EXECUTIVE SUMMARY

This CAPER serves as a progress update on meeting the City's goals related to the Community Development Block Grants (CDBG), Home Investment Partnerships Program (HOME), and Emergency Shelter Grants (ESG) programs. In the City of Flint, the Department of Planning and Development, Division of Community and Economic Development administers all of the federal entitlement programs. These programs are part of the broader Imagine Flint Master Plan, which provides a framework in which to revitalize the Flint community.

The 2016 CAPER provides information on activities and initiatives which were proposed in the 2016 Action Plan and offers information on public and private efforts undertaken during the PY by the City of Flint and its partners.

During the 2016 program year, July 1, 2016 through June 30, 2017, and as outlined in the Consolidated Plan and PY 2016 Action Plan, Flint sought to implement the following strategies for allocating available resources for housing and community development activities

1. Recreational activities for youth and seniors.
2. Public infrastructure improvements that help to maximize other Federal, state, non-profit and private sector investments made throughout the City.
3. Clearance and demolition of vacant, foreclosed, abandoned and dangerous buildings.
4. Focus on creating opportunities for low-income residents to emerge from poverty.
5. Housing rehabilitation and repair for low income and special needs residents.
6. Creating homeownership opportunities for all households in Flint.

The total federal 2016 allocation administered by various subrecipients is \$4,632,712, not inclusive of unspent previous years' allocations and anticipated program income. This amount is broken down as follows:

- Community Development Block Grant (CDBG) \$3,615,454
- HOME Investment Partnership (HOME) \$691,589
- Emergency Shelter Grants (ESG) \$325,669

GENERAL QUESTIONS

Assessment of One-Year Goals and Objectives

For the program year ending June 30, 2017, the City of Flint received entitlement funds of \$3,615,454 from HUD's CDBG. Subsequently, these funds were awarded to City of Flint departments and non-profit organizations using the Consolidated Planning process in order to meet the goals and objectives of the 5-year Consolidated Plan. Eligible non-profit organizations, functioning in the capacity of subrecipients, were awarded contracts to implement public service activities that were designed to benefit the entire community. Priority was given to programs that focused on youth initiatives, fair housing and small business counseling.

Several amendments were enacted in PY 2016 but none were considered substantial according to the definitions contained in the City of Flint Citizen Participation Plan.

Housing Rehabilitation Initiatives

Providing decent housing is a priority in the Consolidated Plan. In PY16, the City continued to utilize funding for housing repair, Citywide Emergency (CWE) and Neighborhood Stabilization Program (NSP) 1 housing completion. Unspent funds from previous years that were retained in the Division of Community and Economic Development (CED) were authorized for a number of building contractors for emergency repairs and continued to be expended. This program was designed to address repairs to an owner-occupant household where hazards exist that are a threat to the health and safety of the low income family or household. In line with the Master Plan and Blight Elimination Framework, the City implemented an owner-occupied rehabilitation program for income-eligible households in targeted neighborhoods. This CDBG-funded program is implemented through a contract with a Community Development Corporation (CDC) who oversees the marketing, outreach, and home repair activities for income-eligible households.

Public Service Initiatives

Nine public service programs received \$542,000 in CDBG funds. These programs focused on youth mentoring, youth recreation, victim advocacy, adult literacy, neighborhood safety, senior services, mental health, and fair housing & credit repair.

Public Improvement/Blight Initiatives

In the area of public improvement initiatives, public improvement activities were funded for a total of \$1,525,213. Programs financed included facility improvements, neighborhood enhancement programs, code enforcement, residential and commercial demolition.

Emergency Shelter Grant Initiatives

Emergency Shelter Grant funds provided the majority of the City's assistance to address homeless needs identified in the Consolidated Plan. In the 2016-17 program year, a total of \$325,669 in ESG funds were used to address emergency shelter (\$100,325), homelessness prevention (\$83,000), and Shelter Essential Services (\$98,000).

Describe the Manner in which Flint would change its Program

Changing administrative priorities, lack of streamlined processes, and inability to get approval of department proposed activities have impeded the City's ability to expend its funds in a timely manner. Over the past several years, the Department has undertaken several strategies to institutionalize practices and streamline processes. The Division formed an advisory committee comprised of a group of strategic partners, including representatives from the C.S. Mott Foundation, Center for Community Progress, Genesee County Land Bank, Local Initiative Support Corporation, Ruth Mott Foundation, and the Community Foundation of Greater Flint. Several recommendations have been implemented from that group, including the following:

- Limited the type and number of CDBG contracts to better focus city staff
- Prioritized CDBG contracts to focus on youth, blight elimination activities, and housing
- Partnering with subrecipients with solid track records
- Prioritize HOME funds on gap financing for multi-family developments that leverage millions of dollars invested and creates higher numbers of affordable units

- Communicate to the public and elected officials the importance of subrecipient timeliness
- Ongoing training and technical assistance for City staff and subrecipients
- Instituting and implementing sanctions for untimely recipients

Especially as it relates to the HOME program, we have been working with information provided through a Target Market Analysis to make better funding decisions, be compliant with HOME underwriting guidelines and utilizing layered financing mechanisms to leverage scarce resources. We have also developed a housing investment strategy that outlines the City's spending strategies for the next several years. The housing investment strategy is consistent with the City's *Imagine Flint* Master Plan and land use strategy. We have sought approval of this strategy with the expectation that required support will be authorized at the appropriate time to ensure ongoing timely spending of CDBG and HOME funds. It is hoped that these changes to Flint's program will help CED become a "best practice model" of governmental support for community and economic development.

The Division continues to meet with other community partners to identify and implement additional strategies that will continue to strengthen the City's entitlement programs and promote the values of equity, inclusion, and diversity in the City's programs.

Affirmatively Furthering Fair Housing

Genesee County holds the distinction as one of the most segregated areas in the country and in Michigan. Against this backdrop, the City's Fair Housing Program promotes fair housing and equal opportunity in housing and ensures compliance of federal fair housing and equal opportunity laws, rules, and regulations by community non-profit organizations. Citizen outreach and education are key components.

The scope and depth of the discrimination and segregation in Flint and Genesee County was well documented by Dr. Joe Darden in his seminal 1997 study *Impediments to Fair Housing in Genesee County*. Ten years later Dr. Darden's initial study was updated. The 2007 report relied heavily upon 2000 census data and new categories of analysis were added. The 2007 study analyzed housing testing results, lending patterns, subsidized housing, governmental policies, and transportation. The following describes key findings from the 2007 update:

- Testing conducted by the Fair Housing Center of Eastern Michigan indicates that in 37% of tests, evidence of discrimination was found, while no evidence of discrimination was found in 32% of cases. In 31% of cases there were inconclusive indications of discrimination. While these figures represent pervasive discrimination, they also represent a decline from the early years of testing by the Fair Housing Center, when rates of evidence of discrimination approached 80%.
- An analysis of lending patterns from Home Mortgage Disclosure data indicates disparities between acceptance rates for white persons as opposed to minorities. These disparities occur without regard to income. In addition, the rate of mortgage applications by minorities is disproportionately low compared to white populations.

- An analysis of housing indicates that subsidized housing is overly concentrated in racially impacted areas. Minorities make up the largest portion of the population in subsidized housing for families. There is an over-emphasis on senior housing and inadequate emphasis on family housing. The Flint Housing Commission is struggling to become compliant meeting minimum requirements for housing for the disabled.
- A review of local government master plans and zoning was conducted throughout the County. It indicated improvement by governmental units since the Darden study. However, all units did not have master plans, and some units of government have not passed Fair Housing policies. A number of governmental units did not provide zoning access for housing for the disabled in single-family areas.
- A review of transportation was conducted to analyze availability and a mystery rider program assisted with testing. The result of both analysis and testing indicates no evidence of discrimination in public transportation.

In spite of demographic analyses that indicates race-based patterns of discrimination and segregation persisted into the new century, improvement has been evidenced in the area of rental housing. Genesee County still holds its unfortunate distinction as one of the most segregated areas in the country, and the most segregated in Michigan. In addition, demographics indicate segregation based upon disability is emerging as a fairness issue.

The 2007 Analysis also offered recommendations to reduce fair housing impediments in Genesee County. One such recommendation was to continue to conduct studies on fair housing related topics in an effort to discover barriers to fair housing. Examples of topics considered important include lending practices, transportation patterns, and affordable housing availability for persons with disabilities. Legal Services contracted with Patricia Baird in 2012 to analyze residential lending patterns and practices in Genesee County. The following were recommended actions to remove the barriers to fair housing identified in the area of residential lending:

- Conduct further investigation of lending institutions with high differential acceptance rates between Caucasians and minorities. This includes paired testing by the Fair Housing Center of Eastern Michigan to discover any discriminatory lending patterns such as difference in quality of service and information provided. The testing program should target those institutions where the African-American and Caucasian disparity is above the County average.
- Conduct paired testing of lending institutions not located in minority neighborhoods with a focus on race, assigning Caucasian and African-American testers.
- Conduct paired testing on lending institutions with a low number of minority applicants.
- Contact lending institutions regarding parking lots not in compliance with American with Disabilities Act regulations. The Fair Housing Center of Eastern Michigan should act as a consultant concerning parking standards.

- Contact lending institutions regarding their web-based advertising, recommending advertising to include all protected classes.
- Contact lending institutions with a recommendation to advertise in all neighborhoods.

The City of Flint continues its historical role of providing funding for housing discrimination testing and enforcement, and has contracted with Legal Services of Eastern Michigan's (LSEM) Fair Housing Center to coordinate this effort. LSEM currently oversees programs relating to housing discrimination testing and training, as well as fair housing education and advocacy.

Over the course of the next year, the City of Flint will be collaborating with partners Genesee County and the Flint Housing Commission on a regional Assessment of Fair Housing. This undertaking will provide a much needed update to the current fair housing conditions within the City, as well as the region as a whole, and lay out steps that will be taken to address the needs of the community moving forward.

Other Actions in the Action Plan Taken to Address Obstacles to Meeting Underserved Needs

The City continues to identify and address obstacles and propose actions to meet the needs of the underserved. The City is strategic in its efforts to target and leverage resources to increase neighborhood stability through the creation of small to large-scale market changing or transformative redevelopment projects, meeting housing demand through scattered rehabilitation, providing incentives to existing and new homeowners, combatting homelessness, and abating lead paint hazards. The following represents a partial list of key actions.

- **Increase the capacity of housing development organizations**

CED staff continues to work to strengthen the capacity of the CHDOs in their community development efforts through the refinement of its certification and re-certification process (related to specific projects), providing technical assistance during the project development phase, sharing HUD-sponsored training opportunities. The City has revamped its CHDO application process and has provided intensive technical assistance to applicants regarding their applications.

- **Eliminate blight**

The City has adopted a comprehensive blight elimination framework. According to the City's *Beyond Blight: City of Flint Blight Elimination Framework*, 19,942 properties are in need of blight elimination. This includes commercial buildings, residential structures, and vacant lots, and represents more than one-third of all properties in the City. The *Framework* calculates the total cost of removing blight at over \$107 million over five years. This factors in demolition (66% of the total cost), mowing (28%), waste removal (5%) and boarding (1%). The shortfall is estimated at more than \$98 million, more than two-thirds of which is attributed to privately owned property. Therefore, the *Framework* recommends rethinking and rebuilding local systems related to property maintenance standards, including code enforcement. In addition, alternative options for filling the funding gap such as maintenance innovations to reduce mowing needs and exploring partnership with anchor institutions and businesses are being sought. The City of Flint and the Genesee County Land Bank Authority have already taken steps to implement the Framework's recommendations, such as planting

clover on 1,200 vacant lots to reduce mowing needs, increasing the number of community groups engaged in creative board-ups, and aligning federal CDBG funds with Framework's priorities to support neighborhood improvement projects.

