over the course of the 2020/2021 program year and subsequent program years. These funds will be used for CDBG and HOME eligible activities consistent with the current goals and objectives identified in the Five-Year Consolidated Plan. CDBG funds will be used for housing and community development activities including, but not limited to, increasing homeownership, providing existing homeownership assistance (e.g. housing rehabilitation), public services, code enforcement/blight removal, public improvements and administration of the City's CDBG program.

Other resources, such as private and non-Federal public sources may become available to the City of Flint during the program year. For CDBG leveraging, these include funding from State and Federal grant sources, City Departments (e.g. Public Works, Parks and Recreation), public or social service providers, or other sources. The City will also look to leverage funds, if available, from Community Housing Development Organizations (CHDOs), Public Housing Authority (PHA), or other agencies and programs against CDBG, HOME, and ESG dollars.

The Annual Action Plan must summarize the City's priorities and the specific goals it intends to initiate and/or complete within the first-year of the Strategic Plan. These goals must be described in quantitative terms. The City of Flint has selected goal outcome indicators and quantities based on the anticipated performance measures of the 2018/19 Annual Action Plan. See **Table 57**.

In addition, the City has received several grant applications and other funding requests for a number of activities that ultimately will assist the

City address the infrastructure, health, and safety issues created by the Flint water crisis. Some of these include:

- CDBG Supplemental Appropriation
- Drinking Water Revolving Loan Fund
- ReCAST grant
- EDA
- TIGER grant
- FAST START grants and assistance
- Multiple DNR grants

The City has also considered submitting a Section 108 Loan application to provide additional assistance to support the business community and improve the ability of the city to generate economic growth. Options are currently being considered, and once determined, will be presented to

the Flint community for input prior to submission to HUD.

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

To address the need of blight elimination, the City has a strategic approach to blight elimination through the “Blight Elimination Framework”. The Blight Elimination Framework promotes collaborative, complementary, and effective blight elimination by directing blight elimination activities according to the City of Flint Master Plan. The framework specifically seeks to:

- Provide a clear direction for blight removal that can be applied by all partners
- Identify opportunities for improving current blight removal practices to be more cost- effective, sustainable, and complementary.
- Recommend new efforts for blight elimination based upon unmet needs.
- Share information regarding the state of blight and blight elimination in Flint to create common understanding.
- Demonstrate the prioritization of neighborhood stabilization and social equity throughout the framework.
- Set benchmarks necessary for blight elimination over the next five years.
- The City of Flint is supporting the blight elimination focus of the master plan through funding of several activities, including demolition, neighborhood cleanups, neighborhood beautification/tool shed, neighborhood mini grants, and code enforcement.

In addition, publicly owned land in the Choice Neighborhood is being utilized to develop 300 plus units of housing to relocate residents in the distressed Atherton East Flint Housing complex. Land is owned by the City of Flint or the Genesee County Land Bank, and is located in the Choice Neighborhood geographic area, which stretches up Saginaw Street, between Atherton Rd. on the south, and Wood St. on the north.

4	Project Name	Housing Rehab and Emergency Repair Program
	Target Area	
	Goals Supported	Housing
	Needs Addressed	Homeowner Housing Rehabilitation Affordable Housing (Rental and Owner Occupied)
	Funding	CDBG: \$443,877 HOME: \$788,531
	Description	
	Target Date	12/31/2022
	Estimate the number and type of families that will benefit from the proposed activities	It is estimated 210 household housing units will be assisted through homeowner housing rehab and 50 household housing units will be created as affordable rental units and transitional housing facilities.
	Location Description	Citywide; 422 W. University Avenue; 1014 University Avenue

	Planned Activities	Genesee County Habitat for Humanity will use CDBG and HOME funds to provide assistance for Owner-Occupied Housing Repair, complementing their established Critical Home Repair Program specified for City-Wide Emergency Repair, and by constructing a new live-work duplex that will provide a diversified affordable housing option in the area. The MADE Institute will use funds to rehabilitate two homes to be used as transitional housing for Flint citizens returning to the community from Michigan's Prison System. There will be 2 homes renovated in order to serve 5 males and 5 females re-entering the community. Communities First, Inc. will be constructing a mixed-use multi-family development consisting of 48 units of affordable housing from 1- to 3-bedroom units, along with community space in the Carriage Town Historic District.
5	Project Name	Youth Services and Recreation
	Target Area	
	Goals Supported	Non-Housing Community Development
	Needs Addressed	Youth Programs and Services
	Funding	CDBG: \$175,000
	Description	
	Target Date	12/31/2022
	Estimate the number and type of families that will benefit from the proposed activities	It is estimated that 3,265 youths will be serviced through these activities.
	Location Description	Citywide

	Planned Activities	Big Brothers, Big Sisters of Genesee County will use funding to serve LMI clients to address safety and crime prevention in local neighborhoods by delivering one-to-one mentoring relationships with 60 youths aged 6-18. The Boys & Girls Club will utilize funding to support the salaries and benefits for mentors located at its main location on Averill. The City of Flint Fire Department will use funding to hold Camp Fire, a summer youth camp with a mission to provide youth a safe, dynamic, interactive, and physically challenging environmental to gain important skills and knowledge. The Flint Institute of Music will install its first North Flint satellite theatre education program, funds will pay for staff salaries, professional services, mileage, instructional supplies, program office supplies, and marketing. Sylvester Broom Empowerment Village will use funds for afterschool programming. The United Way of Genesee County will provide youth development opportunities through the support of small recreational programs
6	Project Name	Special Needs Population Services
	Target Area	
	Goals Supported	Non-Homeless Special Needs
	Needs Addressed	Special Needs Services Senior Services
	Funding	CDBG: \$255,000
	Description	Senior services and operations; Adult and Post-Incarcerated education and training, sexual assault victim services; legal services for water-affected youth; Counseling services
	Target Date	12/31/2022
	Estimate the number and type of families that will benefit from the proposed activities	It is estimated that 1,095 special needs persons will be assisted and 38 senior citizens will be assisted.
	Location Description	Citywide

	Planned Activities	The Center for Higher Education Achievement will extend much needed academic services to North Flint residents who will attend trainings at the CHEA Adult Skill Center. Their program will increase basic literacy and numeracy skills and aid in GED completion of residents 25 and older. CHEA will also offer one-year remedial academic and GED training programs for post-incarcerated males aged 25 and older. The Faith Foundation HYPE program will provide professional career and educational training skills to youth and young adults ages 16-21 in order to empower them with the tools to become productive, responsible, self-determined members of society. Legal Services of Eastern Michigan will advocate for Flint children to receive eligible public benefits and disability, and to ensure Flint children and their families receive special education services through the public or charter school system. The Mott Literacy Center and the Flint and Genesee Literacy Network will seek-out, convene, align, and build capacity in providers who improve the lives of adults in Flint. The YWCA will continue to provide a stand-alone sexual assault clinic, the SAFE Center, located in Downtown Flint. The McFarlen Charitable Corp will provide a Senior Transitional Housing Pilot Program that will serve those 55 and older, homeless, and medically frail. The Valley Area Agency on Aging will provide a hot meal daily to homebound, frail seniors again from 60 years of age and older who reside in the City of Flint, in order to reduce nutritional risk. Using ESG funds, the Shelter of Flint will provide HMIS data collection.

	Location Description	Citywide
	Planned Activities	Universal Health and Kidney will provide services for lead detoxification of the Flint community. They will use CDBG funds to investigate possible interventions and report all findings in a formal public report with recommendations to distribute to the community
12	Project Name	ESG 20FLINT
	Target Area	
	Goals Supported	Homelessness
	Needs Addressed	Homeless Prevention and Services Transitional and Emergency Shelters
	Funding	ESG: \$341,761
	Description	Provide services, counseling, and shelter to homeless persons, persons transitioning out of the prison system, and those at-risk for homelessness
	Target Date	12/31/2022
	Estimate the number and type of families that will benefit from the proposed activities	It is estimated 1,433 persons will benefit from the transitional and emergency shelter, homelessness prevention and services, and rapid re-housing activities.
	Location Description	Citywide

	Planned Activities	<p>Genesee County Youth Corp will use grant monies to help fund REACH, a 24-hour emergency shelter service for runaway and homeless youth ages 10-17. My Brother's Keeper will fund a 35 bed male shelter that serves unaccompanied men 18 and older. The Shelter of Flint will fund the operation and maintenance of their emergency shelter which provides immediate shelter for low income women, male and female single parent households, and 2 parent households for up to 90 days while they receive supportive services to help them develop and execute a sustainable housing plan. The Shelter of Flint will also support rapid re-housing by supporting case management services and direct client assistance. The YWCA will use funds to assist in operation and providing essential services at Safe House. Safe House provides shelter to approximately 250 women and 250 children each year. Communities First Inc. will provide homelessness prevention services to 26-28 residents of permanent supportive housing at Swayze Court Apartments. There is \$44,218.12 of ESG funds that is to go to an undetermined Homelessness Prevention and Services activity.</p>

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Three (3) areas have been designated as Local Target Areas within the City of Flint. While Local Target Areas allow the City to plan and invest in a coordinated manner, they do not limit the City from expending funds in other areas of Flint that also meet the eligibility requirements for low- and moderate-income benefit. Most projects funded through 2020-21 entitlement funds are city-wide.

Geographic Distribution

Target Area	Percentage of Funds
North Saginaw Area	0
Full Choice Area	0
Pierson Road Corridor Sub-Area	0

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The Local Target Areas are the North Saginaw Area, the Full Choice Area, and the Pierson Road Corridor. These sub-areas were created as a complementary component to the Imagine Flint Master Plan. Community engagement was the cornerstone of Imagine Flint, and more than 5,000 people participated in nearly 300 outreach events throughout the planning process. The sub-area plan represents a clear and detailed listing of needs identified by the residents of these sub-areas. The areas selected for the 2017/2018-2021/2022 Plan were identified through data collection and analysis and the citizen participation process, and well as meetings with the City Council. Each of these areas meets the eligibility requirements for low- and moderate-income benefit.

Discussion

The majority of the City of Flint population (65.7%) is eligible to receive assistance (at or below 80% of the AMI) and the majority of census tracts are eligible for area benefit (51% or more living at or below 80% AMI). The need for investment is citywide and for that reason the entire city is designated as the geographic target. Most CDBG activities have an area that is designated as citywide, although there are three local target areas that have been identified. In the 2020-21 Action Plan, although there is significant investment in the CHOICE Implementation area, the local target areas as delineated in the Consolidated Plan do not have projects recommended for funding at this time.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

The City of Flint will utilize its CDBG and HOME funds to rehabilitate exiting housing units, as well as to support the construction of new affordable housing units. The one-year goals for affordable housing in the City of Flint for FY 2020 are listed in the section below. The city's Housing Investment Strategy guides how the City of Flint intends to invest its housing funds in order to maximize the return on investment, as well as provide the greatest benefit to the low- and moderate-income population.

Table 10 - One Year Goals for Affordable Housing by Support Type

Discussion

Although the primary means to achieving its housing goals are through CDBG-funded city-wide emergency repair, owner-occupied housing rehabilitation, and new HOME-assisted multi-family rental construction, the City indirectly supports its affordable housing needs through projects such as the Community Tool Shed, neighborhood cleanups, and its comprehensive code enforcement program. While not specifically providing housing rehab or adding to the housing inventory, these programs help preserve the housing stock through the provision of assistance to low- and moderate-income residents access to equipment to maintain their homes, as well as enforcing existing codes, helping to preserve existing neighborhoods.

AP-60 Public Housing – 91.220(h)

Introduction

The Flint Housing Commission (FHC) provides housing assistance for eligible low-income families. A total of 1,115 conventional public housing units of various types are available to income qualifying families, seniors and persons with disabilities.

The Flint Housing Commission administers approximately 700 Section 8 Housing Choice Vouchers (HCV). These Vouchers allow a participant to live in a privately owned rental unit with the Flint Housing Commission subsidizing their rent for the difference between 30% of their income and the monthly rent charged.

Actions planned during the next year to address the needs to public housing

The City of Flint, in conjunction with its community partners, has begun relocating FHC residents of Atherton East Apartments to new construction housing within the identified Choice Neighborhoods area. Through the Choice Neighborhoods (CN) program, the City will continue to support the Flint Housing Commission in developing a demolition strategy, leading to available land for utilization by a developer in tandem with the Choice Neighborhoods Implementation grant as the program phase's move forward. As a part of the commitment to support public housing, the City has awarded grants for new multi-family housing construction as well as rehabilitation of low-income housing in the 2020-21 Annual Action Plan. These projects will address high priority needs for low-to moderate income families not only residing in FHC properties, but within the City as a whole.

All current housing programs are available to residents of public housing and are designed to address the common needs experienced by low-income persons, including public housing residents. All residents, including those residing in public housing, are encouraged to participate in the Annual Action Plan Process, which includes open community meetings, comment periods, and the public hearing on the final funding recommendations.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The City of Flint continues to work cooperatively with the Flint Housing Commission. The CN planning grant awarded in January 2015 allows the two entities (FHC & COF) to work together to create a plan for improved services and housing in South Flint. The target public housing development in Flint was Atherton East. The CN team has been working over the past two years with residents of Atherton East and the broader South Flint community, crafting a vision by choosing immediate and long-term projects to improve the overall quality of life within the project area. The plan was submitted to HUD in July of 2016, and HUD has approved the transformation plan. The City submitted a Choice Neighborhood

Implementation Grant application in November 2017, which was subsequently awarded.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

The Flint Housing Commission (FHC) was previously designated as a Troubled Performer by the U. S. Department of Housing and Urban Development based upon indicator scores of less than 60 percent as determined by HUD's Public Housing Assessment System (PHAS). The Public Housing Assessment System evaluates performance in four major operational areas - physical, financial, management and resident satisfaction.

