# Lead-Based Paint Hazard Control

## Preparing your home for lead abatement

- ✓ Remove all valuables. Take them with you when you relocate.
- ✓ Remove all pets.
- ✓ Clean all pet droppings.
- ✓ Remove vehicles from driveway.
- ✓ In each room where work will occur:
  - Move all furniture and belongings to the center of the room, away from windows.
  - Remove all belongings (clothes, shoes, etc.) from closets.
  - Remove all window treatments, including curtains and blinds.
  - Remove alarm sensors from doors and windows being replaced.
- ✓ If work will be done in the kitchen:
  - Box up dishes, kitchen utensils, silverware, and food.
  - Remove all belongings from cabinets.
- ✓ If work will be done in the bathroom:
  - Remove all belongings from cabinets.

**Important: If your property is not prepared properly, the project may be delayed or canceled.**