○ **Increase desirable housing stock**

A key factor contributing to strong, vibrant neighborhoods is the desirability of its housing stock. Increasing the desirability of a neighborhood's housing stock will increase investment. Property investment and homeownership must be increased to stabilize targeted traditional residential neighborhoods, especially those that are considered on the "tipping point" of being non-stable versus stable. Strategies that will build a stronger real estate market in weak market areas will be strengthened including using Neighborhood Enterprise Zone to incentivize homeowners to invest in their homes, targeted code enforcement, assistance for home repair, and down payment assistance to assist new homeowners.

○ **Expand housing units for homeless and at-risk families**

The City will use funds to support and expand the supply of affordable housing options to assist low-income households retain their homes and provide emergency, transitional and permanent supportive housing units for homeless and/or at-risk individuals, families, children and youth. The City also will continue to partner with the Continuum of Care system and the Genesee Homeless Task Force to implement their priorities and for assisting homeless people with services, emergency, transitional, and permanent housing.

○ **Remove lead-based paint hazards**

As of June 2009 the state of Michigan designated six high risk zip codes within the City for childhood lead poisoning: 48502, 48503, 48504, 48505, 48506 and 48507. The City's homeownership and rehabilitation activities target low to moderate income households. The City of Flint will ensure that all of its federally funded housing programs are in full compliance with the lead-based paint hazard regulations (24 CFR Part 35). This includes directing households to the appropriate resources for lead paint inspection, testing, and abatement of lead-based hazards primarily the current state of Michigan HHS Lead Free Home Program. Funding will be used to provide lead abatement and mitigation services to help eliminate exposure to lead poisoning.

Leveraging Resources

• **Smith Village, a Housing Redevelopment Project**

Neighborhood Stabilization 2 Funds

The "new" Smith Village with its 10 individual home designs offers all of the modern amenities of city living – first floor laundry areas, full basements, open floor plans, attached garages and zero entry access. Smith Village is a prime neighborhood for urban living. This redevelopment provides generous lots, over 60 feet wide, plenty of breathing room, new infrastructure and lots of green spaces. In previous years, the City completed construction of 39 homes, using a combination of NSP2, NSP3, and HOME Investment Partnerships funds. Infrastructure improvements, including streets, sidewalks, utilities and lighting were also installed using CDBG funds. The current program year has focused on the sale of the remaining 7 homes. At the end of the program year, there were 4 purchase agreements in place.

- **NSP1**

During PY16 The City continued to complete and sell houses included in its NSP1 application utilizing CDBG and General Fund. At the end of the program year, 4 houses remain unsold, although purchase agreements have been received on all. The City expects the program will be completed and closed out in PY17.

Master Plan

Since the adoption of the Master Plan on October 28, 2013, the community commitment to advancing the hundreds of strategies found in the plan has truly been amazing. Likewise, the City of Flint has fully embraced the Master Plan, heavily relying on it to develop a multi-year strategic plan, annual budget and two combined capital improvements plans. Additionally, following the adoption of the Imagine Flint master plan, City leadership re-organized multiple divisions into a singular department, with the sole intent of efficiently implementing the master plan. The new Department of Planning and Development includes the functions of Blight and Neighborhood Stabilization; Building, Safety and Inspections; Community and Economic Development; and Planning and Zoning. The combination of these once separate divisions further solidifies the City's commitment to the master plan. Within the community, Flint institutions and organizations are also revising their own strategic plans and policies to align with the plan. Flint residents and community members continue to engage the City in the planning process. On-going, grass roots neighborhood level work combined with community based working groups focused on implementing strategies found in the plan are key strategies staff use to ensure the community vision becomes reality.

Throughout 2015, 2016 and 2017, over 120 Master Plan strategies were initiated with an estimated value of nearly \$40 million.

Broad accomplishments include:

- Creation of the South Flint Community Plan as the output of the HUD Choice Neighborhood planning grant, a \$500,000 grant to address severely distressed public housing
- Partnering with the Flint Housing Commission and Norstar Development USA to implement a 43-unit, mixed-income housing development. An application to the MSHDA LIHTC was submitted in October 2017, which will fund their phase I development project. The City and Norstar Development will also be submitting a HUD Choice Neighborhoods Implementation grant that if successful, will provide \$25 million in funds for future residential development and fund neighborhood stabilization projects.
- Planning Commission approval in March 2017 of the new draft Zoning Code that will hopefully be approved by the City Council in early 2018
- Recipient of the Michigan Association of Planning "Excellence in Community Engagement and Master Planning" award
- Winner of the Congress for New Urbanism's "Mackinaw Award" for excellence in master planning
- Continuing work with 7 neighborhood groups to develop neighborhood planning prep-kits
- Adoption of the data-driven 5-year Blight Elimination Framework
- Continued partnership with over 60 community groups

- Completed over \$150,000 of neighborhood enhancement projects

Highlighted below are just some of the accomplishments and on-going projects related to master plan implementation:

Civic Engagement:

- Continued hosting extensive public meetings and community events, engaging over 250 new individuals
- On-going ward specific workshops dedicated to public zoning outreach
- Attended monthly Flint Neighborhoods United meetings to share updates on Planning & Development projects

Housing & Neighborhoods:

- Completion of a citywide neighborhood assessment including 51,607 parcels
 - Reporting of over 250 non-functioning lights and facilitating the replacement of 200 non-functioning street lights over a eight month span
 - Creation of a web-based, interactive portal for monitoring property ownership, community maintenance of vacant properties, and street light functionality
 - Development of a community based form to submit outages
- Partnering with community stakeholders in the demolition of nearly 3,000 blighted and abandoned homes, complete within 18 months and totaling over \$35 million in leveraged funding
- Receipt of a 2015 HUD Choice Neighborhoods planning grant to develop strategies to relocate the isolated Atherton East public housing development and improve services and programming for the South Flint community
- Receipt of a \$320,000 grant from the Ruth Mott Foundation to hire a Neighborhood Planner and create community lead neighborhood plans.
- Rehabilitation of formerly abandoned Swayze Apartment building and adjacent new construction of 2nd apartment building as part of Swayze Court housing project
- Development and implementation of the Flint Property Portal, which allows for residents to report blighted conditions and upload photos to better assist with the City's code enforcement efforts. The online portal and cell phone application development was made possible through a partnership between the City of Flint and the Genesee County Land Bank, which committed \$20,000 toward the effort

Transportation & Mobility:

- Development of an interactive sidewalk assessment and walkability audit tool that was implemented by over 40 community groups to assess 2,500 miles of sidewalks
- Contribute \$35,000 toward the engineering for a road diet for South Saginaw Street.

- Applied for and received a \$20 million TIGER grant for the reconstruction of Atherton Rd. and Dupont St. Reconstruction will include implementing “complete streets” and upgrading lighting to LED.

Environmental Features, Open Space & Parks:

- The ongoing management of 5 public park improvement projects totaling over \$2.6 million in capital improvements
- Completion of 5 public park improvement projects totaling over \$1.3 million in capital improvements
- Creation of community-led 5-year Community Park Improvement Plans for 4 community parks
- Recruitment, training and placement of 49 neighborhood groups as members of the City’s Adopt-a-Park program
- Extended and expanded partnership with Genesee County Parks and Recreation to provide additional public services to 12 City of Flint parks including capital improvements, free family programming, patrols by Park Rangers, event management services, and increased park maintenance

Infrastructure & Community Facilities:

- The approval of 2017 combined Capital Improvement Plan (CIP)
- 50/50 sidewalk repair program creation and implementation
- Expansion of a rain garden on public park space to capture and treat rainwater naturally
- Over \$100 million in critical water infrastructure repairs including, but not limited to: residential water service line replacement, watermain replacement, Flint water plant upgrades, free public water filters for residential and commercial businesses

Economic Development & Education:

- To support its strategic economic development plan, the City, using funding awarded in the Mott Foundation’s Financial Recovery Technical Assistance Grant, contracted with Best Practices Consulting Services. More than a dozen small business participants participated in a small business training program. The program provided an accelerated training platform connecting participants with community support and resources to aid the growth of their individual business interests.
- In line with its economic revitalization strategy, the City used State programs such as the Commercial Rehab Act and the Obsolete Property Rehabilitation Act to

provide incentives to developers. Developers could use these incentives to transform long vacant properties into viable business operations.

- Using both Commercial Rehabilitation Act funding of \$7 million and Michigan Community Revitalization funding of \$2.5 million, Skypoint Ventures completed the rehabilitation of the Ferris Building. The final product was the creation of the Ferris Wheel, an innovation hub and co-work space. The co-workspace allows a new or small entrepreneur the flexibility of a convenient business location outside of the home, as well as access to a conference room and other business amenities without the commitment of a long-term lease. By providing technical assistance, local college students staffing the Ferris Wheel assist residents in taking their ideas from concept to the marketplace. With the guidance of the management staff, each student is given the opportunity at a hands-on approach to innovation, which serves as valuable work experience for the student's entry into the job market.
- Using the Obsolete Property Rehab Act, the Mott Culinary Arts program will be permanently relocated to the heart of downtown Flint. The new space will allow the school to double its teaching staff, expand its curriculum to train more students for careers in the fast growing culinary field, and to relocate the Applewood Café. The project cost is expected to be \$11.9M.
- Investment in Oak Business Center and the renewal of Metro leases/property management
- Continued utilization of the MSHDA-approved housing target market analysis
- Working to obtain designation as a Redevelopment Ready Community. Such a designation demonstrates a city's ability to attract and retain businesses, offer superior customer service and offer a streamlined development approval process making pertinent information available

Public Safety, Health & Welfare:

- Flint Fire Department was awarded the Staffing for Adequate Fire & Emergency Response (SAFER) grant in the amount of \$3,767,280 and \$267,067 for Personal Protection Equipment.
- Land Bank received \$500,000 in match funds for demolition projects in the City of Flint
- Flint police partnering with Factory 2 and the US IGNITE Flint FIBER project to implement smart technology to reduce crime and improve efficiency.
- The Flint Police Foundation was awarded a \$1.08 million grant for its North End Community Crime Strategy program, which will help police utilize real-time data and expand the Blue Badge Volunteer Corps and the Citizens Radio Patrol program

- Partnered with UM-Flint, University Avenue Corridor Coalition, and the United Way on the Urban Safety Corps Program, a program that deploys 10 service members to help eliminate blight and reduce crime along University Avenue and in 4 Flint neighborhoods
- Successful implementation of a regionally combined 911 fire and police dispatch service
- Ongoing, substantial upgrades to City of Flint police cruisers to include web-based reporting systems

Arts & Culture:

- Ongoing partnership with the Flint Public Art Project on the integration of public art within Master Plan subarea locations
- Development of the tag, #ArtsFlint to actively market and brand Flint's unique cultural amenities
- Partnership with UofM-Flint Art & Design students to develop historical and environmental interpretive signage for the Max Brandon Eco-Park project

Although faced with continued challenges and staff limitations, the City continues to actively leverage millions of dollars in funding for planning projects and implementation activities. The City will continue to move forward on the adoption of its draft zoning code and the Choice Neighborhoods planning process.

Housing & Neighborhoods:

- Received technical assistance from TDA, Inc focused on closing out all grants related to Smith Village, improving CED's processes and helping develop and implement streamlined financial processes.
- Partnered with the Genesee County Land Bank (GCLB) on implementation of the Hardest Hit Funds (HHF) demolition program. Since 2014 the GCLB has received over \$65 million in HHF . An estimated 5000 structures will have been torn down by the fall of 2018.

MANAGING THE PROCESS

The Division of Community and Economic Development serves as the lead agency for coordination of the Federal entitlement resources listed in the PY2016 Annual Action Plan. The Division worked closely with all of the organizations and entities involved in the implementation of the community development strategies identified in the Consolidated Plan.