Most recently, based on the HUD Housing Authority Profile, the FHC was assessed a score of 75 on the HA Performance. FHC designation is currently listed as "substandard physical".

Discussion

Over the course of the year, the City intends to continue its support of the Flint Housing Commission, particularly through the Choice Neighborhoods Program, but also when opportunities become available to coordinate resources, enhance neighborhood safety, and provide technical assistance.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

This section of the Annual Action Plan describes the City of Flint's one-year goal and the specific action steps it will undertake in the program year to carry out the homeless strategy identified in the Strategic Plan. Additionally, this section addresses any activities related to the supportive housing needs of non-homeless populations.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

Meeting homelessness challenges in the City of Flint is a County-wide collaborative effort among Flint/Genesee County Continuum of Care, composed of numerous individuals, agencies and organizations. However, the lead agency for the Flint/Genesee Continuum of Care is Metro Community Development.

The Genesee Homeless Awareness Task Force is responsible for collecting homeless data, conducting homeless needs assessments, Point in Time Counts, and developing community supported homeless strategies to end homelessness in the Flint/Genesee County area. The most recent Point in Time Count occurred in January of 2019.

The Continuum of Care has several Committees that work together on projects designed to end homelessness in Flint/Genesee County. These committees include the *Genesee County Homeless Awareness Task Force*, the *Committee Concerned with Housing*, and the *Project Homeless Connect Planning Committee*. These committees are more fully described in the Strategic Plan section of this document.

Addressing the emergency shelter and transitional housing needs of homeless persons

One of Flint's strategies for preventing and reducing homelessness is to assist non-profit service providers in obtaining additional funding sources for shelter services. Many of these non-profit service providers are CoC partnering agencies.

The Flint/Genesee County Continuum of Care has identified a number of sources of emergency shelter placement for the homeless in the Flint/Genesee County area. Emergency shelters offer a safe, secure, temporary place for individuals and households to reside while they seek more permanent housing or supportive services to facilitate access to permanent housing options.

Emergency shelters often are the point of entry into the homeless system, assisting those confronted

with an immediate loss of housing or those who are already homeless. Emergency shelters generally have a length of stay ranging from 1 to 90 days, depending on the individual program.

The type of facilities used includes congregate building for households with children or for homeless single adults, as well as hotel and motel vouchers. The following organizations offer emergency shelter in the Flint/Genesee areas:

- Carriage Town Ministries
- Catholic Charities of Shiawassee and Genesee Counties
- Genesee County Youth Corporation
- My Brother's Keeper of Genesee County
- Shelter of Flint, Inc.
- YWCA of Greater Flint, Inc.

The Flint/Genesee County Continuum of Care has identified nine sources of transitional housing placement for the homeless in the Flint/Genesee County area. Transitional housing offers housing and supportive services to special needs homeless populations comprised of persons with a history of mental illness, substance abuse, victims of domestic violence, HIV infection or AIDS, physical and developmental disabilities, as well as other homeless individuals and families. The purpose of transitional housing is to assist persons make the transition from homelessness to independent living or permanent supported housing. Transitional housing provides interim placement for persons or households who do not have immediate access to permanent housing or have multiple barriers impeding their access.

Transitional housing is limited to a length of stay of up to 24 months and provides an opportunity for persons to gain the personal and financial stability needed to transition to and maintain permanent housing. Required supportive services, which help promote residential stability, increase skill level/income, and greater self-determination, may be provided by the organization managing the housing or coordinated by that organization but provided by other public or private agencies. Supportive services may be provided on or off-site and include, but are not limited to, case management, recovery services, life skills training, mental health counseling, health care, and treatment for substance abuse. Services may continue up to six months after persons move from transitional to permanent housing. Transitional housing can be provided in a congregate setting or individual housing units at a single location or using scattered sites. The following organizations offer transitional housing in the

Flint/Genesee County area:

- Genesee Health Systems
- Genesee County Youth Corporation
- My Brother's Keeper of Genesee County
- Shelter of Flint, Inc

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The Flint/Genesee County Continuum of Care has a number of sources of permanent housing placement for the homeless in the Flint/Genesee County area. Permanent Housing for homeless persons or families is long-term and safe, decent, and affordable. It is generally community based, private market housing designed to enable the homeless person or family to live as independently as possible in a permanent setting. However, it may include projects specifically developed for homeless individuals and families. This includes housing units available to the broader community and may or may not be subsidized. Such housing may be combined with the provision of supportive services provided by the organization managing the housing or coordinated by the applicant and provided by other public or private service agencies.

When services are combined with housing, the project is referred to as permanent supportive housing, which is generally provided to homeless persons with disabilities, primarily serving individuals and members of their household who have serious mental illnesses, chronic substance abuse problems, physical disabilities, or AIDS and related diseases. Supportive services are provided on site or coordinated through partnering agencies. Rental subsidies are encouraged but are not always available.

Rent is generally based on a percentage of the household income. Permanent supportive housing enables special needs populations to live as independently as possible in a permanent setting and can be provided in multi-family structures or scattered site apartments.

When possible, the City of Flint will continue to support organizations that provide permanent housing.

The following organizations offer permanent supportive housing in the Flint/Genesee County area:

- Flint Odyssey House
- Genesee County Community Action Resource Department
- Genesee Health Systems
- Metro Community Development
- Shelter of Flint, Inc.
- Communities First

The Flint/Genesee County Continuum of Care has adopted the “housing first” model. This model aims to assist homeless people (with an emphasis placed on chronically homeless people) to minimize the amount of time that the person experiences homelessness before being placed into permanent housing. The Continuum of Care makes every effort to not only assist the client with housing, but to also provide support services to address client needs and reduce the risk of the client re-entering homelessness.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

According to the 2014-2018 American Community Survey (ACS), the percentage of individuals in poverty within the City of Flint is 32.7%. Earning a living wage is instrumental in preventing homelessness. This coupled with a lack of affordable permanent housing and discrimination in rent and lending practices puts the minority population in a particularly precarious situation with regard to the threat of becoming homeless.

For extremely low-income renters with children, supportive services such as quality affordable housing, funds for rent/utility arrearages, life skills, employment training and placement services, childcare, and transportation are critical to their ability to stay in permanent housing and to avoid becoming homeless.

The City of Flint will support the CoC in homeless prevention through Asset Building. The CoC aims to empower and encourage families to acquire and preserve assets, including a safe, decent, and

affordable home, and achieve long-term financial success. This will be done through three specific goals:

- Educate families about housing choices.
- Empower families to access their housing choices.
- Preserve and expand quality, affordable housing opportunities.

A number of programs have been developed to assist in achieving the mission and goals that the CoC has developed:

- Financial Capability: Financial Literacy is designed to provide budgeting, savings, credit, and banking information to households.
- Foreclosure Intervention: Foreclosure Intervention Counseling provides struggling and delinquent homeowners assistance to stop foreclosure by developing insight into the causes of their financial issues and to determine foreclosure alternatives.
- Homebuyer Education: Designed to help homebuyers access the tools they need to be successful in the home purchase process and beyond.

Rental Assistance: Provides rental assistance to homeless families, youth, survivors of domestic violence, and individuals who are chronically homeless.

Discussion

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again as well as helping individuals and families avoid homelessness is a priority in the City of Flint. The City prioritizes its ESG funding to assist extremely low-income individuals and families. It has worked with the CoC members to develop a coordinated entry system (CES), ensuring that individuals and families can access the system easily and that available assistance is allocated as effectively as possible. The City's goal is to reduce waiting times, ensure assistance is provided when eligible, and to continue to protect some of our most vulnerable population.

The City of Flint will continue to work with stakeholders and homeless individuals to ensure that their needs are being met to the greatest extent possible.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

Affordable housing is defined by HUD as the lack of affordable housing available for rental or purchase to low-and moderate-income families in which the families pay no more than 30 percent of their income for total housing costs, including utilities. For the City of Flint, barriers to affordable housing are: political, regulatory, development and financial barriers.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City's strategies to remove barriers to affordable housing are outlined below:

- Assist with the implementation of the Housing and Neighborhoods Implementation Matrix located within the City of Flint Master Plan.
- Collaborate with internal city departments to re-establish the enforcement of substandard rental housing stock in the city through examining legal avenues to do so
- Establish a Landlord Rental Rehab Program that would encourage investment and improvement to the aging single and multi-family rental housing stock that exists
- Continue its partnership with the Genesee County Lank Bank to assemble properties for development similar to the assembly of sites for the Smith Village redevelopment project
- Work to build capacity of, and encourage partnerships between, non-profit organizations and for-profit builders developing affordable housing development projects
- Expand the use of subsidy programs by allocating more federal resources for affordable housing development and for programs that support residents remaining in their homes
- Seek other grant resources to address the need for additional subsidies to help finance the cost of construction as building costs continue to rise
- Finance public improvements to reduce the cost to build affordable housing
- Work with lenders and housing counseling organizations in order to address mortgage products that can increase the production of affordable housing and reduce the number of foreclosure actions within the Flint community
- Continue to coordinate and streamline internal systems in the areas of inspections, allocation of adequate financial resources for housing, plan review and zoning processes, disbursements and other identified areas that impact the delivery of affordable housing
- Address any policy and/or procedural changes required to ensure that the City of Flint incorporates energy efficiency standards into its building/rehab codes and all federally - funded projects.
- Work with developers to apply for PILOT, LIHTC and other available credits to increase the

supply of affordable housing for low-income families in the City of Flint.

- Partnerships with local non-profit affordable housing agencies should be pursued by the City to establish an affordable housing revolving loan fund.
- Bolster partnerships with State and Federal agencies.

Work with public transit providers, like the MTA, to ensure routes connect multi-family housing developments to employment centers, schools, commercial nodes, and other important locations within Flint.

Discussion:

The opportunity exists for Flint to be at the forefront of sustainable housing development. This vision would integrate green space for recreation and gardening into the urban fabric, create equitable policies that encourage economic and racial integration, and create 21st century infrastructure whose lessons are not forgotten by future politicians' fiscal planning.

In 2016, with these things in mind, the City of Flint's Community and Economic Development division created and adopted a housing investment strategy meant to guide the investment of the City of Flint's limited funds for housing to incentivize projects that meet these criteria, creating an ecosystem for other similar investments both by nonprofit and for-profit developers. Updated in May of 2018, the investment strategy will continue to guide and inform the sustainable housing development in the city. This housing investment strategy encompasses many of the goals listed in the Housing and Neighborhoods Implementation Matrix located within the City of Flint Master Plan. A focus on utilizing federal resources to support programs that will stabilize neighborhoods, ensuring that developments are in line with the land use plan, and to diversify the housing stock available, allowing anyone to make Flint their home.

While these strategies will never fully eliminate the political, regulatory, development, and financial barriers to affordable housing, they are deliberate steps toward increasing the opportunities and improving the city's ability to leverage funds and energy to maximize impact on affordable housing.

AP-85 Other Actions – 91.220(k)

Introduction:

This section of the Annual Action Plan describes the City of Flint's planned actions to carry out the following strategies outlined in the Strategic Plan.

- Foster and maintain affordable housing;
- Evaluate and reduce lead-based paint hazards;
- Reduce the number of poverty-level families;
- Develop institutional structure; and
- Enhance coordination.

In addition, the City has identified obstacles to meeting underserved needs and proposed actions to overcome those obstacles.

Actions planned to address obstacles to meeting underserved needs

Despite efforts made by the City and stakeholders, several significant obstacles to meeting underserved needs remain. Scarce resources are the greatest obstacle for the City of Flint to meet its underserved needs. Insufficient funding lessens the ability to fund many worthwhile public service programs, activities, and agencies. The City through its planning efforts, focusing resources, leveraging funds, will maximize the use of its limited resources to address its greatest needs and improve the quality of life for its residents.

The following obstacles need to be overcome to meet underserved needs:

- Lack of decent, safe, sound, and affordable owner and renter housing
- Low literacy rate
- Lack of economic opportunities
- Large number of vacant and abandoned properties
- High unemployment rate and loss of household income

Difficulty in obtaining bank loans and mortgages

Actions planned to foster and maintain affordable housing

The City of Flint is taking several actions to foster and maintain affordable housing:

- Assist with the implementation of the Housing and Neighborhoods Implementation Matrix

located within the City of Flint Master Plan.

- Initiate and implement a housing investment strategy that supports the City's Master Plan
- Continue its partnership with the Genesee County Lank Bank Authority to assemble properties for development similar to the assembly of sites for the Choice Neighborhoods project
- Continue emphasis on neighborhood preservation of existing affordable housing stock
- Work to build capacity of, and encourage partnerships with, non-profit organizations and for-profit builders for affordable housing development projects
- Expand the use of subsidy programs by allocating more federal resources for affordable housing development and for programs that support residents remaining in their homes
- Seek other grant resources to address the need for additional subsidies to help finance the cost of construction as building costs continue to rise
- Finance public improvements to reduce the cost to build affordable housing
- Work with lenders and housing counseling organizations in order to address mortgage products that can increase the production of affordable housing and reduce the number of foreclosure actions within the Flint community
- Continue to coordinate internal systems within City government in the areas of inspections, allocation of adequate financial resources for housing, plan review and zoning processes, disbursements and other identified areas that impact the delivery of affordable housing
- Address any policy and/or procedural changes required to ensure that the City of Flint incorporates energy efficiency standards into its building/rehab codes and all federally - funded projects.
- To help serve first time home buyers, the Flint Housing Commission (FHC) provides homeownership assistance through its Housing Choice Voucher Program.
- The City should also continue to encourage developers and community development organizations to apply for Low-Income Housing Tax Credits (LIHTC) to increase the supply of housing for low-income families in Flint.
- Bolster partnerships with State and Federal agencies.
- Work with public transit providers, to ensure routes connect multi-family housing developments to employment centers, schools, commercial nodes, and other important locations within Flint.