The City of Flint ensures compliance with HUD statutory and regulatory program and planning requirements through its review of all activities proposed to be funded with CDBG and HOME. CED staff members participate in the application review committee, which primarily functions to:

review proposals and to ensure that all meet a National Objective, are eligible program activities, address at least one of the priority areas stated in the current, HUD-approved community Consolidated Plan, and meet any other programmatic guidelines or priorities as identified by City leaders.

Once funded, the Division also ensures compliance by desk monitoring through the review of all reimbursement requests and financial and activity reports submitted by sub-recipients. In addition, the Division provides comprehensive, regular technical assistance, and has a goal of risk-based monitoring of each sub-recipient. The risk score will determine the frequency of the monitoring. Currently, the Department monitors all sub-recipients annually, but with the implementation of the risk-based model this is subject to change.

CITIZEN PARTICIPATION

On Tuesday, November 14, 2017, the City of Flint published a notice in the Flint Journal announcing the availability of the 2016-2017 Consolidated Annual Performance and Evaluation Report. The notice provided the exact date, time and location of the Public Hearing. The 2016 CAPER was available for public review on Tuesday, November 14, 2017. The public comment period began on Tuesday, November 14, 2017 and continued through November 29, 2017. The 2016 CAPER contained the formula grant programs, the total funds available, including program income, the total amount expended during the reporting period, and the geographic distribution and location of expenditures by Census Tract and Block Group.

As advertised in the Flint Journal, the City of Flint held a Public Hearing on Monday, November 27, 2017 regarding the 2016 CAPER.

The public notice documenting notification of the public hearing related to the CAPER is included in an Appendix to this CAPER.

FEDERAL FUNDS AVAILABLE FOR FURTHERING THE OBJECTIVES OF THE CONSOLIDATED PLAN

During Program Year 2016-17 CDBG funds in the amount of \$3,615,454, ESG funds in the amount of \$325,669, and HOME funds in the amount of \$691,589 were made available for use in this program year.

100% of CDBG, HOME, and ESG funds were committed for eligible projects. During the program year, the City expended \$3,835,798 in CDBG funds. The majority of activities were available to residents city-wide, but blight elimination activities were prioritized for low- and moderate-income census tracts.

In order to address the substantial need present in low and moderate income neighborhoods, the geographic priority for low-mod area benefit activities encompasses all eligible low-mod areas. These include the following census tracts: 1 (block group 1), 2, 3, 4, 5 (block groups 3 and 4), 6, 7, 8, 9, 10, 11, 12 (block groups 3 - 5), 13 (block groups 3 and 4), 14, 15, 16 (block group 2), 17, 18, 19, 20, 22, 23, 24 (block group 1 and 2), 25, 26 (block groups 1 - 4), 27, 28, 29, 31 (block group 2), 32 (block groups 1, 2, and 4), 34, 36 (block groups 1-4), 37 (block groups 1-3), 38, 40 (block groups 1-3), and 41.

The priority to improve neighborhoods was addressed through a number of programs using CDBG, and ESG funds citywide. This approach utilized social service programs, emergency housing repairs, demolition of unsafe, blighted structures, improvement to public facilities, advocacy, counseling and shelter assistance, and recreation activities to improve the quality of life in Flint neighborhoods.

CDBG funded public service activities were offered to residents citywide. Several agencies, located in the central business district (census tract 28) provide services to residents throughout the city. These agencies include the YWCA Victim Advocacy program, Genesee County Youth Corporation, Big Brothers Big Sisters, Police Activity League, and Legal Services of Eastern Michigan. Mott Community College executed literacy programs for both youth and adult literacy.

The PY16 allocation of HOME funds were fully utilized for the three projects –a new construction live/work duplex, in support of four units in the Coolidge school redevelopment project, and new construction townhome quad at Sylvan Court.

The City of Flint contracted with the Genesee County Land Bank during PY17 to demolish residential and commercial structures citywide.

Additionally, CDBG funds were utilized by GCCARD to implement a citywide emergency repair program, and by the Genesee County Habitat for Humanity to implement an owner-occupied home repair program in targeted traditional single-family neighborhoods

ESG-funded programs serve clients citywide. Shelter of Flint provides citywide services at its facility in census tract 23. REACH and Genesee County Community Action Resource Department are located in census tract 28. My Brother's Keeper is located in census tract 14.

Maps depicting these target areas are attached in the appendix. Also attached are charts illustrating the racial breakdown of the City, as described below:

The racial majorities in Flint are Black and White. The racial composition of the City of Flint, according to the 2000 census, is as follows:

Black (either alone or in combination with some other race)	– 52.4%
White (either alone or in combination with some other race)	– 41.6%
American Indian and Alaska Native (alone or in combination)	– 2.2%
Asian (alone or in combination)	– 0.7%
Native Hawaiian and other Pacific Islander (alone or in comb.)	– 0.1%

The maps included illustrate the breakdown of racial concentrations by census tract. Out of the 36 low and moderate-income census tracts in Flint, 24 census tracts, or 67%, have a racial concentration of African Americans. These include census tracts 1-15, 17-18, 20, 25, 29, 31-32, 34, and 37. The other 12 census tracts, or 33%, are primarily comprised of White Americans. Depicted pictorially, the northeast and southwest quadrants of the City are areas of white concentration, while the southeast and northwest quadrants of the city are primarily African American.

INSTITUTIONAL STRUCTURE

The City of Flint has identified an institutional structure through which it will carry out its affordable and supportive housing strategy. The structure includes organizations from several backgrounds. These organizations represent private firms, local, non-profit agencies and local and state agencies.

The support of public, private and non-profit organizations continues to be important to the success of City programs. Strategic and timely collaboration was at the heart of the institutional approach to meeting the needs of Flint residents and delivering outcomes during the program year. A partial listing of such organizations is provided below.

Public Institutions

- State of Michigan
- Michigan State Housing Development Authority (MSHDA)
- Economic Development Corporation (EDC)
- City of Flint Departments and agencies within the municipality
- HUD Field Office, Detroit, Michigan
- Flint Housing Commission
- Genesee County
 - Metropolitan Planning Commission
 - Land Bank
 - Department of Human Services
 - Community Mental Health Department

Monitoring

The City of Flint uses monitoring as a tool to evaluate program performance and ensure that statutory and regulatory requirements are being met.

Desk monitoring is one of the tools utilized to identify potential monitoring issues. This process helps ensure that subrecipients are monitored in all important areas of program administration and regulatory compliance at the time of receipt of the payment request. Areas include 1) program performance review (National Objectives, eligible activities, contract objectives, scope of work, contract schedule, contract budget, performance benchmarks); 2) general management practices; 3) financial management practices (accounting system, internal controls); 4) compliance with regulatory guidelines; and 5) record-keeping/reporting practices. In addition, staff monitor activity specific requirements, such as housing rehabilitation, economic development, public facilities and infrastructure, acquisition and disposition, public services, and administration and planning.

All sub-recipients are required to submit monthly financial and activity reports with their payment requests that provide information on the status of the program. These reimbursement requests are reviewed by program staff to ensure compliance with the contractual agreement. Staff review accuracy, budget status and compliance, performance benchmarks, accomplishments, eligibility, and other applicable compliance items as part of the payment review process. Staff also verifies that all required backup documentation, including evidence of procurement and verification of expenses are included. Determinations are made as to whether additional technical assistance or program guidance is required. Follow-up is provided, usually in the form of a telephone call, and documented in writing. In most instances, requests for reimbursement are not processed until all program issues have been resolved satisfactorily.

The City also conducts annual monitoring on-site reviews of its programs. With the implementation of a risk-based monitoring schedule model in the near future, requirements for annual monitoring of sub-recipients may change depending upon assessed risk.

Self Evaluation

In 2016, the strategies, activities and accomplishments described in this report remain consistent with the needs, goals, and objectives stipulated in Flint's 2010-2016 Consolidated Plan. As indicated in the attached IDIS reports, the city made significant progress during Program Year 6 toward achieving the Plan's five-year expenditure and accomplishment goals through the

implementation of programs and the provision of services that address the Plan's high priority needs.

Timeliness

The City of Flint continuously expended CDBG funds at a rate that exceeds 1.5 times the amount (maximum) of the entitlement grant for the current program year. The City's 2016 Timeliness Report indicates a ratio of 1.47, within program guidelines.

After review of all invoices by the City's Community Development (CD) Grant Coordinators, followed by approval of the Program Managers, the Finance Department issues checks to all subrecipients. The City has made great strides in both paying invoices timely (generally within 2 weeks of submission of all appropriate documentation), and drawing down funds (generally within one month of expenditure or expenditure reimbursement). All drawdowns are reconciled at the time the draw is made.

Sub-recipient Monitoring

The City of Flint has developed and is implementing a comprehensive sub-recipient monitoring and technical assistance process. This process is explained at the onset of each contract in a contract review conference with each subrecipient. Depending on the contract start date, monitoring is conducted on an annual basis to determine conformance with the terms of the agreement and compliance with all appropriate entitlement regulations. The City issues a monitoring report within 30 days of completion of monitoring and works together to resolve monitoring findings and provide technical assistance where needed.

The City continued to implement the strategies outlined in 2013 to ensure compliance with federal program regulations, optimize the use of its federal entitlement allocations, and capitalize on the Department's leadership role to create a comprehensive community development delivery system for the City of Flint. During 2016, CED continued to work towards achieving the four strategic objectives outlined by the committee:

1. Reduce blight by strategically investing resources to stabilize Flint's neighborhoods
2. Enhance the quality of life in Flint by improving public safety
3. Increase access to supportive employment opportunities and experiences for Flint's low- and moderate-income young adults, aged 15-24, that includes life skills and education components
4. Develop an effective and efficient housing investment strategy for the City of Flint.

A primary goal in these changes is to move the City's community development programs toward a "best practice model" for implementation of its federal programs.

Lead-based Paint

As of June 2009 the state of Michigan designated six high risk zip codes within the City of Flint for childhood lead poisoning: 48502, 48503, 48504, 48505, 48506 and 48507. The City's homeownership and rehabilitation activities target low to moderate income households.

Through key partnerships across Genesee County, the City continues its commitment to ensuring that all of its federally funded housing programs are in full compliance with the lead-based paint

hazard regulations (24 CFR Part 35). This includes assisting households with the appropriate lead paint inspection, testing, abatement of lead-based hazards, and clearances. Funding during the program year supported lead abatement and mitigation services to help eliminate exposure to lead poisoning.

The federal government prohibited the use of lead-based paint in residential structures in 1978. The City of Flint is on record as home to some of the oldest housing stock in the United States. According to the U.S. Census, 2005-2009, American Community Survey, 91.8 percent of homes were built prior to 1980. Houses built before 1950 pose the greatest hazard of lead exposure to children.

The City of Flint requires that subrecipients implementing housing rehabilitation activities follow federal Lead-Based Paint guidelines. All housing units must be inspected for lead-based paint as a component of the rehab. The inspections must be conducted by a certified lead-based paint inspector. Depending on the level of federal investment, the structure must be abated, or stabilized as necessary, and then receive a clearance inspection.

During PY16 the reorganization of the Department of Planning and Development led to a restructure of CED's housing inspector process. CED partnered with the Division of Building and Safety Inspections to utilize a Building Inspector in its rehab program. A designated BSI inspector monitored and coordinated CDBG and other federally funded rehabilitation projects. He also ensures compliance with local and state building codes. Proper lead-based paint procedures are verified during the inspection process.

HOUSING

Housing Needs

Program Year 6

Affordable housing is a range of both subsidized and non-subsidized housing designed for those whose incomes generally deny them the opportunity to purchase or rent housing on the open market. It is also housing that is safe, appropriate, and accessible where rent or mortgage plus taxes are 30 percent or less of the household's gross annual income. CDBG funding has been used by the City to aid in the maintenance of decent, safe and affordable housing for low to moderate income families.