In general, Flint will continue to work with non-profit housing developers and providers to increase the amount of affordable housing. The City will do this primarily through neighborhood planning efforts, code enforcement and blight reduction campaigns, and economic development initiatives consistent with the *Imagine Flint Master Plan* and those spearheaded by the City of Flint Economic Development Corporation.

Actions planned to reduce lead-based paint hazards

Lead was used as a pigment and drying agent in "alkyd" oil-based paint in most homes built before 1978. Lead may be present on any interior or exterior surface, particularly on woodwork, doors, and windows. In 1978, the US Consumer Product Safety Commission lowered the legal maximum lead content in most

kinds of paint to a trace amount of 0.06%.

The City of Flint has older housing stock compared to many other urban regions in the United States. The 2019 ACS 1-year estimates indicate the total percentage of housing units in the City of Flint constructed before 1980 to be 81% and only 19% of homes were constructed after 1980.

The City's homeownership and rehabilitation activities target low to moderate income households. The City will ensure that all its federally funded housing programs are in full compliance with the lead-based paint hazard regulations (24 CFR Part 35). This includes assisting households with the appropriate lead inspection, testing and abatement of hazards as required. The department participates in a workgroup of the Flint Registry, Flint Lead Free, which seeks to identify lead related programming and trainings, determine target audiences for training, and create a lead elimination report. This also includes participation in the State of Michigan Lead Safe Homes Program. Flint Lead Free now includes over 30 members from a variety of public, governmental, and private organizations.

In 2014 the City used the Flint River as a water source causing elevated lead levels prompting both the City and the County to issue health advisories. The City switched back to the Detroit water system in October 2015 and began chemically treating the water without good result. In December of 2015, Mayor Karen Weaver declared a State of Emergency in response to a man-made disaster caused by the City switching to the Flint River as a water source in 2014. Genesee County supported the call to action and the State followed suit in January 2016. Actions have been and continue to be taken to respond to this crisis by the City and community partners as it realizes the continued effects of this emergency on the community.

Actions planned to reduce the number of poverty-level families

The City of Flint acknowledges the need to address poverty throughout the community. According to the 2019 American Community Survey (ACS) 1-year estimates, the percentage of individuals in poverty within the City of Flint is 40.4%.

The City will seek to reduce the number of families that are below the poverty line. Flint will pursue the following strategies to reduce the number of poverty level families:

- Provide financial support to organizations offering necessary services, such as food, senior services, and counseling programs for extremely low-income persons.
- Continue to provide assistance to extremely low-income owner-occupied households in the improvement of their residences through the City's CDBG-funded Housing Rehabilitation.
- Provide homeownership programs to support homeownership and the accumulation of equity.
- Lead-based paint abatement through community partners to address child lead poisoning, which can affect future employment and earning capabilities.
- Fund infrastructure improvements (street, water main, sidewalk, etc.) to enhance

neighborhoods and increase property values, while raising the pride of the residents as well as encouraging the introduction of economic development into distressed and impoverished areas.

- Provide financial support to organizations which provide referrals and assistance to special needs persons,
- Continue to fund agencies that provide financial counseling to allow residents to establish/repair credit, empowering those residents to gain a better financial future for themselves and their families
- Continue to work to address the replacement of lead water leads that have caused a higher level of lead within drinking water.
- Economic development programs aimed at developing job training and employability skills.
- Support youth and childcare programs, which provide mentoring and role models for children, and additionally helps parents secure and keep employment.

Through HUD's Section 3 program, the City of Flint and the FHC can also facilitate local economic development in concert with implementation of various public and affordable housing initiatives. Under Section 3, recipients of certain HUD financial assistance must provide job training, employment, and contract opportunities for low- or very low-income residents to the greatest extent possible, in connection with projects and activities in their neighborhoods.

The City of Flint will coordinate these strategies with organizations providing affordable housing programs and other services through regular communication with other public agencies and non-profit organizations. The objective of this communication is to facilitate the coordination of policies and programs, which will lead to the reduction in the number of poverty-level families in Flint.

Actions planned to develop institutional structure

The City of Flint has a fairly well developed institutional structure. The structure includes organizations from several backgrounds and represent private firms, local, nonprofit agencies and local and state agencies.

The support of public, private and non-profit organizations is particularly important, and collaborating with them continues to be the focus of the institutional approach to meeting the needs identified in this plan. A list of such organizations is provided in **Table 53** of this document.

The Flint Housing Commission, the local Public Housing Authority, the Flint Housing Commission will continue to provide assistance to renter households through its public housing and Section 8 programs. Additionally, the Housing Commission provides necessary support services to renters including elderly renters, when available.

The lead agency for institutional delivery is the City of Flint Planning and Development Department, along with other City divisions and departments. These divisions and departments carryout objectives

related to housing and community development. Furthermore, there are multiple nonprofit organizations that provide a range of public services, from programs to reduce homelessness to programs for non-homeless special needs populations. The Flint/Genesee County Continuum of Care (COC) is a federally mandated body of homeless service providers. The COC works in partnership with the Michigan State Housing Development Authority (MSHDA) and the United States Department of Housing and Urban Development (HUD) towards the common goal to end homelessness in the United States within 10 years. Each year the Flint/Genesee County COC applies for funding to support local efforts to prevent and end homelessness.

Local public institutions of special importance include the State of Michigan, particularly the Michigan State Housing Development Agency (MSHDA). MSHDA provides an important support vehicle through both funding and direct technical assistance. In addition, coordination with Genesee County Government is important on a number of levels. The County provides a number of services through the Genesee County Metropolitan Planning Commission, Genesee County Land Bank, Genesee County Department of Human Services, Genesee County Community Mental Health Department, and Genesee County Youth Corporation. Continued coordination with Genesee County and these departments will be important through the Consolidated Plan term through the leveraging of resources, ideas, and services. An area which will be particularly important for coordination in the upcoming years is the requirement to partner with both the County and the Flint Housing Commission on a regional Assessment of Fair Housing (AFH). Genesee County ranks as the fifth most segr

The City of Flint has a strong Institutional delivery system. A wide range of services are available in the community, including homelessness prevention services, supportive services, and other services such as nutrition programs and youth programs (see **Table 54**). These programs are provided by nonprofit organizations and the Continuum of Care (CoC).

Actions planned to enhance coordination between public and private housing and social service agencies

Each year, as a part of the CDBG application planning process, local agencies and organizations are invited to submit proposals for CDBG eligible activities. These groups participate in the consultation process by attending the public hearings, informational meetings, and completing survey forms. A complete list of these groups is included in the Exhibit Section of the Plan. The City of Flint works with many agencies to enhance coordination, including local, state, and federal stakeholders. The City continues to expand its outreach efforts to ensure that non-traditional applicants are aware of, and involved in, the process. The City works closely with the Flint Housing Commission and has secured the HUD Implementation Grant for the Choice Neighborhoods program. As the Choice Neighborhoods program moves forward, continued partnership efforts initiated with the Choice program planning

process will be carried forward.

Discussion:

The City of Flint has many initiatives underway to continue the positive momentum gained with the adoption of the long overdue *Imagine Flint Master Plan*. The plan calls for action on many levels, and the Department of Planning and Development is organized so that those efforts can be seamlessly achieved. Over the course of the next year, the Department will continue to work with our residents, as well as other local, state, and federal partners to maximize efforts towards inclusion, equity, justice, and transparency.

HOME Investment Partnership Program (HOME)

Reference 24 CFR 91.220(I)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is

as follows:

The HOME program dictates that projects financed using Home Investment Partnership Funds comply with the HOME Final Rule. These forms of investments are equity investments, interest and non-interest bearing loans or advances, interest subsidies, deferred payment loans and/or grants. The City of Flint does not intend to finance projects using any other forms of investment during the FY 2019-20 program year.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

All City of Flint housing programs that involve acquisition are modest single-family houses that do not exceed 95% of the area median purchase price. In the case of acquiring and rehabbing, the house has an estimated after rehab value that does not exceed 95% of the area median purchase price. Section 92.203(b) limits are used for homebuyer assistance or rehab of owner occupied single-family housing. All homebuyers are low-income who reside in the home. The City uses the recapture provision as stated in 92.254(a)(5) and uses the affordability standard stated in 92.254(a)(4). Recapture provisions apply to those programs, projects, and/or activities that may be ran by CHDO organizations and sub-recipients as well.

Specifically, as a condition of the provisions of the Deferred Loan, the Buyer agrees to repay the City the outstanding balance of the Loan upon the earliest to occur, within the applicable Recapture Period:

- A sale, refinance, conveyance, or other transfer of the Residence for consideration, excluding any sale, conveyance, or transfer (i) to a spouse upon a dissolution of a marriage; (ii) to the surviving spouse upon the death of a joint tenant Homeowner; (iii) by will, by foreclosure, or deed in lieu of foreclosure, or otherwise by operation of law; or (iv) as may be accepted by the City in writing; or
- The Residence is no longer the Buyer's principal place of residence or is converted in whole or in part to a rental unit; or
- There exists a default by the Buyer, beyond any applicable cure period, under the Promissory Note and Open-End Mortgage by and between the Buyers and the City or any other document evidencing the Loan.

For the purpose of this section, "Recapture Period" shall mean the applicable period based on affordability standards. In the case of sale, refinance, conveyance, or other transfer, the amount of repayment shall be the initial principal balance of the Loan or net proceeds of sale if full amount of outstanding assistance is not available. If none of these events described in clauses above occurs prior to the expiration of the "Recapture Period", the Loan shall be forgiven in its entirety at the end

of the affordability period.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

All projects financed using HOME funds will comply with the HOME Period of Affordability as identified below:

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

For the fiscal year 2019-20, the City does not intend to refinance any existing debt concerning multi-family projects.

Emergency Solutions Grant (ESG) Reference 91.220(l)(4)

1. Include written standards for providing ESG assistance (may include as attachment)

The City of Flint has an ESG Manual (Primer) that is attached to each contract with subrecipients. This Primer includes definitions of ESG terms and activities, general ESG requirements including eligible services and activities and system wide program standards, descriptions of program activities and all forms necessary for program implementation. A copy of the primer is attached to this document.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The City of Flint is well on its way to meeting the coordinated access system HUD is requiring be in place.

CES covers the entire geographic area claimed by the CoC.

CES is easily accessed by individuals and families seeking housing or services.

CES is well-advertised.

CES includes a comprehensive and standardized assessment tool(s).

CES provides an initial, comprehensive assessment of individuals and families for housing and services.

CES includes a specific policy to guide the operation of the centralized or coordinated assessment system to address the needs of individuals and families who are fleeing, or attempting to flee, domestic violence, dating violence, sexual assault, or stalking, but who are seeking shelter or services from non-victim specific providers.

The Shelter of Flint operates the One Stop Housing Resource Center, which is a collaborative program among non-profit organizations that provide comprehensive housing placement services for people who are homeless, at risk of becoming homeless, or have special needs in Genesee County. One Stop strives to eliminate barriers for those served by providing services that meet the needs of the individual and family and enhances the community safety-net by placing homeless service providers in one, easily accessible location.

One Stop Housing Resource Center serves as the Housing Assessment & Resource Agency (HARA) for Genesee County. As the HARA, One Stop Genesee offers many different opportunities for individuals and families to receive vital services that meet their varying needs: central intake and assessment; referrals; screenings and inspections; Housing Choice Voucher assessments; and direct client assistance.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

The City of Flint solicits applications for its ESG funding through a process that typically begins in November/December of each year. Organizations that are voting members of the CoC (for at least one year) are invited to apply for programs they are implementing which meet the ESG eligibility criteria. Applications are usually due in February, and a review/evaluation process begins then to assess organizational capacity, leveraging, application responsiveness, need addressed, matching funds and leveraging resources and more. The review committee makes recommendations to the CoC, who finalizes those recommendations, which are then forwarded to the Mayor. The Mayor considers input received, and formalizes recommendations in the form of a resolution to the Flint City Council, who then acts to approve the recommendations. This approval authorizes entering into contracts with each agency. Once contracts are executed, the organizations may begin implementing their respective programs.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

All subrecipients are required to provide for the participation of at least one homeless or formerly homeless individual on the board of directors or other equivalent policy-making entity of the subrecipient regarding facilities, services, and assistance receiving funding under ESG.

Homeless and formerly homeless individuals are also invited to attend monthly Continuum of Care

meetings to ensure their input is heard.

5. Describe performance standards for evaluating ESG.

The City's contracts with organizations include performance benchmarks that identify when services will be provided, where they will be provided and how many individuals/families will be assisted. These are broken down into quarterly measurements. Contract performance is assessed monthly during desk monitoring to determine if the agency is performing satisfactorily towards meeting their performance benchmarks. Staff provide ongoing technical assistance to agencies to help them meet these goals.

The City of Flint works jointly with the Genesee County Metropolitan Planning Commission, and the State of Michigan to support the Flint-Genesee Continuum of Care. In recent months, areas needing improvement have been identified and the City will be working with the agencies in the Continuum, as well as the State and County, and HUD to improve upon administration and implementation of homeless activities.

**CITY OF FLINT:
NOTICE OF PUBLIC HEARING
CONCERNING NEEDS**
Tuesday, December 3, 2019
Berston Field House
3300 Saginaw St.
Flint, MI 48505
5:30 to 6:30 p.m.