CDBG funding was awarded for the 2016-17 program year to GCCARD for a City-Wide Emergency Repair Program - \$260,000. Several awards were also made from reprogrammed funds to a number of contractors to implement the NSP1 program and complete the 14 homes initiated under NSP1. During PY16, 4 more homes were sold to qualified buyers. Of the original 14 homes funded with NSP1 funds the totals sold is 7. Realtors are working to enter into purchase agreements to sell the remaining properties.

City-wide Emergency Repair Program

The City of Flint continued its popular emergency repair program to assist eligible residents with repair projects deemed emergencies that threaten the health and safety of residents. \$260,000

in CDBG funding was awarded this program year to the City's non-profit partner Genesee County Community Action Resource Department (GCCARD) for administration of the program on a city-wide basis. With the new allocation, the City was able to increase the overall number of residents assisted through the program. GCCARD markets the program, provides applicant intake to determine eligibility, determines work specifications, bids out the job and oversees the work of contractors who perform the emergency rehab projects. While the project costs per resident cannot exceed \$10,000, many residents reap the benefits of the program with projects such as roof replacements, installation of new hot water heaters, furnaces, structural repair of porch overhangs, plumbing work and other projects deemed as immediate and critical threats to the health, safety and welfare of low-income homeowner/occupants. These threats result from an identified deficiency in the dwelling unit.

Owner Occupied Rehab (OOR) Program

This program is a mainstay of the housing rehab tools offered by the City to address the overall condition of owner occupied dwellings. Using CDBG funds, the City contracted with Genesee County Habitat for Humanity, which was awarded \$230,000 in CDBG funds. For the Habitat rehabs, thresholds were up to \$20,000 per home or \$25,000 if located within an historic district. Homes targeted were mainly owner-occupied and single-family in identified "tipping point" traditional neighborhoods. The principal goal of this program is to assist with the stabilization of the housing stock and to ensure that the income-eligible homeowners can maintain the exterior of their homes along with any interior safety concerns.

Ramps and Accessible Modification Program

While affordable housing for persons with disabilities is always difficult to find, accessible housing for persons in wheelchairs is virtually nonexistent. The majority of disabled persons who desire to return to the community in an independent living setting may find a nursing home is the only option available. To address this problem, CDBG funds were awarded in PY16 to The Disability Network to finance ramps and accessible modification program that allow disabled homeowners to remain in their home.

To expand efforts to maintain affordable housing, the City plans to be more proactive in the area of housing and housing related services in order to help residents remain in their home, locate additional partners that provide rehabilitation services specifically to the elderly and disabled population, build capacity of our CHDO's in the areas of new construction and explore energy efficient products and techniques that will make housing more affordable.

The following chart lists the primary housing activities for program year 2016-17:

Agency or Project Owner	Project Name	# of Units	Funding Amount
Disability Network	Ramp Program	2	\$15,000
GCCARD	Citywide Emergency Repairs	26	\$260,000
Habitat for Humanity	Owner-Occupied Rehabilitation	37	\$200,000

Specific Housing Objectives

Program Year 6 CAPER Managing the Process response:

The 2012-2016 Consolidated Plan, Housing Goals and Objectives focused on the physical state of housing in the city and ways that federal and local resources can be used to address housing issues. Based on input and data received through the planning process, the following goal and objectives were developed.

Housing Goals:

Cultivate a community where property values are protected and enhanced.

Objectives:

1. **Provide rehabilitation assistance**

Improve the quality of low-and moderate-income, owner-occupied and rental housing stock throughout the City to support community stability and neighborhood revitalization efforts by providing rehabilitation assistance.

1. **Expand homeownership opportunities for all households**

Encourage affordable homeownership opportunities for all qualified households by maintaining and expanding existing homeownership opportunities.

2. **Support City-wide emergency repair**

Provide support for owner-occupied emergency repairs for income-qualified owners throughout the City.

Over the course of the 2012-2016 Consolidated Plan, the City of Flint will continue to devote financial resources toward programs that support existing homeowners and promote new opportunities for homeownership. These efforts will include:

- Down payment assistance programs
- Homeownership counseling and home maintenance programs
- Construction of new multi-family housing
- Renovation and rehabilitation of owner-occupied single-family homes in targeted traditional neighborhoods as per the Master Plan and Blight Elimination Framework
- Financing of affordable city-owned single-family homes
- Demolition of substandard single-family homes
- Energy efficiency improvements
- Operation of a Fair Housing Center

In PY2016-17 the Genesee County Community Action Resource Department (GCCARD) operated a citywide emergency repair program in which repairs are made to owner-occupied homes. The program uses staff and general contractors to assist owner-occupant residents with repairs that threaten the health and safety of the family. The 2010-16 Consolidated Plan identifies rehabilitation of substandard homes as a high priority.

The City of Flint continues to address “worst-case” housing needs and housing needs of persons with disabilities through aggressive education, outreach, and testing. The City’s Affirmative

Marketing policy requires the City and its agents to inform applicants, owners and the public about fair housing laws. The policy's objective is to provide information on the availability of rental units to eligible families from all racial, ethnic and gender groups. Components are on-going and include:

- Public awareness of fair housing laws through news releases to the Flint Journal, Genesee County Landlords Association, and a minority-owned newspaper
- The Flint Area Community Housing Resource Board (CHRB) and the Housing Partners of the Greater Flint Area are engaged in a joint effort to focus attention on housing issues in the greater Flint community
 - CHRB meets on a monthly basis in order to gather and distribute useful information concerning fair housing as well as to brainstorm and network with residents and community members to identify strategies to enable residents to better access the information and services available
 - CHRB also sponsors fair housing workshops on an annual basis and partners with organizations like the Genesee County Landlords Association to educate the public regarding fair housing initiatives
- Nonprofit agencies work with the city to make a responsible effort to inform potential tenants and owners about the rules and procedures that relate to rehabilitation
- The Flint Housing Commission is required to inform applicants on its waiting list of the potential vacancies
- The Disability Network provides special education and outreach to disabled individuals and families including home modification assistance

The Flint Housing Commission and nonprofit organizations are required to maintain records on special outreach methods used to meet this objective. The City assesses the effectiveness of the affirmative marketing efforts periodically to ensure that they are effective. Failure to comply with the above rules can restrict the agency or investor from participation in the program.

Public Housing Strategy

Program Year 6 Program Year 6 CAPER Managing the Process response:

The mission of the FHC is to provide the Flint community with quality, affordable housing that is decent, well maintained, and free from drugs and violent crime. The mission is supported by key objectives that include: building livable communities composed of a diverse range of incomes; creating an environment that will nurture and support strong parental roles that demonstrate increased self-sufficiency and lead to economic gains for families.

The FHC has future goals to demolish approximately 72 Scattered Site properties that are in disrepair and updating as many as possible of the remaining Scattered Housing Sites. This will help remove some of the blight in many neighborhoods in the City of Flint.

The FHC is also in the final stages of adopting their Energy Performance Contract. In the past two years, several energy efficient updates have been successfully installed. These include Energy Efficient Windows, Energy Efficient Lighting, Hot Water Heaters and a Green Roof.

The FHC's family complex activities include Computer labs with Internet access; Boys and Girls club activities; Summer Youth workers, Summer Beautification Program; Summer Food Program; Tax Assistance Program; Family Self Sufficiency Program and more.

Activities continuing in FHC's buildings for the elderly/disabled include Exercise Programs, Bingo, Visiting Nurses, Senior Food Box Programs, Health Care Monthly visits, Disability Network Seminars, potlucks, trips and Holiday dinners and programs.

The FHC's objectives are to provide improved living conditions for very low and low income families; provide decent, safe and sanitary housing within a drug free, suitable living environment for residents and their families; avoid concentrations of economically and socially deprived families in any one housing development, provide opportunities for upward mobility for families who desire to achieve self-sufficiency and ensure compliance with Title VI of the Civil Rights Act of 1964 and all other applicable Federal laws and regulations so that the admissions and continued occupancy are conducted without regard to race, color, religion, creed, sex, national origin, handicap or familial status.

The FHC's policies and practices will be designed to provide assurances that all persons with disabilities will be provided reasonable accommodations so that they may fully access and utilize the housing program and related services. A person with a disability may request a reasonable accommodation at any time during the application process, residency in public housing, or participation in the Housing Choice Voucher program.

The FHC is partnered with the City of Flint on a \$500,000 awarded Choice Neighborhoods planning grant, which is a 3-year grant from HUD to engage residents of FHC's Atherton East development and create a community plan that outlines the goals of the residents and how those goals lay the groundwork for a partnership with a developer to do a 1-to-1 replacement of the 192 units. Now that the planning grant is complete, the FHC has retained Norstar as their partner development to start the construction of the new housing.

Barriers to Affordable Housing

Program Year 6 CAPER Managing the Process response:

The City of Flint is committed to allocating funds and resources necessary to reduce barriers to affordable housing. For the City of Flint, barriers to affordable housing are political, regulatory, development and financial. Actions planned by the City to address barriers to affordable housing are listed below:

- Continue to market and promote affordable housing to the community using forums
- Initiate a housing design plan as part of the City's Master Plan process
- Continue partnerships with the Genesee County Land Bank to assemble properties for development
- Continue emphasis on neighborhood preservation of existing affordable housing stock
- Encourage partnerships with non-profit organizations and for-profit builders for affordable housing development projects
- Expand the use of subsidy programs by allocating more federal resources for affordable housing development

- Seek other grant resources to address the need for additional subsidies to help finance the cost of construction
- Continue public improvement projects to reduce the cost to build affordable housing
- Work with lenders and housing counseling organizations in order to address mortgage products that can increase the production of affordable housing and reduce the number of foreclosure actions within the Flint community
- Continue addressing internal systems within City government in the areas of inspections, allocation of adequate financial resources for housing, plan review and zoning processes, and other identified areas that impact the delivery of affordable housing.
- Partner with the Flint Housing Commission on the HUD Choice Neighborhoods planning grant process with the goal of being awarded a Choice Neighborhoods implementation grant to assist with the development of 1-for-1 replacement of Atherton East units.

HOME Investment Partnerships Program

Program Year 6 CAPER Managing the Process response:

1. Assessment of Relationship of HOME Funds to Goals and Objectives

The 2012-2016 Consolidated Plan, Housing Goals and Objectives focused on the physical state of housing in the city and ways that federal and local resources can be used to address housing issues. Based on input and data received through the planning process, the following goal and objectives were developed.

Goal:

Cultivate a community where property values are protected and enhanced.

Objectives:

1. **Provide rehabilitation assistance**
Improve the quality of low-and moderate-income, owner-occupied and rental housing stock throughout the City to support community stability and neighborhood revitalization efforts by providing rehabilitation assistance.
2. **Expand homeownership opportunities for all households**
Encourage affordable homeownership opportunities for all qualified households by maintaining and expanding existing homeownership opportunities.
3. **Support City-wide emergency repair**
Provide support for owner-occupied emergency repairs for income-qualified owners throughout the City.

Over the course of the 2010-2016 Consolidated Plan, the City of Flint will continue to devote financial resources toward programs that support existing homeowners and promote new opportunities for homeownership. These efforts will include:

- Down payment assistance programs
- Homeownership counseling and home maintenance programs
- Construction of new multi-family housing
- Renovation and rehabilitation of owner-occupied single-family homes in targeted traditional neighborhoods as per the Master Plan and Blight Elimination Framework
- Financing of affordable City-owned single-family homes
- Demolition of substandard single-family homes

- Operation of a Fair Housing Center

Because of complexity concerning the use of HOME funds in relation to the CDBG funds, HOME contracts executed with sub-recipient agencies and CHDO's are active for a 24-month period.