The City of Flint, in order to meet federal Consolidated Planning requirements under 24 CFR (Code of Federal Regulations) Part 91, will hold a public needs hearing on Tuesday, December 3, 2019, at the Berston Field House, located at 3300 Saginaw St. Flint, MI 48505. The hearing will be held from 5:30pm to 6:30 p.m. This public hearing is an opportunity for Flint stakeholders to make their community needs known with respect to the City's entitlement grants. The Consolidated Plan consists of a 5-year strategic and an annual plan that bring needs and resources together in a coordinated housing and community development strategy with the goals of providing decent housing, creating suitable living environments and expanding economic opportunities. Every year, communities are required to submit an update to the Consolidated Plan in the form of an Annual Action Plan (AAP). The purpose of this hearing is to obtain the views of citizens, public agencies, non-profit organizations, and other interested parties on housing, emergency shelter, economic development, and supportive service needs of the City of Flint. Written public comments will also be accepted at the City of Flint Department of Planning and Development, Division of Community and Economic Development (DCED), 1101 S. Saginaw Street, South Building, Flint, Michigan, 48502.

Approval of the Consolidated Plan and each one-year Action Plan update by the U.S. Department of Housing and Urban Development (HUD) is required for groups to obtain funding from HUD funded programs. Applicants for HUD programs must comply with the Consolidated Plan requirements.

DCED will furnish reasonable auxiliary aids to the disabled or non-English speaking residents upon 48 hours notice. Those requesting such services should contact DCED at

CITY OF FLINT
PROPOSED ANNUAL ACTION PLAN
(Federal Fiscal Year 2020-21 CDBG, HOME, and ESG Grants)

Department of Planning and Development
Division of Community and Economic Development
Notice of 30-Day Public Comment Period & Public Hearing

COMMENT PERIOD: The 30-day comment period for the City of Flint's 1-year Annual Action Plan will begin Wednesday, February 10, 2021. The draft Annual Action Plan will also be made available for review online at www.cityofflint.com/dced, the main Flint Public Library temporary location, 4190 E. Court St., Burton, Genesee County Metropolitan Planning Commission office, 1101 Beach Street, and Flint Housing Commission, 3820 Richfield Road.

PUBLIC HEARING: The City of Flint will hold a public hearing on Monday, March 8, 2021 at 5:30 p.m. Pursuant to the amended Michigan Open Meetings Act and COVID 19 related Executive Orders, all City Council meetings are currently scheduled to be conducted electronically through StartMeeting by dialing (617)944-8177. This hearing is being held to provide for the opportunity for public comment on the City of Flint's proposed Annual Action Plan. Upon forty-eight hours notice, the City of Flint will furnish reasonable auxiliary aids and services to non-English speaking persons or persons with disabilities. Persons requiring auxiliary aids or services should contact Suzanne Wilcox, Division of Community and Economic Development (DCED), City of Flint, 1101 S. Saginaw Street, Flint, Michigan 48502, (810) 766-7426. Comments other than at the public hearing must be in writing and will be accepted at communitydevelopment@cityofflint.com.

Pursuant to provisions of the Housing and Community Development Act of 1974, as amended, the McKinney Act of 1987 and the National Affordable Housing Act of 1990, the City of Flint is publishing its proposed Annual Action Plan relative to Flint's 2020-21 Community Development Block Grant (CDBG), HOME Investment Partnership (HOME), and Emergency Solutions Grant (ESG) entitlement programs.

The public is advised that on or before Monday, March 24, 2021 Flint will submit to the U.S. Department of Housing and Urban Development (HUD) the 2020-21 Annual Action Plan. Prior to said submission, public comments are welcome on the proposed Annual Action Plan of the City of Flint in carrying out Community Development Block Grant (CDBG), Emergency Solutions Grant (ESG), and HOME Investment Partnership (HOME) program activities. The proposed Annual Action Plan contains recommendations for funding for CDBG, HOME and ESG activities. These recommendations are listed in the sections that follow:

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) -The Housing and Community Development Act of 1974, as amended, entitles the City of Flint to carry out a CDBG program. The primary objectives of the program are to give maximum feasible priority to activities which (1) benefit low- and moderate-income families and individuals or aid in the prevention or elimination of blight; (2) improve the quality of housing and neighborhood environment in targeted neighborhoods; (3) explore economic opportunities for new and existing businesses and (4) alleviate other community needs posing serious threats to health and welfare. Pursuant to these objectives and incorporating any changes that might be made because of the public hearing, the City of Flint proposes to use approximately \$3,984,753.28 in CDBG funds made available with the 2020-21 program year entitlement allocation for the following activities:

Hello all --

Please note that there was a typo in my email yesterday. RFP's will be released **Thursday, December 21, 2017**. They will be emailed to everyone on this list, available online on the City of Flint's website, and available for pickup in the CED office located in the basement of the South Building in City Hall (access off of 7th Street over the pedestrian bridge, or via the dome entrance). Please let me know if you have any questions.

We encourage everyone interested in applying for CDBG, HOME, or ESG funds to attend the workshops and the public needs hearing.

Thanks
Suzanne

 **CITY OF FLINT**
NOTICE OF PUBLIC HEARING
CONCERNING NEEDS
Tuesday, January 9, 2018
Bardonia Field House
3300 Saginaw St.
Flint, MI 48806
4:30 to 6:30 p.m.

The City of Flint, in order to meet federal Consolidated Planning requirements under 24 CFR (Code of Federal Regulations) Part 91, will hold a public needs hearing on Tuesday, January 9, 2018, at the Bardonia Field House located at 3300 Saginaw St., Flint, MI 48806. The hearing will be held from 4:30 to 6:30 p.m.

The Consolidated Plan consists of a five-year strategic action plan that brings needs and resources together in a coordinated housing and community development strategy with the goal of providing decent housing, creating sustainable job opportunities and expanding economic opportunities. Every year, communities are required to submit an update to their consolidated plan in the form of an annual Action Plan.

The purpose of this hearing is to obtain the views of citizens, public agencies, non-profit organizations, and other interested parties on housing, emergency shelter, economic development, and supportive services needs of the City of Flint. Written public comments will also be accepted at the City of Flint Hearing and Development Department, Division of Community and Economic Development (JCED), 1101 S. Saginaw Street, South Building, Flint, Michigan, 48802.

Approval of the Consolidated Plan and each one-year Action Plan update by the U.S. Department of Housing and Urban Development (HUD) is required for groups to obtain funding from HUD funded programs. Applicants for HUD programs must comply with the Consolidated Plan requirements.

DCED will furnish reasonable auxiliary aids to the disabled or non-English speaking residents upon 48 hours notice. Those requesting such services should contact DCED at 810-766-7436.

A Public Needs Hearing will be held on Tuesday, January 9, 2018 from 4:30 to 6:30 p.m. at the Bardonia Field House (new location), located at 3300 Saginaw Street. This public hearing is an opportunity for Flint stakeholders to make their community needs known with respect to the City's mill bond grants.

Public Needs Hearing

9-Jan-18

4:30 p.m. – 6:30 p.m.

The meeting was called to order at 4:38 p.m. at the Berston Field House by Planning and Development Director, Suzanne Wilcox for the purposes of the public needs hearing for the 18-19 COF Action Plan

Suzanne Wilcox inquired if all present could hear and encouraged comments so that the needs of the community can be identified.

There was a CDBG workshop December 18, 2017 held in the Flint Dome. The RFPs were released December 21, 2017 and, the ESG mandatory pre-proposal meeting, as well as another CDBG / HOME workshop were both held January 4, 2018.

January 31, 2018 is deadline for agencies to submit responses to the RFPs. They can still attain applications by leaving their email address on the sign-in-sheet. WORD versions will be sent tonight or earlier

Period of review and compilation will happen, and be reviewed by a committee of community residents. There will be a 30 day comment period and the goal is to publish on March 30, 2018.

April 9, 2018 is the City Council public hearing. The comment period ends 4/27 and CED is hoping to submit no later than May 7, 2018.

Suzanne and Emily said agencies can submit in writing, or by email their public hearing comments.

PUBLIC COMMENTS:

Carma Lewis - Flint Neighborhoods United

Demolition of burned out commercial buildings had made the community safe and residents feel more comfortable in their neighborhood. When the City starts demolishing commercial building on main streets the city will look better.

Terry Bankert - Property Owner and Business Owner

His recollection is there is a number of community development sites, but there is nothing done for downtown. He hopes the Ethics and Accountability board wants to spend correctly.

Jim Richardson - NEH, 3216 Martin Luther King Ave.

Blight conditions remain an impediment in the city. The toolshed has a significant role in maintaining lots. The volunteers and groups have made 1200 plus checkouts. It's a strategy to control neighborhood blight. Neighborhood organizations provided plans, objectives, and strategies. Consideration should be made available for the neighborhood plans. Provided written comments to staff.

Theresa Roach - Crim Fitness Foundation

CDBG funds should support sidewalk improvements, street lighting and repair streets to make more bikeable and walkable and allow access to get to jobs in the community. She'd like to bring in a professional to help neighborhood groups implement safe routes to school and make it safer for kids that are walking in the neighborhood. She would like support. Ms. Roach would also like to see more help in getting more to come to the hearings, implementation of the neighborhood plans. Would like to see safe biking and walking programs. Groups and residents have heart but need support to get it done.

Quincy Murphy - Urban Transportation Development

Focus on the target area where real people live. The city needs to leverage more dollars in the planning department rather than agencies or organizations applying for individual funds. Put the funds into the planning and development department to improve the neglected parks like Eagle Park. Find funding to hire the youth to work in communities and get kids off the street.

John McGary - United Way

The United Way Youth Recreation issues small grants to grassroots neighborhoods communities for equipment, travel, leasing, tournament fees, etc. Youth within the City of Flint can take advantage of recreation. Mr. McGary introduced Lynell Jones McKinney and Jesse Martinez to talk about how important youth recreation is and how all money has been exhausted. Lynell Jones McKinney talked about the importance of learning instructions and mastering a sport and how kids connected to mentors will be provided an opportunity to learn and then hopefully they'll come back and invest in the City. Jesse Martinez spoke about how the Flint Area United Soccer Club is interested in providing an opportunity to inspire kids to become tapped into their full potential. They need funding, goals, equipment and a place to play. Martinez stated they can only help Flint kids but they would like to help Genesee County kids, too.

Mark Baldwin - 505 E Gillespie

If you are afraid to board up the houses that are in the neighborhoods, what can we expect from the police? Perhaps we can get funding to take reports. Perhaps we can get funds to train individuals to do citizen safety.

Jack Stock – Kettering

Came to listen to find opportunities where Kettering can collaborate to be good corporate citizens. Would like to emphasize that organizations that are able to leverage and partner are rewarded in the spirit of collaborating.

Ed Clark - North Flint Reinvestment

The mission of the Reinvestment Corporation is to reinvest in the community. Sees need for healthy food to mitigate lead and fresh access points for affected citizens. Wants there to be owners in the community of the grocery store (cooperative).

Jeannette Edwards - Holmes Neighborhood Association North Flint Action Committee

Educate kids and have a training center. The skill center is closed. Flint needs a training center so they can be trained to make a decent living and to be able to invest in community. Need reading programs, computer programs, and auto mechanic programs.

Susaye - Broome Center Empowerment Village

Flint needs a community youth hub and partners like PAL. Flint needs to continue to reach out to other partners in the community.

Angela Lyze - Faith Foundation Resources

Would like quality job training programs for youth. Unemployment is high, the city needs to reinvest in grass root organizations by giving the funding to the smaller businesses and not always the larger businesses because they can't do it all. Spreading funding throughout the community where residents see action.

Nancy Sweitzer - West Flint Community Watch

See more commercial demolition being done.

Shelia Graham - Resident / Educator/Dance Studio

More funding should go toward youth programs to provide youth pride and jobs. There's a need for centers that train both parents and children. Reading is an issue for kids in the community. Kids need a safe place to go. Provide places with people who care to see our youth and give programs to be sure that these parents are educated, too.

Sandra Hodges – Resident

The Miller Road area needs the sidewalks and curbs done to make kids and the crossing guard less fearful. Ms. Hodges proposes a third lane from Ballenger to Hammerberg like Corunna road. Build greenspaces in communities. Create a demolition program that teaches people how to renew, reuse and rebuild. We need to rebuild areas like the Longfellow area and the area by the hospital to bring back our community. We need to create summer programs and outdoor activities to keep kids more active. Need for school kids to run programs – expose them to become leaders.

Nick Ester – Resident

Most of the community doesn't have access to vehicles but the whole city is built for cars. It would be great to focus on sidewalks (oak trees are pushing the sidewalk upward) and restoration would show that we value people that live in our neighborhood. We need streetlights and sidewalks, especially on high traffic roads.

Chris Frye – Flint Neighborhoods United

The city needs to invite people to live here on our land and in our empty houses that are still livable. Proposed low cost housing and a graduated tax schedule.

Pamela Reed – VAAA

We are losing elderly residents and need to make it so people want to stay and give back to the community. Need access to food, bus stops, lit streets. We need people to feel safe.

Latrelle Holmes – Big Brothers Big Sisters

We need youth mentoring for adults and high school seniors to mentor youth that signs up - community based mentoring to provide positive outcomes.

Kristin Stevenson – Resident

Need a community meeting to see where the funds are being allocated showing the community this is what's been done. Even if not applying for funding.

Thomas Hutchinson – Habitat for Humanity of Genesee County

Need more funding for critical home repair including furnaces and emergency repairs.

Adam Moore - Resident

The Planning Department is hearing what you're saying about public facilities. There will be additional outreach and a new plan. In order to meet the minimum recommended national and statewide goals, Flint would need just under eight million dollars. The need is great and we are committed to working with you in a strategic way and leveraging wherever possible. Thank you to the partners that are here.

Sandra Jones – Resident

Would like to see us spend money so HUD can see we need it. Would like someone to show funded organizations how to partner with other organizations to maximize resources.

Lisa Ray - Resident

Need summer programs for kids.

Joyce Peer – Resident

Need education center to focus on literacy, robotics chess, etc. Need beautification on Saginaw Street.

Heidi Phaneuf – Grand Traverse District Neighborhood

509 and 513 W. 7th Street. Were on funded demo list until the cost went up to high. Asking for CDBG to match the hardest hit funds, only to be turned down. Other blocks have built beautiful homes but without funds it will sit there indefinitely.

Rico Phillips – Resident

Appreciate listening - as a firefighter tearing down buildings has positively impacted the fire department. If money is available, commercial structures are more dangerous to firefighters. As a

mentor, ask about kid's goals when they get older - in suburbia, they have an idea. In Flint, there's no goal or dream. The reality is most don't have the educational level to achieve their college/professional dreams. We need to help with education and programs to build these kids pride up. Youth Hockey is a nontraditional highly skilled sport with ice rinks all over. Cooperatives and partnerships help. Funds are important to the youth and the mentoring of the youth. Volunteers needed for helping so invite them to adopt the program for a week. Enrich our kids culturally.

Frasier Walker – Resident

Positive things happening but not on Ballenger Hwy and Court St, with the abandoned apartments not boarded up. No answer from Blight, on it more to get answers about what they're going to do. Need to start with our little kids and be involved in teaching them - positive people need to help them and be there. Need jobs. Only difference is abandoned buildings need changes. A clean positive area. GET MORE JOBS then we can get people move in.

Connie Edwards – Resident

Martin Luther King Street group and NEH at McClellan and Pasadena are trying to build MLK up. There are only 8 members (all over 60) but they will take any volunteers. They are trying to get youth to partner

Bryant Nolden - Executive Director Friends of Berston

Creative Expression Dance Studio, safe places, FWC Berston boxing, next Wednesday going to open up the Berston success center. A room in the basement with 14 computers to help those who work on the literacy skills. A homework room after 4pm and a quiet area to study. Exciting things coming up and at Berston. Thanks for coming.

Suzanne Wilcox – City of Flint

Suzanne Wilcox heard powerful things and everyone wants the best for Flint. Resources are limited and it's important to be aware that we are only dealing with 3.5 million and a little over 2 million is available to the community. We look for common themes of what needs are and build our funding on the consolidated plan and the action plan. In the 20 years of employment, it is good to see so many speakers. There is a public hearing for April 9 and all are encouraged to come. It's also your opportunity to come and get your message out. A lot of the programs we fund I don't think that people are aware of - and of the projects you speak of and want to see funded, some are being funded right now and you may not even know it. There are a lot of areas of investment in Flint and FLINT is making a great effort to get into the community and hear what it wants to be funded.

Meeting adjourned at 628pm.

1. Blight conditions remain an impediment for blocks and neighborhoods. The Community Tool Shed lending program provided a significant role with cleaning the debris and weeds and with the maintenance of residential lots. During the growing season neighborhood residents, community and volunteer work teams made better than 1,200 check-outs of tools. While limited in scope, the tool lending program had a significant impact with controlling the blight.

The need remains for residential lot maintained and neighborhood residents continue to be willing to provide the work. Supporting community tool shed lending programs is a proven strategy toward controlling neighborhood blight and I encourage the program as a high priority for use of CDBG funds.

2. In 2017 several Neighborhood Organizations prepared Neighborhood Plans either threw the City of Flint Planning division or on their own. These Neighborhood Plans identify specific neighborhood building objectives and strategies.

Consideration should be given to making available federal program resources administered by the City of Flint Department of Community and Economic Development for the implementation of objectives and strategies identified in neighborhood plans.

Subject: public hearing

To: Kevin Miller <klmiller@cityofflint.com>

Dear Kevin,

I would like to submit the following comments related to yesterday's public hearing:

There is consensus among the majority of community members who attended that youth programming with emphasis on mentoring opportunities is critical to the success of young people and should be given priority for funding. With more than 25 years in the field of youth mentoring, I believe the unique one to one model of Big Brothers Big Sisters deserves full consideration. There are several important factors to consider when allocating dollars including but not limited to programs that have:

- Evidence Based/Promising Practices
- Capacity to implement
- Child Safety Practices
- Ability to leverage other funding
- Trained, Culturally Competent Staff
- Results /Outcome measurements
- Ability to attract mentors and/or volunteers
- Commitment to diversity

Thank you for allowing the public to voice their concerns, ideas

Sincerely,

Reta Stanley

CITY OF FLINT PROPOSED ANNUAL ACTION PLAN

(Federal Fiscal Year 2018-19 CDBG, HOME, and ESG Grants)

Department of Planning and Development
Division of Community and Economic Development
Notice of 30 Day Public Comment Period & Public Hearing

COMMENT PERIOD: The 30 day comment period for the City of Flint's 1-year Annual Action Plan will begin Sunday, June 24, 2018. The draft Annual Action Plan will be made available for review on line at www.cityofflint.com/aaap.

PUBLIC HEARING: The City of Flint will hold a public hearing on July 16, 2018 at 6:00 p.m. in the Flint City Council Chambers, located at 1101 S. Saginaw Street, Flint, Michigan. This hearing is being held to provide for the opportunity for public comment on the City of Flint's proposed Annual Action Plan. Upon forty-eight hours notice, the City of Flint will furnish reasonable auxiliary aids and services to non-English speaking persons or persons with disabilities. Persons requiring auxiliary aids or services should contact Suzanne Wilcox, Division of Community and Economic Development (DCED), City of Flint, 1101 S. Saginaw Street, Flint, Michigan 48502, (810) 766-7426. Comments other than at the public hearing must be in writing and will be accepted by DCED to the attention of Suzanne Wilcox.

Pursuant to provisions of the Housing and Community Development Act of 1974, as amended, the McKinney Act of 1987 and the National Affordable Housing Act of 1990, the City of Flint is publishing its proposed Annual Action Plan relative to Flint's 2018-19 Community Development Block Grant (CDBG), HOME Investment Partnership (HOME), and Emergency Solutions Grant (ESG) entitlement programs.

The public is advised that on or before August 16, 2018, Flint will submit to the U.S. Department of Housing and Urban Development (HUD) the 2018-19 Annual Action Plan. Prior to said submission, public comments are welcome on the proposed Annual Action Plan of the City of Flint in carrying out Community Development Block Grant (CDBG), Emergency Solutions Grant (ESG), and HOME Investment Partnership (HOME) program activities. The proposed Annual Action Plan contains recommendations for funding for CDBG, HOME and ESG activities. These recommendations are listed in the sections that follow:

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG): The Housing and Community Development Act of 1974, as amended, entitles the City of Flint to carry out a CDBG program. The primary objectives of the program are to give maximum feasible priority to activities which (1) benefit low and moderate income families and individuals or aid in the prevention or elimination of blight; (2) improve the quality of housing and neighborhood environment in targeted neighborhoods; (3) explore economic opportunities for new and existing businesses and (4) alleviate other community needs posing serious threats to health and welfare. Pursuant to these objectives and incorporating any changes that might be made as a result of the public hearing, the City of Flint proposes to use approximately \$3,872,807 in CDBG funds made available with the 2018-19 program year entitlement allocation for the following activities:

PRESENTED: 6-25-2018

ADOPTED: 6-25-2018

Resolution to Set a Public Hearing on July 18, 2018 in the City of Flint Council Chambers, 1101 S. Saginaw Street, Flint, Michigan, to Allow Review and Receive Public Comment on the Annual Action Plan.

BY THE MAYOR:

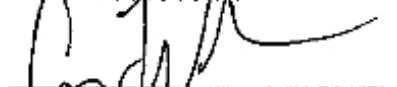

The City of Flint receives Community Development Block Grant (CDBG), HOME Investment Partnerships Program funds (HOME), and Emergency Solutions Grant (ESG) from the U.S. Department of Housing and Urban Development and is required to report on the use of such CDBG, HOME, and ESG funds each year. The City is also required to provide interested citizens the opportunity to examine the Annual Action Plan and to make comments on the use of these funds.

The City of Flint will make copies of the report available to the public in the main branch of the Flint Public Library, Flint Housing Commission, Genesee County Metropolitan Planning Commission, the Division of Community and Economic Development, and the Office of the City Clerk.

A public hearing will be held on the 18th day of July 2018 at 5:00 p.m. in the City of Flint Council Chambers, 1101 S. Saginaw Street, Flint, Michigan, to allow review and receive public comment on the Annual Action Plan.

IT IS RESOLVED, that the Department of Planning and Development, Division of Community and Economic Development, will hold a Public Hearing on July 18, 2018 for the purposes of allowing review of the Annual Action Plan and to receive public comment.

PUBLIC HEARING NO. 180340.6 – A Public Hearing for the purpose of receiving citizens’ comments on the Proposed Annual Action Plan (Federal Fiscal Year 2018-19 CDBG, HOME and ESG Grants)

Suzanne Wilcox, Planning and Development Director, opened the public hearing by introducing her staff. She then gave a brief introduction of the Action Plan.

“Tonight’s public hearing is really the opportunity for citizens to comment on the recommendations and on the draft Action Plan, which was made available on June 24th. We’ve been going through this process really since last December and it culminated in the review and evaluation of several applications for Community Development Block Grant, for HOME Investment Partnership, and for Emergency Solutions Grant. So, what has been published, and what is available to the public, are the recommendations that were developed through the evaluation process, the CWAC members that all of you appointed participated with us in that process, culminating in these recommendations that are in front of you tonight. We are in the midst of a 30-day comment period as you know. Tonight the public hearing will be held and we are looking to bring a resolution to you on Monday for approval as we talked about in the timeline with Council President Winfrey, Councilman Mays, on the timeline to submit our Action Plan to HUD by next Friday.

“So, what you have in front of you are the recommendations. Our allocation this year is for the three different programs: for CDBG, we’re being allocated \$3,872,807.00; for HOME, we’re being allocated \$909,367.00; and for ESG, we’re being allocated \$320,815.00. So the recommendations total those amounts. You’ll see there’s two categories, as we discussed with Council President Winfrey and Councilman Mays, there’s two categories that are to be determined: One is HOME.

"We had some excess funding in terms of the amount of applications that we received – we didn't receive enough requests for applications so we will actually be doing an RFP for that, and then in ESG, we have about \$25,000 that we are also looking to do another RFP for rapid rehousing purposes. So, those are the only two funding sources that are not entirely allocated. CDBG is fully allocated. So, with that I'd like to stop and give members of the public an opportunity to comment. All comments will be assembled and compiled into the actual Action Plan, which will be finalized, and again, as I said, submitted to HUD next week. So everyone that submits a comment tonight or if we receive written comments those are all incorporated into the document and we will respond to them."

1. Quincy Murphy, 322 E. Myrtle Ave., and a representative of Urban Transformation Development, stated:

"We applied for some funding. We didn't get a interview, didn't know the recommendations were until tonight. I met with Councilman Guerra. We went through what we do in the community. We been doing this work for over 25 years, dealing with blight. It's not working. In this application, up under the No. 5 Summary of Public Comment, regarding community needs – elimination of slum and blight. That's mainly a lot of the work that I do in the community. It's a struggle to be out there volunteering for 20 years without the necessary resources to be able to do what we trying to do. Everybody don't have the vision that we have when dealing with blight. Some concern that applicants that didn't apply – that applied – didn't get the-didn't even get interviewed. Usually, well probably about 5 or 6 years ago, when we used to apply we got interviewed and still got denied. I haven't received any money since City Administrator Gregory Eason was the City Administrator. They gave us \$60,000.00 up under Salem Housing and we executed that very well. This time we went up under Habitat to try to apply for some funding. No interview whatsoever.

"My other concern is housing – housing rehab. When I looked at Objective to Promote Equity and Social Justice in Housing, Councilman Mays, I can recall you bringing up a statement of houses need to be demolished in your area. And one of the things that the staff stated was 'in order to use Community Development Block Grant dollars to demolish houses, you gotta have some kind of housing development plan over there in that area.' So down there where my mother live on Marengo in between Industrial and Selby, there is houses down there been vacant since Johnny Tucker was the Councilman. Johnny Coleman, Bryant Nolden, Kerry Nelson, and it's still abandoned. And when you go to the Land Bank (and ask) can we get some demo dollars, they don't have it.

"The Hardest Hit funds stopped at North Street, from North to Saginaw. So when you go and ask can I get a new roof put on my house, we don't do homes in that particular area. It's a problem, my time is up, I'll be following up with a letter."

He was told he still has seven minutes.

"My issue is when it comes down to Community Development Block Grant dollars over the past years, people like Quincy Murphy that's been out there in the trenches working outta have a seat at the table to figure out what really need to happen. Cause everybody don't have our vision – especially those who don't live in our community. And I'm not saying I have the answer, but being denied 99 percent of the time, I should have got something right by now. I feel like the process as far as when people put in applications, at least we outta get a interview. And plead our case. One of the issues that I met with my Councilman was to let you see the behind the scenes of what it takes for us to do what we do in the community to function and you know the struggle is real, cause you saw it firsthand.

"There is masses amounts of blight in the blight elimination plan with the blight department downstairs or the blight court is not going to address the issues of Land Bank-owned properties – that's the major issue in the community dealing with blight. The Hardest Hit funds does not address neighborhoods that's underserved.