2. HOME Match Report

HOME Match Report HUD-40107-A attached in the appendix

Participating Jurisdictions are required to make contributions to housing that qualifies as affordable housing under the HOME Program. During a fiscal year, the contributions must total not less than 25 percent of the HOME funds drawn from the PJ's HOME Investment Trust Fund Treasury account in that fiscal year for project costs, unless the PJ has received a reduction in the match requirement. Eligible forms of matching contribution are listed at 24 CFR 92.220.

In addition to the above information, Section 92.222 of the HOME regulations indicates that HUD may grant a match reduction to PJs, if it finds that local government is in fiscal distress or severe fiscal distress. The match obligation for PJs in fiscal distress and severe fiscal distress may be reduced by 50 and 100 percent respectively, for the fiscal year in which the finding is made and the subsequent fiscal year.

The City's match obligation for the period beginning July 1, 2016 through June 30, 2017 is -0-.

3. HOME MBE and WBE Report

HOME MBE/WBE Report attached in the Appendix

4. Assessments

a) Results of On-Site Inspections of Rental Housing

The City of Flint has and will continue to utilize HOME funds to create affordable rental housing for low to moderate-income families within the city. Since 1992, the city has contributed HOME funds to the following rental housing developments:

At the time of its construction, Avon Park was the first 56-unit family development constructed in the city in over 20 years, providing affordable housing for 17 low-income families. Of the 17 housing units, four were assisted using City of Flint HOME funds. The development was placed in service in February 1995. Annual inspections have been conducted for all four housing units, to ensure that units meet Housing Quality Standards.

Court Street Village West, a 106-unit elderly rental housing development near downtown, provides affordable rental housing for retirees and seniors within the City of Flint. This housing development, offering unique services and amenities, was constructed under MSHDA's 70/30 tax – exempt bond financing program. The city contributed HOME funds for 8 housing units that are being rented to low income individuals. The housing development was placed in service during November 1993. All eight housing units are being maintained in accordance with Housing Quality Standards.

Carriage Town Square, a multi-family rental housing development constructed during 1995 in the Carriage Town area, provides affordable housing to low income residents. Two of the units constructed were financed using Home Investment Partnerships Funds. The housing complex was placed in service during December 1995. Both housing units have annual Housing Quality Standards inspections performed by a certified Housing Quality Standards inspector.

Shiloh Commons is a development of 125 rental housing units. Eleven of these units are HOME-assisted using city HOME funds.

First Street Lofts, located in downtown Flint, is a \$5.3 million dollar conversion of the vacant seven-story Republic Bank office building for residential loft apartments. Four units were made available to persons of low to moderate income.

Berridge Place, in downtown Flint, has 11 HOME assisted units. The City invested \$1,325,000 in HOME funds in this project. All units passed inspection in this program year. There is an ongoing process with HUD for a waiver to add additional HOME funds to the project. Swayze Court, on West Court just outside of downtown, is a 36 unit renovation/new construction project that opened in PY 16 focused on residents at risk of homelessness. 4 units were supported with HOME funds.

b) Affirmative marketing actions

As in prior years, Flint continues to further its commitment to non-discriminatory and equal housing opportunities for low-income families. For HOME-assisted multi-family rental housing developments consisting of five or more units, each site is required to develop and maintain an Affirmative Marketing Plan. This plan entails special outreach efforts that are made to market rental housing units, when units are advertised to be filled. A copy of these plans and updates are maintained by the City. Affirmative marketing performance continues to be monitored throughout the HOME affordability period.

c) Outreach to minority and women owned businesses

All non-profit organizations are sub-contracted with the City, and are required to notify minority and women owned businesses when bids are needed for services. Bids are always solicited in a newspaper of general circulation that encourages minorities and women business owners to apply. The City of Flint has assembled information to begin a "minority" contractor list. Additionally, the Swayze Court Apartments project performed active outreach to minority and women-owned businesses for sub-contracting opportunities with their primary contractor.

Anti-poverty Strategy

The City of Flint acknowledges the need to address poverty throughout the community and will seek to reduce the number of families that are below the poverty line by pursuing the following strategies:

- Provide financial support to organizations offering necessary services, such as food, senior services, and counseling programs
- Continue to provide assistance to extremely low-income households in the improvement of their homes with CDBG funded programs

- Provide homeownership programs to support homeownership and the accumulation of equity
- Lead-based paint abatement to address child lead poisoning
- Fund infrastructure improvements to enhance neighborhoods and increase property values
- Provide financial support to organizations which provide referrals to special needs persons
- Economic development programs aimed at developing job training and employability skills
- Support youth and childcare programs which provide mentoring and role models for children

In program year 2016-17 the City of Flint focused CDBG, HOME, and ESG funds to meet its anti-poverty strategies.

HOMELESS

Homeless Needs

Program Year 6 CAPER Managing the Process response:

The Flint/Genesee Continuum of Care (COC) first created a 10-Year Plan to End Homelessness in 2006 and revised the plan in 2010. The COC is a county-wide collaborative comprised of numerous individuals, agencies and organizations. Metro Community Development serves as the lead agency for the COC and coordinates efforts of the Genesee Homeless Task Force in collecting homeless data, conducting homeless needs assessments, point-in-time counts, and developing community supported strategies to end homelessness in Flint and Genesee County. The following goal and objectives support the initiatives undertaken by the Continuum of Care.

Homeless Goal:

Help to prevent and reduce homeless in the City of Flint

Objectives:

- Develop data collection, measurement and information technology tools to evaluate our progress in ending homelessness in Genesee County
- Expand supply of and ensure access to affordable and safe housing for homeless and/or at-risk individuals, families, children, youth and veterans
- Strengthen and expand efforts to prevent homelessness among individuals, families, children, youth and veterans
- Increase access and utilization of mainstream services and community resources for those who are homeless or at risk of becoming homeless
- Build a public agenda and political will to end homelessness for individuals, families, children, youth and veterans
- Support existing permanent supportive housing opportunities by providing opportunities for homeownership as a step in the Continuum of Care
- Support existing transitional living opportunities and seek to expand these opportunities as funding permits

Specific Homeless Prevention Elements

Program Year 6 CAPER Managing the Process response:

Specific Homeless Prevention Elements

The City of Flint worked cooperatively with area homeless services providers to address needs and take necessary actions to assist homeless persons and families. Continuum of Care agencies provide both transitional and permanent supportive housing services to homeless and at risk persons and families as they work towards independent living.

Three sources of Homelessness Prevention and Rapid Re-Housing funds granted to the City of Flint, Genesee County, and MSHDA assist individuals and families who are at-risk of becoming homeless.

In addition, several agencies in the City of Flint, working through the Continuum of Care were awarded Shelter Plus Care funds and Supportive Housing Program funds for activities to assist the homeless population in Flint and Genesee County.

Emergency Solutions Grants (ESG)

Program Year 6 CAPER Managing the Process response:

1. Actions to address emergency shelter and transitional housing needs of homeless individuals and families

The Flint/Genesee Continuum of Care (COC) is the primary method for addressing emergency shelter and transitional needs of homeless individuals and families in the City of Flint. The COC is a collaborative effort designed to identify existing resources in the community, eliminate duplication, develop seamless housing/homeless related services, insure leveraging of mainstream and private sector resources, and maximize community partnerships. Metro Housing Partnership is the lead agency for the Flint/Genesee Continuum of Care.

To address homelessness in Genesee County, the Flint/Genesee Continuum of Care developed a ten-year Plan, a collaborative effort underway to ameliorate homelessness in the next ten years. The plan defines the scope of the problem using national and local data and research based upon how people are impacted, systemic contributions to homelessness, infrastructure issues, historical response, and lack of coordination and resources. The approach is three fold: to promote community change related to the consciousness and perception of homelessness; to provide safe, secure, accessible and affordable housing to all persons in Genesee County regardless of age, race, gender, sexual preference, disability, or familial status; and to organize a comprehensive and interconnected network of advocacy, no wrong door, and wrap around services aimed at eliminated the cycle of homelessness.

In PY13, the City of Flint initiated a major transition in the way it administered its ESG allocation. The Emergency Solutions Grant Interim Rule dated December 5, 2011, allows a recipient of Emergency Solutions Grant funds to delegate administration of funds to one or more

subrecipients. In this case, the City was trying to optimize the use of its administrative funds to ensure continued compliance with federal program regulations, while lessening transactional responsibilities for DCED's reduced staff.

The City identified Metro Community Development (Metro) as a partner that it could enlist to expand its capacity by sharing administrative responsibilities, specifically those related to management, oversight and monitoring of ESG program participants. Metro Community Development is the regional Continuum of Care (CoC) lead and functions in a very similar role for the State of Michigan's ESG program. Metro also functioned in a similar capacity for the City with the Homeless Prevention and Rapid Rehousing (HPRP) program. In addition, Metro is the Homeless Management and Information System (HMIS) administrator for the CoC, and already provides training and technical assistance to the local CoC partners, thus this relationship with the City provides a natural extension of that role.

The redesign shifts the City out of direct contractual relationship with the nonprofit agencies carrying out ESG-funded activities. The subrecipients now contract directly with Metro, although the City retains authority to decide on overall allocations among activities, and continues to make awards to applicant organizations. The City makes payment directly to Metro, following Metro's invoice review and approval by Metro. The advantages of partnering are as follows:

- Capitalizes on Metro's expertise in this specialized area allowing other stakeholders and community participants to benefit from their knowledge;
- Limited ESG administration resources are maximized by allocating to an organization that already provides similar services for related activities;
- City can strengthen its capacity to provide technical assistance and training to the administrator, and be less encumbered by administrative requirements including contract development, verification of insurance, invoicing and monitoring.

2. Assessment of Relationship of ESG Funds to Goals and Objectives

The City's Strategic Plan supports the Continuum of Care plan through its goal to help prevent and reduce homelessness in the City of Flint. The goal of ending chronic homelessness was approached through the dual approach of affordable housing and supportive services.

The following organizations received 2016-17 ESG funds by category:

Shelter Essential Services – Genesee County Youth Corporation received \$30,000, the YWCA received \$10,000, My Brother's Keeper received \$20,000 and the Shelter of Flint received \$38,000 to provide essential services to youth, families with children, men, victims of domestic violence and sexual assault and veterans.

Emergency Shelter Operations – Genesee County Youth Corporation received \$16,325, Shelter of Flint received \$58,000, the YWCA received \$18,000 and My Brother's Keeper received \$8,000 for operations funding for their shelter populations targeting the populations identified above.

Homelessness Prevention – Legal Services was awarded \$8,000 for Housing and Utility legal assistance, GCCARD was awarded \$75,000.

Data Collection – Metro Community Development was awarded \$19,920 to serve as the HMIS Coordinator and to provide training and technical assistance to all ESG subrecipients.

3. Matching Resources

The City required agencies receiving ESG funding in 2016-17 to provide a one-for-one match. This requirement was met through a number of sources, including other Federal funds, state grants, and in-kind contributions, fundraising and charitable donations.

Sources of match funds include the following: MSHDA, United Way, DHS, Center for Civil Justice, and agency in-kind.

4. State Method of Distribution

Funding was received directly from U.S. Department of HUD.

5. Activity and Beneficiary Data

The activity and beneficiary data for ESG Program Year 2016-17 is attached to this report in the Appendix. In 2006, the Department modified its procedures to begin collecting match verification information with the submission of its monthly direct benefit information. This has allowed staff to confirm that match funds were actually received during the year. This method of collecting information continued in 2016-17 through the City's partnership with Metro Community Development.

Discharge Policy

The City of Flint participates in the Continuum of Care, which identified the challenge of the discharge of persons from publicly funded institutions or systems of care. The most common problem is the release of prisoners from State prisons with mental health and/or substance abuse problems.

Agencies that provide shelter or supportive services for the homeless are charged with assisting this population. To address these concerns the Continuum of Care has made an effort to include representatives from the Department of Corrections and health institutions as participants in the Continuum meetings. The Michigan Prisoner Reentry Program through the Department of Correction has established an office in Flint and works with the Continuum of Care and Local Initiative Support Corporation.

Local homeless service agencies require the completion of a survey for all clients at the time of completion/departure from the program. The Continuum of Care developed discharge policies that are currently being implemented by organizations.

Again for the 2016 ESG PY, applicants were required to provide assurance of a Discharge Coordination Policy in order to be considered eligible for ESG Program funds. The City of Flint has streamlined these procedures into a consistent policy citywide.

COMMUNITY DEVELOPMENT

Community Development

1. Assessment of Relationship of CDBG Funds to Goals and Objectives

The overall community development goal and objectives identified in the 2012-2016 Consolidated Plan are listed below:

Community Development Goal:

Promote neighborhood revitalization and activities to enhance the quality of communities in low and moderate income areas.

Objectives:

1. **Provide funding to repair and improve infrastructure, including sidewalks, streets, curbs, gutters, and approaches to water and sewer systems in three target areas: Smith Village: Hurley/Carriage Town, and Metawanenee Hills**
2. **Provide Decent Affordable Housing**
3. **Provide funding to repair and improve citywide sewer collection and water distribution systems.** Flint has 540 miles of water distribution lines, 570 miles of sanitary lines and 350 miles of storm sewer lines. All systems are old and in need of maintenance and/or replacement.
4. **Promote accessibility for special needs populations.** Support infrastructure rehabilitation to accommodate special needs populations, including easier access to sidewalks, ramps, and other public rights-of way.
5. **Promote neighborhood revitalization.** Provide funding opportunities to encourage and showcase neighborhood revitalization activities that help to stabilize and improve neighborhoods through clean-up, improvement or beautification.
6. **Sponsor activities for youth and seniors.** Implement a comprehensive recreational program for youth and seniors organized and managed through the City of Flint Parks and Recreation.

The following activities were funded in program year 2016 within the objective categories:

Promote neighborhood revitalization

The Genesee County Land Bank was awarded \$684,213 and began demolition of vacant and deteriorated houses and commercial structures.

The City also prioritized code enforcement as an action to stabilize its neighborhoods and address some of the blight issues. The City of Flint, Development Division was awarded \$499,000 for Code Enforcement activities. The City also allocated funding for the purpose of neighborhood cleanups in the amount of \$90,000 and \$100,000 in Neighborhood Enhancement Programs.

Sponsor activities for youth and seniors

Big Brothers Big Sisters received \$60,000 for mentoring services under the My Brother's Keep President's Initiative, the Boys & Girls Club received \$20,000, PAL received \$58,000, and the United Way received \$80,000 for youth recreation activities. To address the need for adult and child literacy, Mott Community College received \$100,000 for a literacy coalition.

100% of CDBG and ESG funds were committed for eligible projects.

2. Changes in Program Objectives

The City of Flint made no changes in program objectives during Program Year 2016-17 as the City's Consolidated Plan priorities are consistent with HUD's program objectives.

3. Assessment of Efforts in Carrying Out Planned Actions

The primary resources indicated in the Consolidated Plan for 2012-2016 were federal entitlement funds in the form of Community Development Block Grant and Emergency Shelter Grant.

In 2016-17, the City applied for, and received Community Development Block Grant funds in the amount of \$3,615,454 Emergency Shelter Grant funds in the amount of \$325,669, and HOME Investment Partnerships funds in the amount of \$691,589. The City received no requests for Certificates of Consistency.

4. Funds Not Used for National Objectives

All CDBG funds expended met the National Objective of benefiting low- and moderate-income persons or areas.

5. Anti-displacement and Relocation

The Department undertook no activities that involved acquisition, rehabilitation or demolition of occupied real property during Program Year 2016.

6. Low/Mod Job Activities

The Department undertook no economic development activities that resulted in jobs that were made available but not taken by low- or moderate-income persons.

7. Low/Mod Limited Clientele Activities

All activities carried out by the Department of Community and Economic Development either verified income to certify that clients were low-mod, or fell within one of the categories of presumed benefit (by the nature of the activity, or the location of the activity).

8. Program income received

There was no CDBG program income reported in 2016-17.

8a Amount of program income reported that was returned to each individual revolving fund, e.g., housing rehabilitation, economic development, or other type of revolving fund.

In the 2016-17 program year no CDBG program income was receipted.

8b. Amount repaid on each float-funded activity.

The City had no float funded activities.

8c Detail all other loan repayments broken down by the categories of housing rehabilitation, economic development, or other.

The City had no loan repayments in the program year.

8d. Amount of program income received from the sale of property by parcel

The Department did not sell any property in the program year.

9. Prior period adjustments

The Department had no disallowed costs during this reporting period

10. Loans and other receivables

The City made no loans in the program year.

10a. Float Funded Activities

The City has no float-funded activities.

10b. List the total number of other loans outstanding and the principal balance owed as of the end of the reporting period.

EDC CDBG RLF

Loan receivables - \$98,275

Available to lend - \$87,524

FAEC CDBG RLF - Bank Balance - available to lend - \$36.831

10c. List separately the total number of outstanding loans that are deferred or forgivable, the principal balance owed as of the end of the reporting period, and the terms of the deferral or forgiveness.

There are no loans deferred.

10d. Detail the total number and amount of loans made with CDBG funds that have gone into default and for which the balance was forgiven or written off during the reporting period.

No loans made with CDBG funds were forgiven or written off during the reporting period.

10e. Provide a List of the parcels of property owned by the grantee or its subrecipients that have been acquired or improved using CDBG funds and that are available for sale as of the end of the reporting period.

None

11. Lump sum agreements

The City had no float-funded activities, nor lump sum agreements.

12. Housing Rehabilitation

The following chart identifies CDBG rehabilitation programs with completed projects/units during the 2016-2017 program year, total CDBG funds involved in the project, and other public/private funds involved in the project:

	Program Name	# Completed units	Total CDBG funds expended	Other public/private investment
The Disability Network	Ramps and Accessibility	1	\$5,025.00	0
GCCARD	Citywide Emergency Housing Repairs	40	\$820,698.00	0
Habitat for Humanity	Owner-Occupied Rehab in targeted neighborhoods	37	\$200,000	0

NON-HOMELESS SPECIAL NEEDS

Non-homeless Special Needs

Program Year 6 CAPER Non-homeless Special Needs response:

Non-homeless Special Needs is a broad category that applies to any population that is presumed to be low-to moderate income and in need of services. The category covers a large population, including the mentally ill, developmentally disabled, elderly, and other groups.

Goal:

Coordinate with non-profit agencies to provide services that address the mentally ill, developmentally disabled, elderly, and other non-homeless special needs populations.

Objectives:

1. Support a variety of decent, affordable rental housing choices for low-income persons with special needs (e.g. mentally ill, physically handicapped, substance abusers, etc.) with or without supportive services.
2. Support programs and facilities that serve to prevent homelessness, such as legal services, food pantries, emergency assistance and mental health and public services.

The City of Flint continues to address the special needs for non-homeless persons who require supportive housing in a number of ways. The Continuum of Care agencies work together with residents of Flint and community partners to help them to access needed services to prevent people from falling through the cracks.

The City of Flint played an integral role in efforts to reach under-served populations by providing funding designed to address special needs. FY2016-17 public service funding was awarded to Boys and Girls Club, Big Brothers/Big Sisters, Flint Police PAL, and United Way for youth recreation and mentoring services, Legal Services of Eastern Michigan for fair housing investigation and enforcement, Valley Area Agency on Aging for senior services programs, Ennis Center for Children for mental health services, and Mott Community College for literacy programs.

Specific HOPWA Objectives

Program Year 6 CAPER Specific HOPWA Objectives response:

Specific HOPWA Objectives

The City of Flint does not receive HOPWA funding.

Annual Performance Report HOME Program

U.S. Department of Housing
and Urban Development
Office of Community Planning
and Development

OMB Approval No. 2506-0171
(exp. 8/31/2009)

Public reporting burden for this collection of information is estimated to average 2.5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless that collection displays a valid OMB control number.

The HOME statute imposes a significant number of data collection and reporting requirements. This includes information on assisted properties, on the owners or tenants of the properties, and on other programmatic areas. The information will be used: 1) to assist HOME participants in managing their programs; 2) to track performance of participants in meeting fund commitment and expenditure deadlines; 3) to permit HUD to determine whether each participant meets the HOME statutory income targeting and affordability requirements; and 4) to permit HUD to determine compliance with other statutory and regulatory program requirements. This data collection is authorized under Title II of the Cranston-Gonzalez National Affordable Housing Act or related authorities. Access to Federal grant funds is contingent on the reporting of certain project-specific data elements. Records of information collected will be maintained by the recipients of the assistance. Information on activities and expenditures of grant funds is public information and is generally available for disclosure. Recipients are responsible for ensuring confidentiality when public disclosure is not required.

This form is intended to collect numeric data to be aggregated nationally as a complement to data collected through the Cash and Management Information (C/MI) System. Participants should enter the reporting period in the first block. The reporting period is October 1 to September 30. Instructions are included for each section if further explanation is needed.

Submit this form on or before December 31.	This report is for period (mm/dd/yyyy)		Date Submitted (mm/dd/yyyy)
Send one copy to the appropriate HUD Field Office and one copy to: HOME Program, Rm 7176, 451 7th Street, S.W., Washington D.C. 20410	Starting 7/1/16	Ending 6/30/17	10/31/17

Part I Participant Identification

1. Participant Number M-12-26-0204	2. Participant Name City of Flint Division of Community and Economic Development		
3. Name of Person completing this report Emily Doerr		4. Phone Number (Include Area Code) 810-766-7426	
5. Address 1101 S Saginaw St.	6. City Flint	7. State MI	8. Zip Code 48502

Part II Program Income

Enter the following program income amounts for the reporting period: in block 1, enter the balance on hand at the beginning; in block 2, enter the amount generated; in block 3, enter the amount expended; and in block 4, enter the amount for Tenant-Based rental Assistance.

1. Balance on hand at Beginning of Reporting Period	2. Amount received during Reporting Period	3. Total amount expended during Reporting Period	4. Amount expended for Tenant-Based Rental Assistance	5. Balance on hand at end of Reporting Period (1 + 2 - 3) = 5

Part III Minority Business Enterprises (MBE) and Women Business Enterprises (WBE)

In the table below, indicate the number and dollar value of contracts for HOME projects completed during the reporting period.

	a. Total	Minority Business Enterprises (MBE)			f. White Non-Hispanic

Total Population in Service Area: 21,632
Census Tract Percent Low / Mod: 68.00

Annual Accomplishments

Years	Accomplishment Narrative	# Benefitting
2010	The City's Development Division did not demolish any residential with this grant in the program year. The funds will be expended next program year.	
2011	THE DEMOLITION DIVISION DEMOLISHED 61 RESIDENTIAL STRUCTURES IN PY11.	
2012	CITY CREWS DID NOT DEMOLISH ANY RESIDENTIAL STRUCTURES WITH THIS GRANT IN PY12.	
2014	The demolition of abandoned and hazardous structures addressed blighted conditions within residential neighborhoods created by abandoned, vacant and open structures. This funding was used to demolish commercial buildings within residential neighborhoods to meet the predetermined standard of immediate danger to person or properties. These structures were located in severely neglected areas with emphasis on target areas within the enterprise zone (Smith Village, Flint Park Lake, 3rd Avenue Corridor, Northeast Village, Safe School Routes and Downtown Development).	
2015	Staff is currently reconciling benefit/accomplishment data and will close activity upon reconciliation.