"Community Development Block Grant dollars does not allow for funds to demolish homes in areas that don't have housing development. Housing rehab dollars does not target the whole City of Flint – it only target a certain area. You have two CHODOS- Habitat for Humanity and Communities First. If you go and call and ask somebody 'I need to get my house rehabbed' or 'I need a new roof' they gonna say 'call Habitat' or it was 'call Flint NIPP.' That don't exist no more. The people in my neighborhood is struggling to try to find housing rehab dollars – it may not be no emergency. So, in the summary when they talk about emergency housing and – it won't address that area. Because you can't find a agency that's working in the area to help a young lady down the street from my mother, 84 years old, living with barely plumbing in her home. Barely a roof over her head. Barely windows in her house. So who's gonna help her? But you talking about it in this five-year plan housing. If we don't look at the underserved areas when it comes down to Community Development Block Grant dollars, in this five-year summary and you all submit this five-year summary to the state we locked in. So because you all may approve this, or hopefully you all may reconsider, those people that's in that gray area – that house been sitting for over 30 years and all kind of raccoons and rats and all kind of animals coming out of there, gonna continue to be there.

"Because when you call Michele Weiler (Wildman) at Land Bank, they don't have the funds and the only funds they working with is Hardest Hit funds. Eighteen hundred houses demolished out of Hardest Hit funds and none of em hit down there where my mother live at. The whole industrial area, houses, one after the next, abandoned, open, cross the street, abandon, open, no-no-no-no funds to demolish em. So, here we gonna submit a five-year plan that will not address that, will not address those people that wanna stay, that don't wanna move, that need to have some kind of help to rehab their house, don't have it, no agencies out there helping. If you call GCARD you gonna be on the waiting list forever. And they only doing weatherization, and when they come in and replace the window, the window gotta be hanging out in order for them to replace it, other than that they gonna put some plastic up.

"I think what's happening, these elderly people that's living in these neighborhoods, they gonna wait it out. They gonna move, they kids ain't gonna want the houses because the houses is too- if you read the I-475 history, when the St. John area was around before they knew that I-475 was coming in they wouldn't let those people over there get permits or nothing. They let that neighborhood go down so bad to about time they came in to buy out them people – they houses was worth some crumbs.

"My mother don't plan on moving. My sister don't plan on moving. Ms. Williams that live down the street, she don't plan on moving. Them people been over there-they comfortable over there. They love they-they pay taxes and they deserve the same housing, social justice, objectives to promote equity and social justice in housing, as anybody that live on a street with 40 or 50 or 60 houses. It's not happening; it's unfortunate. I thought I was coming for a committee meeting today, but thank God I came cause this is happening. I wanted to speak on it. I'm not trying to throw nobody under the bus. It ain't targeted at anybody. It's reality. It's the issue. If you read the Civil Rights report from the Water Crisis, it was some injustice done and been going on for a whole bunch of years and we need to change this dynamic.

"When they make a announcement tomorrow, they announcing that 30 million is coming into the City of Flint for the south side to do some housing development. And as a result of 30 million dollars coming to the south side of Flint, or the borderline of the north end a little bit off of Fifth Street, ain't none coming down there over there by where my mom been faithfully paying her taxes for years. Ain't no money coming down there on Russell Street. No rehab dollars is coming over there. For those whose left down there in that area to have to-that don't wanna move, that wanna see they house improved. I'm gonna close by saying this: We voted for you all to do the right thing. Enough is enough. I respect the administration and the work that they put in this five-year plan but it's not getting the job done. Thank you."

President Winfrey closed Public Hearing No. 180340.6 at 5:27 p.m.

RESOLUTION NUMBER: _____

PRESENTED: 7-23-2018

ADOPTED: 7-23-2018

**Resolution Authorizing Submission of the
2018-19 Annual Action Plan of the Consolidated Plan
to the U.S. Department of Housing and Urban Development,
and Approval of the Proposed Uses and Funding Recommendations
for Community Development Block Grant, HOME Investment Partnerships
and Emergency Solutions Grant Funds for the 2018-19 Program Year**

BY THE MAYOR:

The City of Flint anticipates it will receive Federal Community Development Block Grant (CDBG) entitlement funds in the amount of \$3,872,807, HOME Investment Partnerships (HOME) entitlement funds in the amount of \$909,367, and Emergency Solutions Grant (ESG) in the amount of \$320,815 for federal fiscal year 2018-19, covering the period of July 1, 2018, through June 30, 2019, as well as any subsequent years that HUD continues to make any balances available to the City; pursuant to submission of an application to the U.S. Department of Housing and Urban Development (HUD).

The City of Flint anticipates receipt of program income in an amount of approximately \$30,000 from CDBG and HOME repayments of rehabilitation and economic development loans.

In order to receive this funding, the U.S. Department of Housing and Urban Development requires the City of Flint to submit an annual Action Plan of the Consolidated Plan as a component of the 5-year Consolidated Plan. This plan includes the annual Community Development Block Grant (CDBG), HOME Investment Partnerships Program (HOME), and Emergency Solutions Grant (ESG) application.

City Administration finalized funding recommendations to for the proposed Action Plan in June 2018.

It is **resolved**, that City Officials approve the funding amounts and projects and authorize entering into contracts for the agencies listed below for the City's FY 2018-19 Community Development Block Grant program in the amount of \$3,872,807, FY 2018-19 HOME Investment Partnerships program in the amount of \$909,367, and FY 2018-19 Emergency

Solutions Grant program in the amount of \$320,815, and include any program income which might become available as a result of receipt of these funds.

Homelessness Prevention and Rapid Re-Housing Services

Eligible Financial Assistance and Services and Activities:

Within the Homelessness Prevention Component ESG funds may be used to provide:

- ✓ **Housing Relocation and Stabilization Services; and**
- ✓ **Short- and/or Medium-Term Rental Assistance** as necessary to prevent an individual or family from moving into an emergency shelter or another place not meant for human habitation. This assistance, referred to as homelessness prevention, may be provided to individuals and families who meet the criteria under the "at risk of homelessness" definition, or who meet the criteria in paragraph (2), (3), or (4) of the "homeless" definition and have an annual income **below 30 percent** of median family income for the area, as determined by HUD.

The costs of homelessness prevention and rapid re-housing are only eligible to the extent that the assistance is necessary to help the program participant regain stability in the program participant's current permanent housing or move into other permanent housing and achieve stability in that housing. Homelessness prevention must be provided in accordance with the **housing relocation and stabilization services** requirements, the **short-term and medium-term rental assistance requirements** and the Program Requirements.

These types of assistance together are Homeless Prevention Component of ESG and may be provided to program participants who meet the At-Risk of homelessness criteria.

- ✓ Medium-term rental assistance: more than 3 months but not more than 24 months rent
- ✓ Payment of rental arrears consists of a one-time payment for up to 6 months of rent in arrears, including any late fees on those arrears.
- ✓ Rental assistance may be tenant- based or project-based,

System-Wide ESG Program Standards

The City of Flint ESG Rapid Re-Housing Grantees, sub-recipients and sub-recipient subcontractors must comply with the following requirements and procedures to ensure compliance with the homeless definition set forth by HUD and the Request for Responses issued by the City of Flint. Both sets of requirements are incorporated into all ESG contracts. The City of Flint requires all sub-recipients to adhere to the reporting guidelines below. Prior to authorizing services or financial assistance, the documentation listed in the following sections must be obtained and copied for the case record. HUD requires the order of priority be:

- (1) First, third-party documentation, signed and dated, on the documenting organization's official letterhead*
- (2) Intake worker observations; and
- (3) Certification from the person seeking assistance

***While third-party documentation is preferred, lack of this documentation must not prevent a household from being immediately admitted to emergency shelter, receiving street outreach services, or receiving services provided by a victim service provider.**

Note: According to the ESG Interim Rule records contained in an HMIS or comparable database used by victim service providers are acceptable evidence of third-party documentation in conjunction with intake worker observations if the HMIS retains an auditable history of all entries, including the person who entered the data, the date of entry, and the change made; and if the HMIS prevents overrides any changes of the dates on which entries are made.

Topic	Standard
ESG Program Description	<p>The purpose of the ESG program is to assist individuals and families quickly regain stability in permanent housing after experiencing a housing crisis or homelessness.</p> <p>ESG funds are available for five program components: street outreach, emergency shelter, homelessness prevention, rapid re-housing assistance, and data collection through the Homeless Management Information System or HMIS. Recipients also receive administration funds with a statutory cap of 7.5 percent. Below is a summary of the components and related eligible costs:</p> <ul style="list-style-type: none"> • Street Outreach: funds may cover costs related to essential services for unsheltered persons (including emergency health or mental health care, engagement, case management, and services for special populations). • Emergency Shelter: funds may be used for renovation of emergency shelter facilities and the operation of those facilities, as well as services for the residents (including case management, child care, education, employment assistance and job training, legal, mental health, substance abuse treatment, transportation, and services for special populations)

CITY OF FLINT ESG PROGRAM STANDARDS

	<ul style="list-style-type: none"> • Homelessness Prevention and Rapid Re-Housing: both components fund housing relocation and stabilization services (including rental application fees, security deposits, utility deposits or payments, last month's rent and housing search and placement activities). Funds may also be used for short- or medium-term rental assistance for those who are at-risk of becoming homeless or transitioning to stable housing. • HMIS: funds may be used to pay the costs for contributing data to the HMIS designated by the Continuum of Care for the area. Eligible activities include (computer hardware, software, or equipment, technical support, office space, salaries of operators, staff training costs, and participation fees).
Coordination with Continuum(s) of Care and other programs	<p>The recipient and its sub-recipients must document their compliance with the requirement for consulting with the Continuum(s) of Care and coordinating and integrating ESG assistance with programs targeted toward homeless people and mainstream service and assistance programs.</p>
Centralized or coordinated assessment systems and procedures	<p>An ESG recipient and its sub-recipients must keep documentation evidencing the use of, and written intake procedures for the centralized or coordinated assessment system(s) developed by the Continuum of Care(s) in accordance with the requirements established by HUD.</p> <p>Note: This requirement does not go into effect until the CoC establishes the centralized or coordinated assessment system(s).</p>
Matching	<p>ESG Sub-recipients and sub-subrecipients must make matching contributions to supplement the recipient's ESG program in an amount that equals the amount of ESG funds provided by the City of Flint.</p> <p><i>Eligible sources of matching contributions.</i> Matching contributions may be obtained from any source, including any Federal source other than the ESG program, as well as state, local, and private sources. However, the following requirements apply to matching contributions from a Federal source of funds:</p> <ol style="list-style-type: none"> 1) The recipient must ensure the law governing any funds to be used as matching contributions do not prohibit those funds from being used to match Emergency Solutions Grant (ESG) funds. 2) If ESG funds are used to satisfy the matching requirements of another Federal program, then funding from that program may not be used to satisfy the matching requirements under this section. <p>To count toward the required match for the recipient's fiscal year grant, cash</p>

CITY OF FLINT ESG PROGRAM STANDARDS

	<p>contributions must be expended within the expenditure deadline in § 576.203, and noncash contributions must be made within the expenditure deadline in § 576.203. Contributions used to match a previous ESG grant may not be used to match a subsequent ESG grant. Contributions that have been or will be counted as satisfying a matching requirement of another Federal grant or award may not count as satisfying the matching requirement of this section.</p> <p><i>Eligible types of matching contributions.</i> The matching requirement may be met by one or both of the following:</p> <p>(1) <i>Cash contributions.</i> Cash expended for allowable costs, as defined in OMB Circulars A-87 (2 CFR part 225) and A-122 (2 CFR part 230), of the recipient or subrecipient.</p> <p>(2) <i>Noncash contributions.</i> The value of any real property, equipment, goods, or services contributed to the recipient's or subrecipient's ESG program, provided that if the recipient or subrecipient had to pay for them with grant funds, the costs would have been allowable. Noncash contributions may also include the purchase value of any donated building.</p> <p><i>Calculating the amount of noncash contributions.</i> (1) To determine the value of any donated material or building, or of any lease, the recipient must use a method reasonably calculated to establish the fair market value.</p> <p>Services provided by individuals must be valued at rates consistent with those ordinarily paid for similar work in the recipient's or subrecipient's organization. If the recipient or subrecipient does not have employees performing similar work, the rates must be consistent with those ordinarily paid by other employers for similar work in the same labor market.</p> <p>The recipient and where applicable, its sub-recipients must keep records of the source and use of contributions made to satisfy the ESG matching requirement. The records must indicate the particular fiscal year grant for which each matching contribution is counted. The records must show how the value placed on third-party, non-cash contributions was derived. To the extent feasible, volunteer services must be supported by the same methods that the organization uses to support the allocation of regular personnel costs.</p>
Confidentiality	<p>(1) Recipient and its sub-recipients must develop and implement written procedures to ensure:</p> <p>(i) All records containing personally identifying information (as defined in HUD's standards for participation, data collection, and reporting in a local HMIS) of any individual or family who applies for and/or receives ESG assistance will be kept secure and confidential;</p> <p>(ii) The address or location of any domestic violence, dating violence, sexual assault, or stalking shelter project assisted under the ESG will not be made public, except with written authorization of the person responsible for the operation of the shelter; and</p>

Page 3

CITY OF FLINT ESG PROGRAM STANDARDS

	<p>(iii) The address or location of any housing of a program participant will not be made public, except as provided under a preexisting privacy policy of the recipient or sub-recipient and consistent with state and local laws regarding privacy and obligations of confidentiality.</p> <p>(2) The confidentiality procedures of the recipient and its sub-recipients must be in writing and must be maintained in accordance with this section.</p>
Termination Policies	<p>Each ESG sub-recipient must have a termination policy in place that meets the following specifications:</p> <ul style="list-style-type: none"> • Written notice to the household containing clear a statement defining the reason for termination • An appeal process, in which the household is given the opportunity to present written or oral objections before a person other than the person (or a subordinate of that person) who made or approved the termination decision • Prompt written notice of the final decision to the household <p><u>Termination of ESG services does not bar the program participant from receiving further assistance at a later date if they again meet all ESG eligibility requirements.</u></p>
Case Management	<p>Case management services must be offered to every ESG household with the intention of assisting the household in obtaining housing and maintaining long term housing stability. A plan must be developed to assist the household with retaining permanent housing after ESG assistance ends, taking into account the household's current and/or expected income and expenses, and other public or private assistance for which the household may be eligible. The following documentation shall be recorded in each household's case record to document case management services offered through ESG:</p> <ul style="list-style-type: none"> • creation of a Housing Stability Plan • creation of a personalized budget, taking into consideration the participants current and expected income and all expenses • documentation of monthly meetings with the case manager* • notes and/or copies of referrals to mainstream benefits and other resources and follow up notes on whether the household was able to access the service/benefit <p>*A sub-recipient may be exempt from the monthly meeting requirement if the Violence Against Women Act of 1994 or the Family Violence Prevention and</p>

	Services Act prohibits the sub-recipient from making its shelter or housing conditional on the participant's acceptance of services.
Ineligible Applicants	<p>Sub-recipients are required to keep a case record for each household that applies for and is determined ineligible for ESG Homelessness Prevention services by the sub-recipient. The case record must include documentation of the reason for that determination.</p> <p>If a household successfully completes an intake and application for eligibility and is determined ineligible for assistance, they have the right to receive in writing a notice of ineligibility* and the right to request a review of the decision. If a review of the decision is requested, the review must be performed by a staff member who is familiar with the ESG program, but unfamiliar with the household requesting the review. It must be made clear to the household requesting the review, that the review process is different than a hearing, therefore no testimony will be taken, and that any additional documentation that they would like to be considered must be included in their request for a review. The review process should be completed within 15 days of the request for review. At the end of the review, the sub-recipient should notify the household of the final decision in writing at the address provided by the applicant.</p> <p>*The City of Flint has provided a sample notice of ineligibility that may be used and adapted by sub-recipients to meet this requirement.</p>
Documentation of Services and Assistance Provided	The sub-recipient must keep records of the types of essential services, rental assistance, and housing stabilization and relocation services provided under the sub-recipient's program and the amount spent on these services and assistance and whether they are costs charged to match or against the ESG grant.
Period of Record Retention	Documentation of each household's qualification for ESG Rapid Re-Housing assistance must be retained for 5 years after the expenditure of all funds from the grant under which the household was served. Copies made by scanning, photocopying, or similar methods may be substituted for the original records.
HMIS	<p>ESG sub-recipients must document participation in HMIS (or a comparable database by sub-recipients with a primary mission of serving victims of domestic violence or providing legal services.) The City of Flint requires that sub-recipients gather both "universal" data elements and "program" level data elements in order to successfully complete an entry assessment, quarterly assessments, and an exit assessment into the HMIS system for each eligible household.</p> <p>The City of Flint requires that all sub-recipients submit a Quarterly Performance Report (QPR) for their program on a quarterly basis. The QPR report should be pulled from your HMIS system, converted to a .pdf and emailed to Metro Community Development, with copies to the City of Flint. Submission deadlines are:</p>

Sub-recipients are also responsible for any data collected by organizations they may have sub-contracts with.</p>
Conflicts of Interest/Codes of Conduct	<p>The recipient and its sub-recipients must keep records to show compliance with HUD's organizational conflicts-of-interest requirements, a copy of the personal conflicts of interest policy or codes of conduct, and records supporting exceptions to the personal conflicts of interest prohibitions.</p>
Faith-based activities	<p>The recipient and its sub-recipients must document their compliance with the faith-based activities requirements as listed below:</p> <ul style="list-style-type: none"> • Organizations that are directly funded under the City of Flint's ESG program may not engage in inherently religious activities, such as worship, religious instruction, or proselytization as part of the programs or services funded under ESG. If an organization conducts these activities, the activities must be offered separately, in time or location, from the programs or services funded under ESG, and participation must be voluntary for households. • Any religious organization that receives City of Flint ESG funds retains its independence from Federal, State, and local governments, and may continue to carry out its mission, including the definition, practice, and expression of its religious beliefs, provided that the religious organization does not use ESG funds to directly support any inherently religious activities, such as worship, religious instruction, or proselytization. Among other things, faith-based organizations may use space in their facilities to provide ESG-funded services, without removing religious art, icons, scriptures, or other religious symbols. An ESG sub-recipient retains its authority over its internal governance, and the organization may retain religious terms in its organization's name, select its board members on a religious basis, and include religious references in its organization's mission statements and other governing documents. • A sub-recipient that receives ESG funds shall not, in providing ESG assistance, discriminate against an eligible household on the basis of religion or religious belief.

Other Federal Requirements	<p>The recipient and its sub-recipients must document their compliance with the Federal requirements, as applicable, including:</p> <ol style="list-style-type: none"> (1) Records demonstrating compliance with the nondiscrimination and equal opportunity requirements under Other Federal Requirements, including data concerning race, ethnicity, disability status, sex, and family characteristics of persons and households who are applicants for, or program participants in, any program or activity funded in whole or in part with ESG funds and the affirmative outreach requirements. (2) Records demonstrating compliance with the uniform administrative requirements in 24 CFR part 85 (for governments) and 24 CFR part 84 (for nonprofit organizations). (3) Records demonstrating compliance with the environmental review requirements, including flood insurance requirements. (4) Certifications and disclosure forms required under the lobbying and disclosure requirements in 24 CFR part 87.
Written Policies and Procedures	<p>The recipients and its sub-recipients shall all compile and have available for client and City of Flint review policies and procedures detailing at least the following:</p> <ul style="list-style-type: none"> • Description of services provided • Description of eligibility standards and required documentation (as appropriate) • Evaluation and documentation of participant needs • Housing stability planning • Due Process and Termination <p>Emergency shelters will also have policies and procedures describing:</p> <ul style="list-style-type: none"> • Admissions procedure • Length of stay • Other shelter requirements

Street Outreach Program Standards

The City of Flint ESG Street Outreach Grantees, sub-recipients and sub-recipient subcontractors must comply with the following requirements and procedures to ensure compliance with the homeless definition set forth by HUD and the Request for Responses issued by the City of Flint. Both sets of requirements are incorporated into all City of Flint ESG contracts. The City of Flint requires all sub-recipients to adhere to the reporting guidelines below. Homelessness Prevention Program Standards

The City of Flint ESG Homelessness Prevention sub-recipients and any subcontractors must comply with the following requirements and procedures to ensure compliance with the homeless definition set forth by HUD and the Request for Responses issued by the City of Flint. Both sets of requirements are incorporated into all City ESG contracts. The City requires all sub-recipients to adhere to the reporting guidelines below. Prior to authorizing services or financial assistance, the documentation listed in the following sections must be obtained and copied for the case record. HUD requires the order of priority be:

- (1) First, third-party documentation, signed and dated, on the documenting organization's official letterhead*
- (2) Intake worker observations
- (3) Certification from the person seeking assistance

***While third-party documentation is preferred, lack of this documentation must not prevent a household from being immediately admitted to emergency shelter, receiving street outreach services, or receiving services provided by a victim service provider.**

Note: According to the ESG Interim Rule records contained in an HMIS or comparable database used by victim service providers are acceptable evidence of third-party documentation in conjunction with intake worker observations if the HMIS retains an auditable history of all entries, including the person who entered the data, the date of entry, and the change made; and if the HMIS prevents overrides or changes of the dates on which entries are made.

Financial Payments (Rental Assistance, Move In Assistance, Utility Assistance)	<p>Case records for each ESG household must clearly document any financial payments made on behalf of the participant as an ESG service, including:</p> <ul style="list-style-type: none"> • copies of any and all utility statements, clearly documenting the amount of arrears owed by the program participant and the amount paid by the ESG sub-recipient • copies of any and all utility statements, clearly documenting the amount of utility deposit assistance necessary in order to turn the utilities on and any amount paid by the ESG sub-recipient • clear documentation of moving costs, such as truck rental or a moving company, including clear documentation of the amount paid by the ESG sub-recipient • in the case of storage fees, documentation must clearly provide that the fees were accrued after the date the program participant began receiving ESG assistance and before the participant moved into permanent housing. Clear documentation of the amount of assistance (up to 3 months storage) paid by the ESG sub-recipient • case records must include clear documentation of payments made to property owners for the provision of rental assistance or move in assistance, and supporting documentation for these payments, including dates of occupancy by program participants. See <u>Lease Documentation, Ownership and Rental Agreement between Sub-recipient and Property Owner</u> sections below.
Serving	Households in housing with publicly assisted rental assistance may only receive assistance with the following activities:

<p>Households with a Housing Voucher or other form of Housing Assistance paid with Public Funds</p>	<ol style="list-style-type: none"> 1. Payment for up to six months in rent arrearages for the participant's portion of the rent or up to six months in utility arrearages. 2. Mediation or legal services to resolve a landlord/tenant dispute. <p>Sub-recipients are responsible for documenting in the case file that the eligible household was a recipient of publicly assisted rental assistance and the case record must clearly document the months of rental arrearage assistance and that the assistance offered was for the tenant portion of the rent only. All mediation and legal services offered to resolve a landlord/tenant dispute must be recorded in the household's case record according to the documentation requirements for legal services.</p>
<p>Relocating a Homelessness Prevention Eligible Household</p>	<p>If an eligible household cannot demonstrate that they will be able to maintain the cost of the unit after ESG assistance ends, sub-recipients may use ESG funds to assist with re-locating the household rather than using prevention services to help them remain in their current housing, provided that the financial services are not available to the household through other programs and that the household is not moving into housing with publicly assisted rental assistance. Eligible re-location costs may include:</p> <ul style="list-style-type: none"> • Rental application fees (if applied to all applicants) • Utility deposits • Security deposit up to 2 full month's rent • First month's rent • Moving costs (truck rental or hiring a moving company, including certain temporary storage fees) <p>Sub-recipients must obtain documentation that the household is not able to remain in their current unit and/or document that the household will not be able to maintain rent in their current unit and must move.</p>
<p>Lease Documentation</p>	<p>A legally binding, <u>written</u> lease for the unit between the owner and the household is required prior to a sub-recipient authorizing any payment to the property owner (including first, last, or security deposit payments.) Only when the assistance is solely for rental arrears may an oral agreement be accepted in place of a written lease and only if the oral agreement gives the household an enforceable leasehold interest under state law and the agreement and rent owed are sufficiently documented by the property owner's financial records, rent ledgers or cancelled checks. The oral agreement must then be documented by the sub-recipient on the organization or property owner's official letterhead detailing the address of the unit, the rent amount, move in date, and the term of tenant occupancy.</p> <p>If a sub-recipient is only offering non-financial services, such as housing</p>

	stability case management or legal services, then a written lease is not necessary.
Ownership	Proof of current ownership of the unit must be obtained prior to any financial payments made to the property owner. Documentation of ownership may include a copy of a deed, water bill, mortgage payment, or tax bill.
Rental Agreement between Sub-recipient and Property Owner	<p>An agreement between the property owner and the ESG sub-recipient must be obtained and placed in the case record for every household that receives rental assistance, and or move-in assistance paid to the property owner, including first month's rent. Per HUD requirements, this agreement must set forth the terms under which assistance will be provided. The agreement must provide that, during the term of the agreement, the property owner must give the ESG sub-recipient a copy of any notice given to the household to vacate the unit used under state or local law to commence an eviction action against the household, including a notice to quit.</p> <p>A rental agreement between the sub-recipient and the property owner is not necessary if the sub-recipient is not offering payment to the property owner.</p>
Housing Standards Checklist	<p><u>Habitability standards apply for all households receiving Homelessness Prevention services under ESG, including rental arrears only, or legal assistance only.*</u> The case record for the eligible household must include a completed ESG Housing Shelter & Housing Standards Inspection Checklist or a copy of the inspection report completed by a HUD certified inspector.</p> <p>Lead Based Paint standards also apply for all households receiving homelessness prevention services under ESG. Visual assessments must be completed on all units receiving assistance if constructed before 1978 <u>AND</u> a child under 6 or a pregnant woman will live there. Documentation of the visual inspection completed by qualified staff must be kept in the case record. All staff members that will be responsible for completing visual assessments must have documentation that they are qualified to do so. HUD offers an online visual assessment training that should be completed by all staff members conducting inspections. The certification of completion by staff members should be kept with the sub-recipients ESG administrative records.</p> <p>The training can be found at: http://www.hud.gov/offices/lead/training/visualassessment/h00101.htm.</p>
Fair Market Rent (FMR) and Rent Reasonableness	<p>ESG requires housing units to meet BOTH rent reasonableness standards AND HUD's published Fair Market Rent standards.</p> <p>Fair Market Rent established by HUD may be found at: http://www.huduser.org/portal/datasets/fmr/fmrs/FY2013code/selectGeography.do</p>

Housing Habitability Standards Inspection Checklist

Instructions: Please check if the property meets the criteria. The property must meet all standards in order to be approved. A copy of this checklist should be placed in the client file.