Annual Accomplishments

Years	Accomplishment Narrative	# Benefitting
2014	Residential demolition assisted the City of Flint in improving blighted or severely neglected buildings. The removal of abandoned or hazardous structures in those areas should generate investment and increase the cities tax revenue. Demolition included predetermined properties that met the standard of immediate danger to person or property and also included properties which may need asbestos abatement and obtained approval for demolition from the Building Code Board of Appeals and were not subject to repair.	
2015	Staff is working to reconcile financials and units demolished. Will close activity upon completion.	
2016	Residential demolition completed by the City of Flint to improve blighted or severely neglected buildings. The removal of abandoned or hazardous structures in those areas helped increase public safety with the hope of generating future investment and increase the city's tax revenue. Predetermined properties that met the standard of immediate danger to person or property through the Standard Motion process from the Building Code Board of Appeals and were not subject to repair were chosen.

2012	Construction is underway; expected completion in 2014.	
2014	Rehabilitation at 3513 Keyes was completed by Urban Builders and Developers. Due to recent vandalism the property needs additional, minimal repairs. Because of this vandalism, the City of Flint contracted JCL Doors to install armor security doors to help prevent further damage to the home until sale. These repairs are expected to be completed by the closing scheduled for September 4, 2015. (Purchase Agreement Pending)

Annual Accomplishments

Years	Accomplishment Narrative	# Benefitting
2012	Contractor awaiting resolution of BSI inspection of driveway and basement wall. In process of preparing change order for necessary repairs based on BSI findingsh. 1/23/14	
2014	Rehabilitation at 610 W Lorado was completed by R.E. Carroll Builders. Per Building and Safety Inspections (BSI) additional foundation work and re-inspection of an exterior wall adjacent to the driveway was necessary to complete rehabilitation work. The additional work and re-inspection was bid out and the successful bidder, Gary Purkey Builders LLC, has been selected. A contract is currently being drafted to perform this work. The re-inspection and all work associated with this property should be completed within the next 60 days. (Purchase Agreement Pending)

Annual Accomplishments

Years	Accomplishment Narrative	# Benefitting
2014	The funding supported the continuation of an existing demolition program at the City of Flint. The funding was focused on the demolition of commercial and residential structures for which funding was rarely allocated. The funding supported all activities necessary to take a commercial structure through the environmental clearance process, to demolition, to record keeping and filing. With this funding, the City intended to demolish approximately 24 commercial and residential structures that are blighting communities and present physical hazards to community members. This project did help to create suitable living environments for nearby residents as well as support the sustainability of these neighborhoods by removing blight and hazards. Removal of blight did increase property values, lessen vandalism, decrease arson, gang and drug activity, and instances of other criminal activity such as vagrancy, prostitution and squatting.	
2015	Pre-demolition and demolition activities were completed for the following 15 commercial and residential demolitions projects (along with all federally required environmental, remediation and abatement services, water cuts, etc.): 1222 Rankin, 2325 Forest Hill, 2310 Delmar, 2334 Humboldt, 2338 Humboldt, 2513 Humboldt, 2610 Forest Hill, 3113 N Saginaw, 2450 W Pasadena, 3601 Alexander, 3306 Flushing, 2523 Clío, 1110 M L King, 211 W Twelfth, 1220 S Grand Traverse.

Years	Accomplishment Narrative	# Benefitting
2013	GCCARD performed intake and spec writing for the City of Flint Emergency Repair (CWE) program. They also managed subcontractors that performed the repairs to one or more of the following areas: roofing, electrical, plumbing and HVAC. They also performed lead testing and risk assessment through a third party agency that certified to perform those types of tests. Currently GCCARD performed intake and managed over 12 CWE repairs (roofing and carpentry) and 2 lead testing and risk assessments.	
2014	GCCARD provided emergency repair services to homes in the City of Flint. Services were provided in geographic areas identified by the City of Flint or City Wide with approval from the City of Flint. Services were provided to income qualified households as defined by the City of Flint. 2014	Legal Services of Eastern Michigan (14-076) provided services to 468 unduplicated clients. Services provided ensured fair and equal housing opportunities for Flint residents, by providing both reactive services, such as responding to housing complaints and proactive services, that helped identify and resolve community problems through testing and enforcement activities. Services were provided at 436 S. Saginaw Street, Ste 101, Flint, MI 48502, although testing was conducted at various locations. Of the 468 clients served, 375 were extremely low 30%, 86 low 50% and 7 moderate income.

2015	Habitat conducted marketing and outreach strategies in the Civic Park neighborhood to get eligible home owners seeking to get rehabilitation work performed on their properties. The target was expanded and now includes Fairfield Village neighborhood. Habitat would perform the intake on home owners seeking assistance and for those that were eligible, Habitat would draft specs of all necessary repairs needed to bring the home up to code according to the City of Flint Building and Safety Inspections department. Habitat for Humanity would also secure a qualified contractor to perform necessary repairs according to the specifications written for each property

2014	The Neighborhood Enhancement Program was meant to support established and emerging citizen-based organizations in the greater Flint area by developing projects that improve neighborhood conditions and/or create safe neighborhood environments. Funds will be used to pay for public facility improvements, streetscape/beautification improvements, or other select projects that aim to improve neighborhood conditions and/or create safe neighborhood environments.	
2015	The Neighborhood Enhancement Program accomplishments will be reported in the 2016 program year. Program design has been completed and staff is currently providing technical assistance to subrecipient.	
2016	During the 16-17 program year, two pavilions were built in targeted low/moderate income census tracts/block groups in the City of Flint. These projects were completed in Dewey Park (CT 8 BG 2) and in the Foss Neighborhood (CT 17 BG 2)

2014	The purpose of the Code Enforcement program is to increase the physical condition and appearance of neighborhoods in the City of Flint through enforcement of local property codes and ordinances. Code Enforcement officers responded to incidents of blight and local ordinance violations. Code Enforcement officers patrolled neighborhoods and responded to property reports with two main objectives: 1. Coordinate with property owners to bring properties into compliance and 2. Identify vacant properties for demolition. The Code Enforcement office is located at 1101 S. Saginaw Street, Flint, MI 48502.	
2015	CODE Enforcement contract 14-064 is providing funding for staff inspectors to do site inspections to determine if blighted property can be corrected or should be demolished.	
2016	Code Enforcement contract 14-064 is providing funding for staff inspectors to do site inspections to determine if blighted property can be corrected or should be demolished. Site inspection addresses, violation information for the 2016 program year were tracked in contract 15-095; activity 2567.

2014	The Genesee County Land Bank used CDBG funding to expand its strategic demolition program to demolish blighted structures on Green Neighborhoods in alignment with the City's Master Plan and Blight Elimination Framework. The demolitions built upon the success of previous and ongoing demolitions completed under the Neighborhood Stabilization Program, Michigan Blight Elimination Grant, and Hardest Hit Fund. The blighted structures that were demolished included a mix of commercial and residential structures. Demolition of blighted properties was identified as a top priority through the Master Planning Process. There were nearly 6,000 properties in need of demolition in the City. Eligible properties included Land Bank owned blighted properties or privately owned blighted that have gone through the City's boards of appeals process and have up-to-date and complete documentation.	
2015	8 commercial and residential demolitions (along with all federally required remediation and abatement services, water cuts, etc.) were completed for the following addresses: 1340 M L King, 1410 M L King, 1801 S. Saginaw, 2450 W. Pasadena, 310 W. Van Wagoner, 314 W. Van Wagoner, 318 W. Van Wagoner, 3511 Alexander	
2016	Three (3) additional residential demolitions were completed for the following addresses during program year 16-17: 1211 Lapeer, 310 W. Van Wagoner, and 3511 Alexander. These addresses were located in the following Low/Mod Census Tracts/Block Groups: Census Tract (8) Block Group (1) and Census tract (29) and Block Group (1).

2014	The Love Your Block Program was meant to support community groups in the City of Flint. The City of Flint fought blight by coordinating resources designated to assist in the removal of trash and other debris left by illegal dumping activities, storm damage, etc. The program was meant to improve neighborhood conditions and/or create safe neighborhood environments. Funds were used to pay for dumpster rentals, community outreach/engagement notices, and/or materials and supplies meant to aid in meeting the above vision.	
2015	The Love Your Block Program was meant to support community groups in the City of Flint. The City of Flint fought blight by coordinating resources designated to assist in the removal of trash and other debris left by illegal dumping activities, storm damage, etc. The program was meant to improve neighborhood conditions and/or create safe neighborhood environments. Funds were used to pay for dumpster rentals, community outreach/engagement notices, and/or materials and supplies meant to aid in meeting the above vision. There were 112 Neighborhood led cleanups in FY 15/16.	
2016	All benefit data for this activity was reported on in the 15/16 program year. Per Roy Lash, 10/17/17, contract closeout and final monitoring is in process. Activity will be closed when final monitoring is complete.

PGM Year: 2014
Project: 0023 - Smith Village Property Acquisition
IDIS Activity: 2534 - 1314 Root Street Acquisition, Smith Village

Status: Canceled 9/15/2016 5:41:58 PM
Location: 1314 Root St Flint, MI 48503-1561

Objective: Create suitable living environments
Outcome: Availability/accessibility
Matrix Code: Acquisition of Real Property (01)

National Objective: LMH

Initial Funding Date: 03/12/2015

Description:

To enhance the development area visually and make the homes more attractive to families seeking to purchase in Smith Village, grading and landscaping of vacant lots and additional demolitions of dilapidated and other structures have been planned.

In accordance with HUD's Uniform Relocation Acquisition rules, this two story cement block building located adjacent to one of the new houses has been targeted for acquisition and subsequent demolition.

The building's owner accepted an offer of \$10,000 to acquire the building.

Once acquired, the address will be added to the list of structures to be demolished under one of the City's current demolition contracts.

EME6902014 was adopted 1815, and authorized the acquisition of the property located at 1314 Root Street.

Funding was approved from FHUD14CDBG, the HUD 13 PY.

2015	The contract for Atherton East Cleanups has yet to be set up; recently assisted in technical assistance related to program design and preliminary contract guidelines. The contract will be set up by December and funds will be drawn and benefit data will be reported in the 16/17 program year.	
2016	Cleanup of Atherton East area was successfully completed the fall of 2016. Cleanup activities included removal of dead trees and debris, stump grinding for mulch (repurposed for walking trail) and the restoration of the riverbank. The purposes of this project was to enhance the lives of the residents of this area by enhancing public safety, engaging the residents and providing more accessible recreational spaces.

2015	This year is the first of the My Brothers Keeper President's Initiative. Big Brothers Big Sisters of Greater Flint continued the identification and enrollment of Flint's boys of color ages 7 to 14 for the My Brothers Keeper initiative. The program supported youth by providing professional case management, mentoring activities, trips to camps and other cultural and recreational events. Of the 37 youth, 14 were matched with caring adult mentors. Used data from PR12

Project: 0004 - Youth Services, FHUD16
IDIS Activity: 2548 - United Way Youth Recreation 15-052

Status: Completed 2/17/2017 12:00:00 AM
Location: Address Suppressed

Objective: Create suitable living environments
Outcome: Availability/accessibility
Matrix Code: Youth Services (05D)

National Objective: LMC

Initial Funding Date: 11/23/2015

Description:

Funds will be provided to the United Way to implement a recreation program for youth in various areas of the City of Flint.
Funds will pay for staff support to coordinate the program activities.
Neighborhood organizations will be provided mini grants (up to \$5000) to provide localized youth recreation activities in their neighborhood.
The United Way will implement all of the project delivery related activities on behalf of the small neighborhood groups.
Approximately 500 youth are expected to participate.
FHUD16CDBG, Action plan adopted 51115 Requisition

2015	There have been many staff changes in the Flint Police Department affecting the PAL program. Recently a new FPD officer was appointed to oversee PAL. CED has provided technical assistance to the Flint Police Department and expects that requests for reimbursement will be submitted soon. Benefit and accomplishment data will be reported in program year 16.	
2016	Flint Police Activities League (P.A.L.) is a youth-based organization which provided structured programming during the year. P.A.L.'s after school program offered homework help, tutoring, mentoring, athletics and a meal. The summer day camp offered field trips, cultural classes, arts and crafts, and athletics with three meals a day.