Approved	Element
	1. Structure and materials: The structures must be structurally sound so as not to pose any threat to the health and safety of the occupants and so as to protect the residents from hazards.
	2. Access: The housing must be accessible and capable of being utilized without unauthorized use of other private properties. Structures must provide alternate means of egress in case of fire.
	3. Space and security: Each resident must be afforded adequate space and security for themselves and their belongings. Each resident must be provided with an acceptable place to sleep.
	4. Interior air quality: Every room or space must be provided with natural or mechanical ventilation. Structures must be free of pollutants in the air at levels that threaten the health of residents.
	5. Water Supply: The water supply must be free from contamination.
	6. Sanitary Facilities: Residents must have access to sufficient sanitary facilities that are in proper operating condition, may be used in privacy, and are adequate for personal cleanliness and the disposal of human waste.
	7. Thermal environment: The housing must have adequate heating and/or cooling facilities in proper operating condition.
	8. Illumination and electricity: The housing must have adequate natural or artificial illumination to permit normal indoor activities and to support the health and safety of residents. Sufficient electrical sources must be provided to permit use of essential electrical appliances while assuring safety from fire.
	9. Food preparation and refuse disposal: All food preparation areas must contain suitable space and equipment to store, prepare, and serve food in a sanitary manner.
	10. Sanitary condition: The housing and any equipment must be maintained in sanitary condition.
	11. Lead-based paint: If the structure was built prior to 1978, and a child under the age of six or a pregnant woman will reside in the property, and the property has a defective paint surface inside or outside the structure, the property cannot be approved until the defective surface is repaired by at least scraping and painting the surface with two coats of non-lead based paint. Defective paint surface means: applicable surface on which paint is cracking, scaling, chipping, peeling or loose. If a child under age six residing in the property has an Elevated Blood Level, paint surfaces must be tested for lead-based paint.

	<p>12. Fire safety: Both conditions below must be met to meet this standard.</p> <p>a. Each unit must include at least one battery operated or hard-wired smoke detector, in proper working condition, on each occupied level of the unit. Smoke detectors must be located, to the extent practicable, in a hallway adjacent to a bedroom. If the unit is occupied by hearing-impaired persons, smoke detectors must have an alarm system designed for hearing-impaired persons in each bedroom occupied by a hearing-impaired person.</p> <p>b. The public areas of all housing must be equipped with a sufficient number, but not less than one for each area, of battery-operated or hard-wired smoke detectors. Public areas include, but are not limited to, laundry rooms, day care centers, hallways, stairwells, and other common areas.</p>

Rapid Re-Housing Program Standards

The City of Flint ESG Rapid Re-Housing Grantees, sub-recipients and sub-recipient subcontractors must comply with the following requirements and procedures to ensure compliance with the homeless definition set forth by HUD and the Request for Responses issued by the City of Flint. Both sets of requirements are incorporated into all City of Flint ESG contracts. The City of Flint requires all sub-recipients to adhere to the reporting guidelines below. Prior to authorizing services or financial assistance, the documentation listed in the following sections must be obtained and copied for the case record. HUD requires the order of priority be:

- (1) First, third-party documentation, signed and dated, on the documenting organization's official letterhead*
- (2) Intake worker observations; and
- (3) Certification from the person seeking assistance

***While third-party documentation is preferred, lack of this documentation must not prevent a household from being immediately admitted to emergency shelter, receiving street outreach services, or receiving services provided by a victim service provider.**

Note: According to the ESG Interim Rule records contained in an HMIS or comparable database used by victim service providers are acceptable evidence of third-party documentation in conjunction with intake worker observations if the HMIS retains an auditable history of all entries, including the person who entered the data, the date of entry, and the change made; and if the HMIS prevents overrides any changes of the dates on which entries are made.

Serving Households with a Housing Voucher or other form of Housing Assistance paid with Public Funds	<p>Households in housing with publicly assisted rental assistance may only receive assistance with the following activities:</p> <ol style="list-style-type: none"> 1. Payment for up to six months in rent arrearages for the participant's portion of the rent or up to six months in utility arrearages. 2. All mediation and legal services offered to resolve a landlord/tenant dispute must be recorded in the household's case record according to the documentation requirements for legal services.</p>
Documentation of Insufficient Financial Resources and Support Networks	<p>All sub-recipient ESG case records must clearly document that the participant lacks any and all alternative options that could lead to permanent housing and 'but for' the ESG assistance the household would become literally homeless. A "But For" Certification must be placed in each households file both at intake and at each quarterly assessment or re-certification.</p> <p>See "But For" Certification form.</p>
Income Eligibility Documentation at Intake and during Quarterly Assessment's	<p>A household that has been documented as meeting the homeless eligibility criteria for Rapid Re-Housing does not have to meet the requirement of having income less than 30% of AMI either at intake or during quarterly assessments. However, <u>the City of Flint expects complete income information to be gathered at intake and included in the ESG Assessment information in HMIS at intake and during each subsequent quarterly assessment.</u> If during the ESG intake staff learns that a household has income above 30% of the AMI, this will have no impact on the household's Rapid Re-Housing eligibility until the 12 month re-certification. <u>Income documents are expected to be collected and maintained on a quarterly basis and kept in the case record to assist the household with creating a Housing Stability Plan, locating housing and maintaining it.</u> The City will monitor case records to verify that the client's income was considered when developing the Housing Stability Plan and placing a client into housing.</p> <p>For each household that receives City of Flint ESG Rapid Re-Housing assistance, the following documentation of annual income must be gathered at intake and updated on</p>

CITY OF FLINT ESG PROGRAM STANDARDS

	and supporting documentation for these payments, including dates of occupancy by program participants. See <u>Lease Documentation, Ownership and Rental Agreement between Sub-recipient and Property Owner</u> sections below.												
Lease Documentation	A legally binding, <u>written</u> lease for the unit between the owner and the household is required prior to a sub-recipient authorizing any payment to the property owner (including first, last, or security deposit payments.) Only when the assistance is solely for rental arrears may an oral agreement be accepted in place of a written lease and only if the oral agreement gives the household an enforceable leasehold interest under state law and the agreement and rent owed are sufficiently documented by the property owner's financial records, rent ledgers or cancelled checks. The oral agreement must be documented by the sub-recipient on the organization or property owner's official letterhead detailing the address of the unit, the rent amount, the move in date, and the term of tenant occupancy.												
Ownership	Proof of ownership of the unit must be obtained prior to any financial payments made to the property owner. Documentation of ownership may include a copy of a deed, water bill, mortgage payment, or tax bill.												
Rental Agreement between Sub-recipient and Property Owner	For each household eligible to receive financial assistance to be paid to a property owner, including move in assistance, an agreement between the property owner and the ESG sub-recipient must be obtained and placed in the case record. Per HUD requirements, this agreement must set forth the terms under which assistance will be provided. The agreement must provide that, during the term of the agreement, the property owner must give the ESG sub-recipient a copy of any notice given to the household to vacate the unit used under state or local law to commence an eviction action against the household, including a 14 day notice to quit.												
Housing Standards Checklist	The records must include documentation of compliance with HUD's shelter and housing standards. Completion of a Shelter & Housing Standards Inspection Checklist or a copy of the inspection report completed by a HUD certified inspector must be in the case record for all clients receiving financial assistance (security deposit, first and last month, rental assistance, moving or storage fees, or utility assistance.)												
Fair Market Rent (FMR) and Rent Reasonableness	<p>ESG requires housing units to meet BOTH rent reasonableness standards AND HUD's published Fair Market Rent standards.</p> <p>Fair Market Rent established by HUD may be found at: http://www.huduser.org/portal/datasets/fmr/fmrs/TY2013code/selectGeography.odn</p> <table><tr><td></td><td>0 Bdr</td><td>1 Bdr</td><td>2 Bdr</td><td>3 Bdr</td><td>4 Bdr</td></tr><tr><td>FLINT 2013</td><td>423</td><td>547</td><td>711</td><td>928</td><td>1048</td></tr></table>		0 Bdr	1 Bdr	2 Bdr	3 Bdr	4 Bdr	FLINT 2013	423	547	711	928	1048

Case Management	<p>Case management services must be offered to every ESG household with the intention of assisting the household in obtaining housing and maintaining long term housing stability. A plan must be developed to assist the household with retaining permanent housing after ESG assistance ends, taking into account the household's current and/or expected income and expenses, and other public or private assistance for which the household may be eligible. The following documentation shall be recorded in each household's case record to document case management services offered through ESG:</p> <ul style="list-style-type: none"> • creation of a Housing Stability Plan • creation of a personalized budget, taking into consideration the participants current and expected income and all expenses • documentation of monthly meetings with the case manager* • notes and/or copies of referrals to mainstream benefits and other resources and follow up notes on whether the household was able to access the service/benefit <p>*A sub-recipient may be exempt from the monthly meeting requirement if the Violence Against Women Act of 1994 or the Family Violence Prevention and Services Act prohibits the sub-recipient from making its shelter or housing conditional on the participant's acceptance of services.</p>
Quarterly Assessments	<p>On a quarterly basis, all Rapid Re-Housing households must be re-assessed and updated information entered into HMIS. The quarterly assessment should be documented in the case record, as well, by</p> <ul style="list-style-type: none"> • a new ESG income evaluation form, including updated income and assets documentation • a new "But For" certification, • clear case notes documenting any changes in household composition <p>The quarterly assessment process shall include a review of all financial documents and a certification that the household still lacks the resources and support networks necessary to retain housing without ESG funding.</p> <p>An increase in a household's income to over 30% of Area Median Income (AMI) at a</p>

Housing Habitability Standards Inspection Checklist**

Instructions: Please check if the property meets the criteria. The property must meet all standards in order to be approved. A copy of this checklist should be placed in the client file.

Approved	Element
	1. Structure and materials: The structures must be structurally sound so as not to pose any threat to the health and safety of the occupants and so as to protect the residents from hazards.
	2. Access: The housing must be accessible and capable of being utilized without unauthorized use of other private properties. Structures must provide alternate means of egress in case of fire.
	3. Space and security: Each resident must be afforded adequate space and security for themselves and their belongings. Each resident must be provided with an acceptable place to sleep.
	4. Interior air quality: Every room or space must be provided with natural or mechanical ventilation. Structures must be free of pollutants in the air at levels that threaten the health of residents.
	5. Water Supply: The water supply must be free from contamination.
	6. Sanitary Facilities: Residents must have access to sufficient sanitary facilities that are in proper operating condition, may be used in privacy, and are adequate for personal cleanliness and the disposal of human waste.
	7. Thermal environment: The housing must have adequate heating and/or cooling facilities in proper operating condition.
	8. Illumination and electricity: The housing must have adequate natural or artificial illumination to permit normal indoor activities and to support the health and safety of residents. Sufficient electrical sources must be provided to permit use of essential electrical appliances while assuring safety from fire.
	9. Food preparation and refuse disposal: All food preparation areas must contain suitable space and equipment to store, prepare, and serve food in a sanitary manner.
	10. Sanitary condition: The housing and any equipment must be maintained in sanitary condition.
	11. Lead-based paint: If the structure was built prior to 1978, and a child under the age of six or a pregnant woman will reside in the property, and the property has a defective paint surface inside or outside the structure, the property cannot be approved until the defective surface is repaired by at least scraping and painting the surface with two coats of non-lead based paint. Defective paint surface means: applicable surface on which paint is cracking, scaling, chipping, peeling or loose. If a child under age six residing in the property has an Elevated Blood Level, paint surfaces must be tested for lead-based paint.

	<p>12. Fire safety: Both conditions below must be met to meet this standard.</p> <p>a. Each unit must include at least one battery-operated or hard-wired smoke detector, in proper working condition, on each occupied level of the unit. Smoke detectors must be located, to the extent practicable, in a hallway adjacent to a bedroom. If the unit is occupied by hearing-impaired persons, smoke detectors must have an alarm system designed for hearing-impaired persons in each bedroom occupied by a hearing-impaired person.</p> <p>b. The public areas of all housing must be equipped with a sufficient number, but not less than one for each area, of battery-operated or hard-wired smoke detectors. Public areas include, but are not limited to, laundry rooms, day care centers, hallways, stairwells, and other common areas.</p>

Sample Procurement Narrative Statement:

Agency X is seeking case management services. On September 10, 2010, Agency X published a notice in the Flint Journal requesting proposals from qualified case managers. A copy of the RFP was made available to the public online, and at the Agency X headquarters. RFPs were available for twenty-one (21 days), from September 10 – October 1, 2010. On October 1, 2010, at 4:30 p.m., proposals were opened at the Agency X headquarters. Staff present included Jane Doe and Bill Nye. Four (4) proposals were received from the following firms: Org 1, Org 2, Org 3, and Org 4.

An evaluation committee of five individuals was established. The five individuals reviewed the proposals, completed a written evaluation of each proposal, and met on October 7, 2010 to finalize their recommendations. Based on price, qualifications, experience, and capacity, Org 2 was selected to provide case management services and was sent an award letter on October 8, 2010. Denial letters to the other three organizations were mailed on October 8, 2010 also. A resolution authorizing services was prepared and a contract was approved on October 20, 2010.

Copies of all documents referenced above are attached.

Fair Housing Recommendations

Fair Housing Recommendations for the City of Flint – Fair Housing Center and LSEM

Patricia Baird, Program Manager, Fair Housing Center

Jill Nylander, Executive Director, Legal Services of Eastern Michigan

The obligation to Affirmatively Further Fair Housing (AFFH) has been in the Fair Housing Act since 1968. It is a legal condition regulated by the federal government requiring those receiving federal funds to take meaningful actions to overcome historic patterns of segregation, promote fair housing choice, and encourage inclusive communities; free from discrimination. Its purpose is to address significant disparities in housing needs, replacing segregated living patterns with integrated living patterns, changing racially and ethnically concentrated areas of poverty into areas of opportunity, and fostering and maintaining compliance with civil rights and fair housing laws. The following are actions to Affirmatively Further Fair Housing in the City of Flint:

- Continue supporting the Fair Housing Center's testing program, testing apartments, real estate, mobile home communities, and lending institutions.
- Provide community awareness regarding fair housing laws, where to report, how to file a housing discrimination complaint, and that filing a fair housing complaint has no cost regardless of income.
- Provide incentives to public housing and other subsidized housing communities regarding the legal obligation to include the correct percentage of barrier free housing.
- Provide incentives to public housing and other subsidized housing communities regarding the need for additional family housing with two or more bedrooms.