Years	Accomplishment Narrative	# Benefitting
2015	Police's Southside Choice Neighborhood Safety program has commenced. Technical assistance has been provided relating to benefit data collection and recordation. FPD is currently compiling documentation as well as benefit data reporting. It is expected the activity will be fully expended in the 16/17 program year.	
2016	During the 15/16 program year, a COF police officer was strategically located within the Southside Choice Neighborhood area, and worked to assist the community in the following ways: engaged the community and facilitated youth involvement in a variety of programs including the Flint PAL program and other local initiatives, engaged community members to increase involvement with the neighborhood crime watch program, crime stoppers, blue badge, etc., and worked with other law enforcement personnel to identify and reduce criminal activity. All CDBG-funded activities fell within the police-established service area (CT 34, BG 1&2). All activities were completed during the 15/16 program year, but draws were made in the 16/17 program year. Activity 2599 (contract 16-068) covers activities undertaken during the 16/17 program year. Upon completion of closeout packet/documentation, Roy Lash will close activity (10/17/17).

They also managed subcontractors that performed the repairs to one or more of the following areas: roofing, electrical, plumbing and HVAC. They also performed lead testing and risk assessment through a third party agency that certified to perform those types of tests.	
	Income all input as 'low'- per agency they verified under 80% AMI but did not distinguish between extremely low, low and moderate- advised to do so in future. E-mails to support added to contract 15-055 contract file. Per K. Miller, all built after 1978 for lead reporting.

2015	TDN has built ramps and accessibility features for individuals with disabilities that live within the City of Flint. These features help keep individuals out of nursing facilities, increase their independence and improves the quality of life of persons with disabilities and their families. The ramps are built according to the ADA Standards and the City of Flint building codes. With the \$15,000.00 The Disability Network completed two ramps for elderly, disabled persons.

2015	FNIPP conducted marketing and outreach strategies in the Northwest part of Flint to get eligible home owners seeking to get rehabilitation work performed on their properties. FNIPP would perform the intake on home owners seeking assistance and for those that were eligible, FNIPP would draft specs of all necessary repairs needed to bring the home up to code according to the City of Flint Building and Safety Inspections department.

2015	During program year 15/16, this activity funded wages and fringes associated with a staff member who is responsible for coordinating the City's standard motion process, ordering title searches, and preparing paperwork for a property to be put on the demolition list among other duties. Ultimately, title searches were completed for 261 properties in preparation for demolition, but final billing has not been completed. Draws and benefit data reporting will occur during the 16/17 program year.	
2016	During program year 16/17, this activity funded wages and fringes associated with a staff member which is responsible for coordinating the City's standard motion process, ordering title searches, and preparing paperwork for a property to be put on the demolition list, among other duties. Ultimately, title search files were completed for properties in preparation for demolition, but no searches were ordered due to finance delay as well as staff member leaving at the early part of 2017. Benefit data would be reported on activity 2567.

Matrix Code: Clearance and Demolition (04)

National Objective: LMA

Initial Funding Date: 04/25/2016

Description:

The action plan adopted 51115 authorized 600,000 to be allocated to the GCLB for demolition. Change order #1 allocated an additional 400,000, increasing the contract to 1,000,000. The GCLB will use CDBG funding to expand its strategic demolition program to demolish blighted structures on Green Neighborhoods in alignment with the City's Master Plan and Blight Elimination Framework. The demolitions will build upon the success of previous and ongoing demolitions completed under the NSP, Michigan Blight Elimination Grant and Hardest Hit Fund. The blighted structures to be demolished will include a mix of commercial and residential structures.

2015	During program year 15/16, Neighborhood Enforcement Officers proactively patrol neighborhoods in the City and respond to blight complaints taken within the Blight Division's office. Often, corrections are completed by the homeowner after a written warning/citation is issued. Other times, the City's Blight Coordinator personally resolves complaints with the assistance of volunteers. The City received a total of 4,233 blight complaints, of which 4,060 which were responded to by a Neighborhood Enforcement Officer. 2,278 cases were either resolved or referred to another entity for resolution.	
2016	During program year 16/17, this contract covered expenses encompassing July-September of 2016. Data after this date is reported on activity 2608 (contract 16-064 Code Enforcement). During this time period, Neighborhood Enforcement Officers proactively patrolled neighborhoods in the City and responded to blight complaints taken within the Blight Divisions office. Often, corrections are completed by the homeowner after a written warning/citation is issued. Other times, the City's Blight Coordinator personally resolves complaints with the assistance of volunteers. During this time, the City received a total of 288 blight complaints, of which 173 were resolved or referred to another entity for resolution

2016	During program year 16/17, the Genesee County Land Bank (GCLB) contracted with the Neighborhood Engagement Hub to run the community tool shed program. The community tool shed manages an inventory of tools and equipment that can be checked out to be used by neighborhood groups to complete neighborhood cleanups, or by individual homeowners in low/moderate income areas of the City to help with maintaining/beautifying their yards and right-of-ways that otherwise would not be maintained. During this program year, 351 total check-outs of tools was completed, equipment training sessions were completed for 12 local volunteers, and 5 mobile tool shed deliveries were completed

2016	Flint Police Activities League (P.A.L.) is a youth-based organization which provided structured programming during the year. P.A.L.'s after school program offered homework help, tutoring, mentoring, athletics and a meal. The summer day camp offered field trips, cultural classes, arts and crafts, and athletics with three meals a day.

Status: Open
Location: Address Suppressed

Objective: Create suitable living environments
Outcome: Sustainability
Matrix Code: Public Facilities and Improvement
(General) (03)

National Objective: LMA

Initial Funding Date: 11/16/2016

Description:

15-16 Action Plan 150336.2 approved entering into \$100,000 for the purposes of facility improvements.
A minor amendment reduced the contract to \$75,000 for the purpose of facade improvements. The Planning division will identify commercial facade improvements to be completed following the Imagine Flint master plan guidelines as well as by public planning processes involving residents and stakeholder groups. This was originally allocated as 100K blight elimination pub facilities improvement.
Going to be split into 25K for streetlights and 75K facade improvements (DPD minigrants)

Description:

Funds will be provided to the United Way to implement a recreation program for youth in various areas of the City of Flint.
Funds will pay for staff support to coordinate the program activities.
Neighborhood organizations will be provided mini grants (up to \$5000) to provide localized youth recreation activities in their neighborhood.
The United Way will implement all of the project delivery related activities on behalf of the small neighborhood groups.
Approximately 500 youth are expected to participate.

2016	<p>Ennis Center for Children (ECC) has partnered with the Concerned Pastors of Flint, Michigan to address the mental health needs of their congregations and the communities within the City of Flint. The African-American community experiences mental health conditions at comparable rate to the general public, but for reasons including ease of access within their own communities, receives significantly less treatment. ECC, in corporation with five Flint area African-American churches have committed to provide a minimum of twenty-nine (29) hours of therapy at the churches on a weekly basis.</p> <p>Per CD Grant Coordinator, Ennis Center just recently completed program design and will begin implementing programming (10/17/17) Data reported was reported to Kevin Miller as of August 2017 Payment Request</p>

2016	Habitat conducted marketing and outreach strategies in the Civic Park, Mott Park, Ballenger Highway, New Community/ Ballenger Square, Metawanene Hills, and Fairfield Village neighborhoods to get eligible home owners seeking to get rehabilitation work performed on their properties. Habitat would perform the intake on home owners seeking assistance and for those that were eligible, Habitat would draft specs of all necessary repairs needed to bring the home up to code according to the City of Flint Building and Safety Inspections department. Also, they oversaw bidding the construction work out to qualified contractor to perform necessary repairs according to the specifications written for each property.

2016	TDN has built ramps and accessibility features for individuals with disabilities that live within the City of Flint. These features help keep individuals out of nursing facilities, increase their independence and improves the quality of life of persons with disabilities and their families. The ramps are built according to the ADA Standards and the City of Flint building codes.

Project: 0006 - Facility Improvements, 16-17
IDIS Activity: 2605 - Parks Facilities Improvements, (16-067)

Status: Open
Location: Address Suppressed

Objective: Create suitable living environments
Outcome: Sustainability
Matrix Code: Parks, Recreational Facilities (03F)

National Objective: LMA

Initial Funding Date: 11/22/2016

Description:

The City intends to conduct an assessment and implement a plan to reduce utility costs through energy (utility) efficiency upgrades. Cutting down on carbon footprint and making buildings more sustainable is a key strategy in the master plan. The primary focus is on Berston and Haskell Community centers as these centers are the highest cost and most inefficient community centers. 16-17 Action Plan Resol 160376.1 adopted 9416 and EMA1312015 authorized 35K for parks facility improvements. Combined in 70K contract 16-067

Years	Accomplishment Narrative	# Benefitting
2016	During program year 16/17, Neighborhood Enforcement Officers proactively patrol neighborhoods in the City and respond to blight complaints taken within the Blight Division's office. Often, corrections are completed by the homeowner after a written warning/citation is issued. Other times, the City's Blight Coordinator personally resolves complaints with the assistance of volunteers. The City received a total of 2,544 blight complaints. 2,278 cases were either resolved or referred to another entity for resolution. This contract began October 1, so benefit data is reflective of this 9-month period (10/01/16-06/30/17).

Matrix Code: Interim Assistance (06)

National Objective: LMA

Initial Funding Date: 11/22/2016

Description:

The Department of Planning and Development will provide funding to support established and emerging citizen-based organizations in low- and moderate-income neighborhoods in the City of Flint to develop projects that address pressing issues within their neighborhoods; build alliances with other community institutions; and develop community-based leadership. This grant will fund at least eight (8) projects that will physically change neighborhood environments in alignment with the City of Flint Master Plan. CDBG funding will be used for activities such as: tree maintenance and planting, passive and active vacant lot reuse, rehabilitation of community buildings for neighborhood centers, beautifying streetscapes, installationcreation of public art projects, installing rain gardens or bioswales on vacant lots, converting hardscape areas into pervious surfaces, installing rain barrels to support sustainable water usage, planting milkweed or wildflower gardens on vacant lots to attract pollinators and support the local ecology, and installing community gardens or local food installations

November 14, 2017
CITY OF FLINT
PUBLIC NOTICE

Regarding Program Year 2016 Consolidated Annual Performance and Evaluation Report (CAPER)

In order to meet federal community planning and development requirements under 24 CFR 570, the City is required to report on the use of federal funds and provide interested citizens the opportunity to examine the report and make comments on the use of these funds. The City of Flint Consolidated Annual Performance and Evaluation Report (CAPER) provides expenditure and programmatic information on activities undertaken with Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), and Emergency Solutions Grant (ESG) funds during the period of July 1, 2016 – June 30, 2017.

The City of Flint Program year 2016 CAPER will be available for review beginning Tuesday, November 14, 2017 at the following locations: City of Flint Department of Community and Economic Development, Municipal South Building, 1101 S. Saginaw St., Flint, MI 48502, City of Flint Office of the City Clerk, Genesee County Metropolitan Planning Commission, Flint Housing Commission, and the main branch of the Flint Public Library. The CAPER will also be made available on the City of Flint website at www.cityofflint.com.

The comment period for the CAPER begins November 14, 2017 and ends November 29, 2017. A public hearing regarding the CAPER will be held on Monday, November 27, 2017 at 5:30 p.m. in the City of Flint Council Chambers, 1101 S. Saginaw St., Flint, Michigan. Comments regarding the City's CAPER should be submitted in writing to the Department of Community and Economic Development no later than November 29, 2017.

DCED will furnish reasonable auxiliary aids to disabled or non-English speaking residents upon 48 hours notice prior to the public hearing. Those requesting such services should contact DCED at 810-766-7436.
